Department of Mines, Industry Regulation and Safety

# Application for new permit or referral to clear native vegetation

This is the form to submit a referral of proposed clearing or apply for a clearing permit under Part V of the *Environmental Protection Act 1986* (EP Act).

Before you submit this form, please check you have completed all the fields for the form type and fully prepared any required supporting documents (including maps etc.). We will return / decline any forms that are not correctly completed.

To find out more about the stages of assessment for clearing permit forms, see the *Procedure: Native vegetation clearing permits*.

# Part 1 – Form type

Select your form type.

| form, and unless           | erms 'application'<br>Iso mean                        | <ul> <li>□ Application for an area permit (s.51E of the EP Act)</li> <li>☑ Application for a purpose permit (s.51E of the EP Act)</li> </ul> |
|----------------------------|---|--|
| Part 2 – Applicant details |   |  |
| 2.1 Applicant name         |   |  |
| For area                   | □ Applying as an individual – complete the following: |  |
| permits:                   | Title   | □ Mr □ Mrs □ Ms □ Other:   |

☐ Referral of proposed clearing (s.51DA of the EP Act)

#### name(s) of (all) landowner(s) Name(s) will be listed as 'permit □ Applying as a body corporate or other entity formed at law – complete the holders' on the following: permit. Name For purpose PCB Asbestos and Demolition Pty Ltd permits: Australian Company Number (ACN) 611 261 762 If granted, the name(s) of (all) applicant(s) ☐ Applying as a government entity (e.g. government department, local will go on the government authority, or other statutory body) permit. Name

# 2.2 Applicant contact details

Provide the contact details for the above (primary contact).

| Title                    |  |
|--------------------------|--|
| First name               |  |
| Last name                |  |
| Position                 |  |
| Company name             |  |
| Contact phone number (1) |  |
| Email address            |  |

# 2.2 Applicant contact postal details

Provide the postal address for the above individual, body corporate or local government authority (primary contact).

# 2.3 Applicant contact – registered business address

If applying as a company, incorporated body, local government authority or public authority, please also supply the registered business office address.

#### 2.4 Electronic correspondence consent

Both the Department of Water and Environmental Regulation (DWER) and Department of Mines, Industry Regulation and Safety (DMIRS) prefer to send all correspondence via email. We request that you consent to receiving all correspondence relating to instruments and notices under Part V of the EP Act via email. Please indicate your consent in this section of the form.

| I consent that all written correspondence between myself (the applicant) and DWER/DMIRS (as applicable) about the subject of this form will be exclusively via email, using the email address provided above. | ⊠ Yes | □ No |
|---|-------|------|
|---|-------|------|

# 2.5 Contact details for enquiries

If different from the applicant's contact details, enter the contact details of a person with whom DWER or DMIRS should liaise with (e.g. a consultant).

| Same as applicant's contact details | □ Yes | ⊠ No |
|-------------------------------------|-------|------|
|-------------------------------------|-------|------|

#### If 'No' – complete the following:

| Contact name                      |  |
|-----------------------------------|--|
| Position (if applicable)          |  |
| Company name (if applicable)      |  |
| Contact phone number (1)          |  |
| Business or postal address line 1 |  |
| Business or postal address line 2 |  |
| Suburb                            |  |
| State                             |  |
| Email address                     |  |

# Part 3 - Land details

- You must accurately describe the location of the land where your clearing is proposed.
- If you have a large number of properties, please provide the relevant details for each property in a separately attached supporting document.

# 3.1 Property details

| I have a large number of properties and have given the relevant details in an attached supporting document. | ☐ Yes – skip to Part 4 | ⊠ No |
|---|------------------------|------|
|---|------------------------|------|

# If 'No' - complete the following:

| Land description  Provide the following details, as applicable, for all properties:  - volume and folio number - lot or location number(s) - crown lease or reserve number - pastoral lease number - mining tenement number | Vacant Crown Land Lot 500 on Deposited Plan 54937 Certificate of Title: LR3151/411      |          |      |
|---|---|----------|------|
| Street address – Line 1   | No street address   |          |      |
| Street address – Line 2   |   |          |      |
| Suburb  | Muchea  |          |      |
| State   | WA  | Postcode | 6501 |
| Local government area(s)  | Shire of Chittering   |          |      |
| Land zoning   | MRS: No zone/reservation  Shire of Chittering Local Planning Scheme No. 6: Water Supply |          |      |

# Part 4 – Relationship to landowner

Tell us which of the following options best describes you as the person completing and submitting this form. If you are filling out this form on behalf of the applicant, answer this question as though you are the applicant.

# Proof of ownership may include:

- a certificate of title (that is less than 6 months old)
- · a pastoral or mining lease
- · public authority that has care, control or management of the land
- · other form of lease, land tenure or specific arrangement.

| Relationship to landowner (select one of the following options)   | Complete the following  |  |
|---|---|--|
| □ I am the landowner  | ☐ Attach proof of ownership   |  |
| ☐ I am lodging a form on behalf<br>of the landowner (e.g. a<br>consultant)  | ☐ Attach proof of ownership   |  |
| ☐ I am acting on the landowner's behalf and will be jointly responsible for the clearing permit (i.e. joint form) | ☐ Attach proof of ownership ☐ Complete and attach an 'Acting on behalf and jointly responsible' letter  |  |
| ☐ I am likely to become the landowner   | ☐ Attach the Certificate of Title ☐ Attach evidence of the pending transfer of ownership and/or contract of sale ('offer and acceptance')   |  |
| ☑ I will undertake the clearing activities with the landowner's authority and will be the permit holder           | <ul> <li>△ Attach proof of ownership</li> <li>△ Complete and attach an 'Authority to access and clear native vegetation' letter (if the applicant is not the landowner)</li> <li>ATTACHMENT 1 – DPLH AUTHORISATION</li> </ul> |  |
| ☐ A person with multiple land parcels   | ☐ Attach proof of ownership ☐ Complete and attach 'Authority to access and clear native vegetation' letter (if the applicant is not the landowner)  |  |

# Part 5 - Proposed clearing

#### 5.1 Maps and/or spatial data

Select which map type(s) you will attach with your form.

Note: We will decline / return forms (as applicable) if you do not provide sufficient information for this question.

☑ An ESRI shapefile with the following properties (preferred)

- Geometry type: polygon shape
- Coordinate system: Geocentric Datum of Australia (GDA) 2020 (geographic latitude / longitude)
- Datum: GDA 2020

☑ An aerial photograph or map with a north arrow, clearly marking the proposed clearing area

#### ATTACHMENT 2 – FIGURE 1, PROJECT AREA

#### Note:

- An ESRI shapefile must use one of the following filename extensions: .shp, .shx, .dbf, and/or .prj
- You must provide an ESRI shapefile if the form requires an assessment under an Environment Protection and Biodiversity Conservation Act 1999 (Cth) (EPBC Act) accredited process. See Part 8 of this form for more information.

#### 5.2 Size

- If you propose to clear a patch(s) of vegetation, enter a hectare value for the total size of the area (mark number of trees as zero).
- If you propose to remove only individual trees from the area(s) (i.e. the shrubs, grasses, groundcover plants will remain intact), provide the number of trees (and mark total area as estimated hectares).
  - Note: If any shrubs, grasses, and/or groundcover plants MAY be damaged in the clearing process, add this to the total area.
- If you propose to clear an area of vegetation within a larger footprint, enter the hectare
  value for the total size of the area to be cleared (mark number of trees as zero) and the
  size of the footprint. For example, 5 hectares of clearing within a 10 hectare footprint.
  This option is only available for purpose permit applications.
- Enter values for BOTH number of trees and the size of the area if you are clearing individual trees in one area AND a patch of vegetation in a different area.
- Please note the following area conversions/calculations:

1 hectare = 10,000 m<sup>2</sup> Area of circle = 3.14 x radius<sup>2</sup>
1 acre = 0.4 hectares / 4,000 m<sup>2</sup> Area of a rectangle = length x width
1 tree = 0.01 hectares / 100 m<sup>2</sup> Area of a triangle = ½ length x perpendicular height

| Total area of clearing proposed (hectares)             | 0.43 ha  |  |
|--|--|--|
| Footprint of clearing (hectares) (purpose permit only) | Project Footprint – 7.71 ha                                  |  |
| Number of individual trees to be removed               | NOTE: Proposed clearing area revised to 0.43 hectares within |  |
|  | a 7.83 hectare footprint during validation                   |  |

Note: Calculate the area of a tree based on the area encompassed by the tree's drip line; that being the outermost circumference of the tree's canopy.

#### 5.3 Purpose

| Provide the reason for proposed clearing (e.g. road construction, grazing and pasture, hazard reduction, horticulture, timber harvesting etc.) | To enable asbestos removal and dumped waste.  Minor clearing of degraded/dead native vegetation around disturbance areas may be required to remove asbestos fragments and potential asbestos in soils.  |
|--|---|
|  | Whilst achieving the project requirements to remove asbestos, removal of vegetation in areas mapped as good quality shall be avoided where practicable.   |
| Specify what the final land use will be after clearing   | The remediated areas will not be used for any new infrastructure and be left to naturally regenerate. Where good quality vegetation has been removed, it will be reinstated with like for like plants from a Nursery Industry Accreditation Scheme Australia (NIASA) accredited supplier.  The broader site will continue to operate as the Muchea Air Weapons Range. |

#### 5.4 Method

|  | Mechanical or manual clearing depending upon site requirements. |
|--|---|
|--|---|

#### 5.5 Timeframe

| Period within which you propose to do the clearing (e.g. 1/7/2022 to 30/8/2024) | Start date: 1 December 2023 (approx.)           |
|---|---|
|   | End date: 30 April 2024 (approx.)               |
|   | Clearing to be completed in dry soil conditions |

Note: The clearing referral process is not suitable for any clearing that is expected to take longer than two years.

#### 5.6 Avoidance and mitigation

Explain how you have, or will, put avoidance and mitigation measures in place to eliminate, reduce, or otherwise mitigate the need for and scale of the proposed clearing of native vegetation. Attach supporting documents to substantiate your explanation.

Your explanation should demonstrate you have planned the project so that the least clearing possible is to be undertaken. The following questions may help you frame your explanation:

· Why did you select this location and amount of clearing?

- What alternatives to clearing e.g. engineering solutions did you consider?
- What changes, if any, did you make to the location or amount of clearing to reduce the impacts of the clearing?

Note: If you do not demonstrate adequate efforts to avoid and mitigate clearing, we will ask you to do so during the validation of this form.

Provide the avoidance and mitigation details

Most of the disturbance areas identified for remediation have already been cleared of native vegetation and contain concrete slabs/asphalt hardstand. However, some asbestos fragments (and potential asbestos within soils) have been spread into surrounding areas of native vegetation.

Most of the native vegetation to be cleared is dead (Attachment 3 - Photos) and comprises an area of 0.43 ha. These areas will need to be selectively cleared to allow for the removal of asbestos. It is anticipated that works will be undertaken in a sensitive manner and will involve emu-picking of asbestos fragments where possible. In some circumstance minor excavation may be required at some locations. This will need to be determined on a case-by-case basis when implementing remedial works.

Indicative extents of remediation areas have been identified on the enclosed figure (Attachment 2). The applicant will establish work areas at each location. The maximum extents of the work areas will be delineated in the field with temporary flags / bunting. If clearing is required, this will be conducted by manual or mechanical methods depending on the circumstances within each remediation area.

Prior to conducting any site works PCB is required to obtain an Environmental Clearance Certificate (ECC) from the Department of Defence. A Construction Environmental Management Plan (CEMP) for the proposed works has been prepared for approval by the Department of Defence as part of the ECC process. The CEMP outlines how environmental risks will be managed and mitigated by PCB for the duration of the works. A copy of the CEMP is included with the application (Attachment 4).

The remediation program will be conducted under dry soil conditions to mitigate the risk of spreading dieback. Included with this application is a copy of the Dieback Management Plan (DMP) (Attachment 5). PCB is committed to complying the management measures contained within the DMP.

Where possible, PCB will avoid clearing native vegetation by using low impact remediation methods (such as raking and emu-picks). However, where asbestos extends into 'Good' quality native vegetation and clearing cannot be avoided, PCB will reinstate vegetation on a like for like basis using plants procured from a NIASA accredited nursery.

### Part 6 - Offset

| Do you want to submit a clearing offset proposal with your form? For more information on environmental offsets, refer to <a href="DWER's website">DWER's website</a> and <a href="Fact Sheet 11: Environmental offsets for native vegetation clearing permits">DWER's website</a> and <a href="Fact Sheet 11: Environmental offsets for native vegetation clearing permits">Fact Sheet 11: Environmental offsets for native vegetation clearing permits</a> . | □ Yes ⊠ No            |  |
|---|-----------------------|--|
| If 'Yes' – please complete and attach Appendix A of the<br><u>Clearing of native vegetation offsets procedure</u> guideline as a<br>supporting document for your form.  | ☐ Appendix A attached |  |

| Part 7 – Surveys for assessments (IBSA and IMSA)  |  |  |  |  |
|---|--|--|--|--|
| Do you want to submit marine or biodiversity surveys in support of your form?   |  |  |  |  |
| 7.1 Biodiversity surveys  |  |  |  |  |
| If you want to submit any biodiversity surveys to support this form Environmental Protection Authority's (EPA) <u>Instructions for the protection of Biodiversity Surveys for Assessments</u> (IBSA). If you requirements, DWER/DMIRS (as applicable) may decline/return yinformation on IBSA, refer to <u>DWER's website</u> .   | do not meet the IBSA   |  |  |  |
| Please provide the IBSA number(s) – or submission number(s) if been issued – in the space provided. Note that a submission numbiodiversity survey has been accepted and is not the same as an are only issued once a survey has been accepted. Once an IBSA notify DWER / DMIRS (as applicable). Please note DWER / DMIR assessment timeframes for your form until you provide the IBSA in the same as an area. | nber is not confirmation that a IBSA number. IBSA numbers number is issued, please RS will suspend the |  |  |  |
| Have you submitted all the biodiversity surveys that support this form to the IBSA portal, via <a href="mailto:ibsasubmissions.dwer.wa.gov.au">ibsasubmissions.dwer.wa.gov.au</a> ?   | <ul><li>☑ Yes</li><li>☐ Not applicable</li></ul>   |  |  |  |
| Provide an IBSA number (preferred) or a submission number(s)  | A2A04CEF   |  |  |  |
| 7.2 Marine surveys  | NOTE: IBSA package<br>number is IBSA-2023-0460   |  |  |  |
| If you want to submit any marine surveys to support this form, you must follow the EPA's<br><u>Instructions for the preparation of data packages for the Index of Marine Surveys for</u><br>Assessments (IMSA). If you do not meet the IMSA requirements, DWER may decline / return   |  |  |  |  |

your form. For more information on IMSA, refer to <u>DWER's website</u>.

# Part 8 - Assessment Bilateral Agreement

The native vegetation clearing processes under Part V of the EP Act have been accredited by the Commonwealth of Australia under the EPBC Act and so can be assessed under an assessment bilateral agreement.

To be assessed this way, the proposed clearing action must have been referred to the Commonwealth under the EPBC Act and deemed a 'controlled action' before you submit this form.

For further information, see <u>DWER's website guidance on the assessment bilateral agreement</u>.

| Is your proposed clearing a cont  | □ Yes   | ⊠ No – skip to Part 9 |  |  |  |  |
|---|---|-----------------------|--|--|--|--|
| If 'Yes' – complete the following:  |   |                       |  |  |  |  |
| Please make sure you have entered all the mandatory details in the <u>Annex C7 form</u>   | ☐ Annex C7 form attached  |                       |  |  |  |  |
| List the controlling provisions identified in the notification of the controlled action decision  |   |                       |  |  |  |  |
| Part 9 – Other approvals  |   |                       |  |  |  |  |
| Which department are you subm   |   |                       |  |  |  |  |
| If the clearing is for mineral and authorised under the <i>Mining Act</i> Petroleum Acts, and/or a State A 'Department of Mines, Industry F | <ul><li>□ Department of Mines, Industry Regulation and Safety</li><li>☑ Department of Water and</li></ul> |                       |  |  |  |  |
| For all other clearing activities, s<br>Water and Environmental Regula  | Environmen  | ital Regulation       |  |  |  |  |

#### 9.1 Environmental impact assessment (Part IV of the EP Act)

Clearing may be referred to the EPA if it is considered to be part of a 'significant proposal', as defined by s.37B(1) of the EP Act, or will likely to be part of a larger development. An example is when the clearing is for a road to a future mine.

Section 37B(1) of the EP Act defines a 'significant proposal' as "a proposal likely, if implemented, to have a significant effect on the environment". If a decision-making authority (e.g. DWER or DMIRS) considers the proposal in this form is likely to constitute a 'significant proposal', under s.38(5) of the EP Act they must refer the proposal to the EPA or for assessment under Part IV, if such a referral has not already been made.

| Has the proposed clearing or any  | Enter detaile:   |  |  |  |
|---|--|--|--|--|
| related matter been referred to   |  |  |  |  |
| the EPA?  | No − complete que  | stion below.                                     |  |  |
| If 'No' – do you intend to refer the proposal to the  | ☐ Yes – intend to refer (proposal is a 'significant proposal') ☐ Yes – intend to refer (proposal will require a s.45C amendment to the |  |  |  |
| EPA?  | current Ministerial Statement)  □ No – a current valid Ministerial Statement applies   |  |  |  |
|   | Enter Ministerial Statement number:  |  |  |  |
|   |  | ant proposal                                     |  |  |
| 9.2 Other approvals – pre-application scoping (DWER forms only)   |  |  |  |  |
| Have you had any pre-application/   | □ Yes  |  |  |  |
| pre-referral/<br>scoping meetings   | Enter details:   |  |  |  |
| with DWER about any planned applications?   |  | tation referral was submitted for this project   |  |  |
| 9.3 Other approvals – works approval, licence or registration (Part V Division 3 of the EP Act)   |  |  |  |  |
| Have you applied for or do you intend to apply for a Part V Division 3 works approval, licence or registration, or the amendment or renewal of any of the above, under the EP Act or Environmental Protection Regulations 1987 (EP Regulations)?  It is an offence to perform any action that would cause a premises to become a prescribed premises of a type listed in Schedule 1 of the EP Regulations, unless that action is done in accordance with a works approval, licence, or registration.  For further guidance, see DWER's Procedure: Prescribed premises works approvals and licences and Guideline: Industry Regulation Guide to Licensing. |  | □ Yes  |  |  |
|   |  | Application reference:                           |  |  |
|   |  | ☐ No – a valid works approval or licence applies |  |  |
|   |  | Works approval or licence number:                |  |  |
|   |  | □ No – a valid registration applies              |  |  |
|   |  | Registration number:                             |  |  |
|   |  | No − not required                                |  |  |
