

Department of Water and Environmental Regulation
Department of Mines, Industry Regulation and Safety

# Application for new permit or referral to clear native vegetation

This is the form to submit a referral of proposed clearing or apply for a clearing permit under Part V of the *Environmental Protection Act 1986* (EP Act).

Before you submit this form, please check you have completed all the fields for the form type and fully prepared any required supporting documents (including maps etc.). We will return / decline any forms that are not correctly completed.

To find out more about the stages of assessment for clearing permit forms, see the *Procedure: Native vegetation clearing permits*.

# Part 1 – Form type

Select your <u>form type</u> .	☐ Referral of proposed clearing (s.51DA of the EP Act)
NOTE: Where appropriate in this form, and unless stated otherwise, the terms 'application' and 'applicant' also mean 'referral' and 'referrer' respectively.	<ul> <li>☑ Application for an area permit (s.51E of the EP Act)</li> <li>☐ Application for a purpose permit (s.51E of the EP Act)</li> </ul>

## Part 2 – Applicant details

#### 2.1 Applicant name

For area permits:	□ Applying as an individual – complete the following:			
If granted, the name(s) of (all)	Title	□ Mr □ Mrs □ Ms □ Other:		
landowner(s) will be listed as	Name(s)			
'permit holders' on the permit.	☐ Applying as a following:	body corporate or other entity formed at law – complete the		
For purpose permits:	Name			
If granted, the name(s) of (all)	Australian Company Number (ACN)			
applicant(s) will go on the permit.	□ Applying as a government entity (e.g. government department, local government authority, or other statutory body)			
pormit.	Name	Regional Power Corporation, trading as Horizon Power		

## 2.2 Applicant contact details

Provide the contact details for the above (primary contact).

Title	
First name	
Last name	
Position	
Company name	
Contact phone number (1)	
Email address	

## 2.2 Applicant contact postal details

Provide the postal address for the above individual, body corporate or local government authority (primary contact).

Address line 1	
Address line 2	
Suburb	
State	

## 2.3 Applicant contact – registered business address

If applying as a company, incorporated body, local government authority or public authority, please also supply the registered business office address.

Address line 1	
Address line 2	
Suburb	
State	
Contact phone number (1)	

## 2.4 Electronic correspondence consent

Both the Department of Water and Environmental Regulation (DWER) and Department of Mines, Industry Regulation and Safety (DMIRS) prefer to send all correspondence via email. We request that you consent to receiving all correspondence relating to instruments and notices under Part V of the EP Act via email. Please indicate your consent in this section of the form.

I consent that all written correspondence between myself (the applicant) and DWER/DMIRS (as applicable) about the subject of this form will be exclusively via email, using the email address provided above.				⊠ Yes	□ No
2.5 Contact details for enquiried of the second of the sec	act details, enter the con	tact deta	ils of a person	with whor	m
Same as applicant's contact details   ⊠ Yes □ N					□ No
If 'No' – complete the following:					
Contact name					
Position (if applicable)					
Company name (if applicable)					
Contact phone number (1)		Phone i	number (2)		
Business or postal address line 1					
Business or postal address line 2					
Suburb					
State			Postcode		
Email address					

# Part 3 – Land details

- You must accurately describe the location of the land where your clearing is proposed.
- If you have a large number of properties, please provide the relevant details for each property in a separately attached supporting document.

## 3.1 Property details

I have a large number of properties and have given the relevant details in an attached supporting document.	☐ Yes – skip to Part 4 ⊠ No
---	-----------------------------

## If 'No' – complete the following:

The semplete the fellowing.			
Land description  Provide the following details, as applicable, for all properties:  - volume and folio number - lot or location number(s) - crown lease or reserve number - pastoral lease number - mining tenement number	Reserve 51948 being Lot 555 on DP 74894 in LR3163/982		
Street address – Line 1			
Street address – Line 2			
Suburb			
State	WA	Postcode	
Local government area(s)	Town of Onslow		
Land zoning	See Section 2.1 of supporting documentation.  The DE is located within reserve 51948 being Lot 555 o DP 74894 in LR3163/982 with a management order to Horizon Power for the purpose of electricity generation and supply		.948 being Lot 555 on anagement order to

## Part 4 – Relationship to landowner

Tell us which of the following options best describes you as the person completing and submitting this form. If you are filling out this form on behalf of the applicant, answer this question as though you are the applicant.

### Proof of ownership may include:

- a certificate of title (that is less than 6 months old)
- a pastoral or mining lease
- · public authority that has care, control or management of the land
- other form of lease, land tenure or specific arrangement.

Relationship to landowner (select one of the following options)	Complete the following
□ I am the landowner	☐ Attach proof of ownership
☐ I am lodging a form on behalf of the landowner (e.g. a consultant)	☐ Attach proof of ownership
☐ I am acting on the landowner's behalf and will be jointly responsible for the clearing permit (i.e. joint form)	☐ Attach proof of ownership ☐ Complete and attach an 'Acting on behalf and jointly responsible' letter
☐ I am likely to become the landowner	☐ Attach the Certificate of Title ☐ Attach evidence of the pending transfer of ownership and/or contract of sale ('offer and acceptance')
☐ I will undertake the clearing activities with the landowner's authority and will be the permit holder	☐ Attach proof of ownership ☐ Complete and attach an 'Authority to access and clear native vegetation' letter (if the applicant is not the landowner)
☐ A person with multiple land parcels	☐ Attach proof of ownership ☐ Complete and attach 'Authority to access and clear native vegetation' letter (if the applicant is not the landowner)
and supply at the site. Therefore, H management order under the <i>Land</i>	order for reserve 51948 for the purpose of electricity generation lorizon Power has access to the site as it is subject to a Administration Act 1997 in favour of Horizon Power (Regional

Power Corporation) with the power to lease for any term subject to the approval of the Minister for Lands being first obtained to each and every lease over the land.

## Part 5 – Proposed clearing

#### 5.1 Maps and/or spatial data

Select which map type(s) you will attach with your form.

Note: We will decline / return forms (as applicable) if you do not provide sufficient information for this question.

- Geometry type: polygon shape
- Coordinate system: Geocentric Datum of Australia (GDA) 2020 (geographic latitude / longitude)
- Datum: GDA 2020

An aerial photograph or map with a north arrow, clearly marking the proposed clearing area

#### Note:

- An ESRI shapefile must use one of the following filename extensions: .shp, .shx, .dbf, and/or .prj
- You must provide an ESRI shapefile if the form requires an assessment under an Environment Protection and Biodiversity Conservation Act 1999 (Cth) (EPBC Act) accredited process. See Part 8 of this form for more information.

#### 5.2 Size

- If you propose to clear a patch(s) of vegetation, enter a hectare value for the total size of the area (mark number of trees as zero).
- If you propose to remove only individual trees from the area(s) (i.e. the shrubs, grasses, groundcover plants will remain intact), provide the number of trees (and mark total area as estimated hectares).
  - Note: If any shrubs, grasses, and/or groundcover plants MAY be damaged in the clearing process, add this to the total area.
- If you propose to clear an area of vegetation within a larger footprint, enter the hectare
  value for the total size of the area to be cleared (mark number of trees as zero) and the
  size of the footprint. For example, 5 hectares of clearing within a 10 hectare footprint.
  This option is only available for purpose permit applications.
- Enter values for BOTH number of trees and the size of the area if you are clearing individual trees in one area AND a patch of vegetation in a different area.
- Please note the following area conversions/calculations:

1 hectare =  $10,000 \text{ m}^2$  Area of circle =  $3.14 \text{ x radius}^2$ 1 acre = 0.4 hectares /  $4,000 \text{ m}^2$  Area of a rectangle = length x width 1 tree = 0.01 hectares /  $100 \text{ m}^2$  Area of a triangle =  $\frac{1}{2}$  length x perpendicular height

Total area of clearing proposed (hectares)	8.8 ha
Footprint of clearing (hectares) (purpose permit only)	
Number of individual trees to be removed	NA

Note: Calculate the area of a tree based on the area encompassed by the tree's drip line; that being the outermost circumference of the tree's canopy.

#### 5.3 Purpose

Provide the reason for proposed clearing (e.g. road construction, grazing and pasture, hazard reduction, horticulture, timber harvesting etc.)	The current Onslow solar site requires a capacity expansion due to load growth. Therefore, Horizon Power is proposing expansion options for the existing hybrid power station site project near the town of Onslow, WA (the Project). The project is proposed to facilitate additional renewable infrastructure and augmentation of existing thermal generation facilities to meet demand.
Specify what the final land use will be after clearing	Renewable infrastructure, thermal generation and associated infrastructure

#### 5.4 Method

Proposed method of clearing (i.e. burning, cutting, draining, flooding, grazing,	Mechanical clearing.
mechanical clearing/bulldozing or other – specify)	The proposed clearing of vegetation will be permanent and maintained to allow for safe and effective operation and maintenance of the assets.

#### 5.5 Timeframe

Period within which you propose to do the clearing (e.g. 1/7/2022 to 30/8/2024)	Earliest Start date: 2024 End date: 2029
	Horizon Power requires a 5 year clearing permit for these works, to allow time to source renewables technology and a suitable contractor in a constrained market.

Note: The clearing referral process is not suitable for any clearing that is expected to take longer than two years.

#### 5.6 Avoidance and mitigation

Explain how you have, or will, put avoidance and mitigation measures in place to eliminate, reduce, or otherwise mitigate the need for and scale of the proposed clearing of native vegetation.

Attach supporting documents to substantiate your explanation.

Your explanation should demonstrate you have planned the project so that the least clearing possible is to be undertaken. The following questions may help you frame your explanation:

- Why did you select this location and amount of clearing?
- What alternatives to clearing e.g. engineering solutions did you consider?
- What changes, if any, did you make to the location or amount of clearing to reduce the impacts of the clearing?

Note: If you do not demonstrate adequate efforts to avoid and mitigate clearing, we will ask you to do so during the validation of this form.

Provide the avoidance and mitigation details	Detailed in Section 6 of the attached supporting document
--	---

#### Part 6 – Offset

Do you want to submit a clearing offset proposal with your form? For more information on environmental offsets, refer to <a href="DWER's website">DWER's website</a> and <a href="Fact Sheet 11: Environmental offsets for native vegetation clearing permits">DWER's website</a> and <a href="Fact Sheet 11: Environmental offsets for native vegetation clearing permits">Fact Sheet 11: Environmental offsets for native vegetation clearing permits</a> .	□ Yes ⊠ No
If 'Yes' – please complete and attach Appendix A of the <u>Clearing of native vegetation offsets procedure</u> guideline as a supporting document for your form.	☐ Appendix A attached

## Part 7 – Surveys for assessments (IBSA and IMSA)

Do you want to submit marine or biodiversity surveys in support of your form?	
---	--

#### 7.1 Biodiversity surveys

If you want to submit any biodiversity surveys to support this form, you must follow the Environmental Protection Authority's (EPA) *Instructions for the preparation of data packages for the Index of Biodiversity Surveys for Assessments* (IBSA). If you do not meet the IBSA requirements, DWER/DMIRS (as applicable) may decline/return your form. For further information on IBSA, refer to <a href="DWER's website">DWER's website</a>.

Please provide the IBSA number(s) – or submission number(s) if the IBSA number has not yet been issued – in the space provided. Note that a submission number is not confirmation that a biodiversity survey has been accepted and is not the same as an IBSA number. IBSA numbers are only issued once a survey has been accepted. Once an IBSA number is issued, please notify DWER / DMIRS (as applicable). Please note DWER / DMIRS will suspend the assessment timeframes for your form until you provide the IBSA number(s).

Have you submitted all the biodiversity surveys that support this form to the IBSA portal, via <u>ibsasubmissions.dwer.wa.gov.au</u> ?	<ul><li>✓ Yes</li><li>☐ Not applicable</li></ul>
Provide an IBSA number (preferred) or a submission number(s)	IBSA number: IBSA-2023-0435 IBSA number: IBSA-2023-0434

#### 7.2 Marine surveys

If you want to submit any marine surveys to support this form, you must follow the EPA's <a href="Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments">Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments</a> (IMSA). If you do not meet the IMSA requirements, DWER may decline / return your form. For more information on IMSA, refer to DWER's website.

Have you prepared all the marine surveys that support this form in accordance with the EPA's <i>Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments?</i>	□ Yes  ⊠ Not applicable
--	-------------------------

## Part 8 – Assessment Bilateral Agreement

The native vegetation clearing processes under Part V of the EP Act have been accredited by the Commonwealth of Australia under the EPBC Act and so can be assessed under an assessment bilateral agreement.

To be assessed this way, the proposed clearing action must have been referred to the Commonwealth under the EPBC Act and deemed a 'controlled action' before you submit this form.

For further information, see <u>DWER's website guidance on the assessment bilateral agreementhttps://www.der.wa.gov.au/our-work/clearing-permits/189-assessment-bilateral-agreement</u>.

Is your proposed clearing a cont	trolled action?	□ Yes	⊠ No – skip to Part 9
If 'Yes' – complete the following:			
Please make sure you have entered all the mandatory details in the <u>Annex C7 form</u>	☐ Annex C7 form attached		
List the controlling provisions identified in the notification of the controlled action decision			

# Part 9 – Other approvals

Which department are you submitting this form to?  If the clearing is for mineral and petroleum activities authorised under the <i>Mining Act 1978</i> , the various Petroleum Acts, and/or a State Agreement Act, select 'Department of Mines, Industry Regulation and Safety'.  For all other clearing activities, select 'Department of Department of Water and Environmental Regulation		
authorised under the <i>Mining Act 1978</i> , the various Petroleum Acts, and/or a State Agreement Act, select 'Department of Mines, Industry Regulation and Safety'.  Regulation and Safety	Which department are you submitting this form to?	
Water and Environmental Regulation'.	authorised under the <i>Mining Act</i> 1978, the various Petroleum Acts, and/or a State Agreement Act, select 'Department of Mines, Industry Regulation and Safety'.  For all other clearing activities, select 'Department of	Regulation and Safety  ☑ Department of Water and

#### 9.1 Environmental impact assessment (Part IV of the EP Act)

Clearing may be referred to the EPA if it is considered to be part of a 'significant proposal', as defined by s.37B(1) of the EP Act, or will likely to be part of a larger development. An example is when the clearing is for a road to a future mine.

Section 37B(1) of the EP Act defines a 'significant proposal' as "a proposal likely, if implemented, to have a significant effect on the environment". If a decision-making authority (e.g. DWER or DMIRS) considers the proposal in this form is likely to constitute a 'significant proposal', under s.38(5) of the EP Act they must refer the proposal to the EPA or for assessment under Part IV, if such a referral has not already been made.
