

Department of Water and Environmental Regulation
Department of Mines, Industry Regulation and Safety

Application for new permit or referral to clear native vegetation

This is the form to submit a referral of proposed clearing or apply for a clearing permit under Part V of the *Environmental Protection Act 1986* (EP Act).

Before you submit this form, please check you have completed all the fields for the form type and fully prepared any required supporting documents (including maps etc.). We will return / decline any forms that are not correctly completed.

To find out more about the stages of assessment for clearing permit forms, see the [Procedure: Native vegetation clearing permits](#).

Part 1 – Form type

<p>Select your form type.</p> <p>NOTE: Where appropriate in this form, and unless stated otherwise, the terms 'application' and 'applicant' also mean 'referral' and 'referrer' respectively.</p>	<p><input type="checkbox"/> Referral of proposed clearing (s.51DA of the EP Act)</p> <p><input checked="" type="checkbox"/> Application for an area permit (s.51E of the EP Act)</p> <p><input type="checkbox"/> Application for a purpose permit (s.51E of the EP Act)</p>
---	---

Part 2 – Applicant details

2.1 Applicant name

<p>For area permits:</p> <p>If granted, the name(s) of (all) landowner(s) will be listed as 'permit holders' on the permit.</p>	<input type="checkbox"/> Applying as an individual – complete the following:	
	Title	<input type="checkbox"/> Mr <input type="checkbox"/> Mrs <input type="checkbox"/> Ms <input type="checkbox"/> Other:
Name(s)		
<p>For purpose permits:</p> <p>If granted, the name(s) of (all) applicant(s) will go on the permit.</p>	<input type="checkbox"/> Applying as a body corporate or other entity formed at law – complete the following:	
	Name	
	Australian Company Number (ACN)	
<input type="checkbox"/> Applying as a government entity (e.g. government department, local government authority, or other statutory body)		
Name	Shire of York	

2.2 Applicant contact details

Provide the contact details for the above (primary contact).

Title	
First name	
Last name	
Position	
Company name	
Contact phone number (1)	
Email address	

2.2 Applicant contact postal details

Provide the postal address for the above individual, body corporate or local government authority (primary contact).

Address line 1	
Address line 2	
Suburb	
State	

2.3 Applicant contact – registered business address

If applying as a company, incorporated body, local government authority or public authority, please also supply the registered business office address.

Address line 1	
Address line 2	
Suburb	
State	
Contact phone number (1)	

2.4 Electronic correspondence consent

Both the Department of Water and Environmental Regulation (DWER) and Department of Mines, Industry Regulation and Safety (DMIRS) prefer to send all correspondence via email. We request that you consent to receiving all correspondence relating to instruments and notices under Part V of the EP Act via email. Please indicate your consent in this section of the form.

I consent that all written correspondence between myself (the applicant) and DWER/DMIRS (as applicable) about the subject of this form will be exclusively via email, using the email address provided above.	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
---	---

2.5 Contact details for enquiries

If different from the applicant's contact details, enter the contact details of a person with whom DWER or DMIRS should liaise with (e.g. a consultant).

Same as applicant's contact details	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
-------------------------------------	---

If 'No' – complete the following:

Contact name			
Position (if applicable)			
Company name (if applicable)			
Contact phone number (1)		Phone number (2)	
Business or postal address line 1			
Business or postal address line 2			
Suburb			
State		Postcode	
Email address			

Part 3 – Land details

- You must accurately describe the location of the land where your clearing is proposed.
- If you have a large number of properties, please provide the relevant details for each property in a separately attached supporting document.

3.1 Property details

I have a large number of properties and have given the relevant details in an attached supporting document.	<input type="checkbox"/> Yes – skip to Part 4 <input type="checkbox"/> No
---	---

If 'No' – complete the following:

<u>Land description</u> Provide the following details, as applicable, for all properties: <ul style="list-style-type: none"> – volume and folio number – lot or location number(s) – crown lease or reserve number – pastoral lease number – mining tenement number 	Road reserve – Spencer's Brook Road, York Land ID Number 3390836 (Landgate)		
Street address – Line 1	Spencer's Brook Road		
Street address – Line 2			
Suburb	York		
State	WA	Postcode	6302
Local government area(s)	Shire of York		
Land zoning	Road Reserve		

Part 4 – Relationship to landowner

Tell us which of the following options best describes you as the person completing and submitting this form. If you are filling out this form on behalf of the applicant, answer this question as though you are the applicant.

Proof of ownership may include:

- a certificate of title (that is less than 6 months old)
- a pastoral or mining lease
- public authority that has care, control or management of the land
- other form of lease, land tenure or specific arrangement.

Relationship to landowner (select one of the following options)	Complete the following
<input checked="" type="checkbox"/> I am the landowner	<input type="checkbox"/> Attach proof of ownership
<input type="checkbox"/> I am lodging a form on behalf of the landowner (e.g. a consultant)	<input type="checkbox"/> Attach proof of ownership
<input type="checkbox"/> I am acting on the landowner's behalf and will be jointly responsible for the clearing permit (i.e. joint form)	<input type="checkbox"/> Attach proof of ownership <input type="checkbox"/> Complete and attach an 'Acting on behalf and jointly responsible' letter
<input type="checkbox"/> I am likely to become the landowner	<input type="checkbox"/> Attach the Certificate of Title <input type="checkbox"/> Attach evidence of the pending transfer of ownership and/or contract of sale ('offer and acceptance')
<input type="checkbox"/> I will undertake the clearing activities with the landowner's authority and will be the permit holder	<input type="checkbox"/> Attach proof of ownership <input type="checkbox"/> Complete and attach an 'Authority to access and clear native vegetation' letter (if the applicant is not the landowner)
<input type="checkbox"/> A person with multiple land parcels	<input type="checkbox"/> Attach proof of ownership <input type="checkbox"/> Complete and attach 'Authority to access and clear native vegetation' letter (if the applicant is not the landowner)

Part 5 – Proposed clearing

5.1 Maps and/or spatial data

<p>Select which map type(s) you will attach with your form.</p> <p>Note: We will decline / return forms (as applicable) if you do not provide sufficient information for this question.</p>	<p><input checked="" type="checkbox"/> An ESRI shapefile with the following properties (<i>preferred</i>)</p> <ul style="list-style-type: none"> • Geometry type: polygon shape • Coordinate system: Geocentric Datum of Australia (GDA) 2020 (geographic latitude / longitude) • Datum: GDA 2020 <p><input checked="" type="checkbox"/> An aerial photograph or map with a north arrow, clearly marking the proposed clearing area</p> <p>Note:</p> <ul style="list-style-type: none"> • An ESRI shapefile must use one of the following filename extensions: .shp, .shx, .dbf, and/or .prj • You must provide an ESRI shapefile if the form requires an assessment under an <i>Environment Protection and Biodiversity Conservation Act 1999</i> (Cth) (EPBC Act) accredited process. See Part 8 of this form for more information.
---	--

5.2 Size

- If you propose to clear a patch(s) of vegetation, enter a hectare value for the total size of the area (mark number of trees as zero).
- If you propose to remove only individual trees from the area(s) (i.e. the shrubs, grasses, groundcover plants will remain intact), provide the number of trees (and mark total area as estimated hectares).
Note: If any shrubs, grasses, and/or groundcover plants MAY be damaged in the clearing process, add this to the total area.
- If you propose to clear an area of vegetation within a larger footprint, enter the hectare value for the total size of the area to be cleared (mark number of trees as zero) and the size of the footprint. For example, 5 hectares of clearing within a 10 hectare footprint. This option is only available for **purpose permit** applications.
- Enter values for BOTH number of trees and the size of the area if you are clearing individual trees in one area AND a patch of vegetation in a different area.
- Please note the following area conversions/calculations:

1 hectare = 10,000 m ²	Area of circle = 3.14 x radius ²
1 acre = 0.4 hectares / 4,000 m ²	Area of a rectangle = length x width
1 tree = 0.01 hectares / 100 m ²	Area of a triangle = ½ length x perpendicular height

Total area of clearing proposed (hectares)	Estimated 0.02ha
Footprint of clearing (hectares) (purpose permit only)	
Number of individual trees to be removed	2

Note: Calculate the area of a tree based on the area encompassed by the tree's drip line; that being the outermost circumference of the tree's canopy.

5.3 Purpose

Provide the reason for proposed clearing (e.g. road construction, grazing and pasture, hazard reduction, horticulture, timber harvesting etc.)	Road widening
Specify what the final land use will be after clearing	Road

5.4 Method

Proposed method of clearing (i.e. burning, cutting, draining, flooding, grazing, mechanical clearing/bulldozing or other – specify)	Mechanical removal
---	--------------------

5.5 Timeframe

Period within which you propose to do the clearing (e.g. 1/7/2022 to 30/8/2024)	Start date: 15/04/2024 End date: 30/06/2024
---	--

Note: The clearing referral process is not suitable for any clearing that is expected to take longer than two years.

5.6 Avoidance and mitigation

Explain how you have, or will, put avoidance and mitigation measures in place to eliminate, reduce, or otherwise mitigate the need for and scale of the proposed clearing of native vegetation.

Attach supporting documents to substantiate your explanation.

Your explanation should demonstrate you have planned the project so that the least clearing possible is to be undertaken. The following questions may help you frame your explanation:

- Why did you select this location and amount of clearing?
- What alternatives to clearing – e.g. engineering solutions – did you consider?
- What changes, if any, did you make to the location or amount of clearing to reduce the impacts of the clearing?

Note: If you do not demonstrate adequate efforts to avoid and mitigate clearing, we will ask you to do so during the validation of this form.

Provide the avoidance and mitigation details	<p>The road project covers a length of road of approximately 900 metres. Spencers Brook Road is a regional connector road. The road has been selected due to road safety concerns. The road widening works are being funded through the National Black Spot funding program.</p> <p>The work includes the widening of the road seal, reconstruction of shoulders and activity to improve safety at two intersections.</p> <p>In the original concept design plans approximately 10 trees were considered for removal.</p> <p>The Shire of York was not prepared to accept that level of clearing and has addressed this in the detailed design phase with a clear request to limit clearing.</p>
--	--

	<p>The original road design was to widen the seal to 7.2m and the shoulders to one metre either side. To preserve the existing trees the scope of works has been reduced to a seven metre seal and 0.5 metre shoulders on either side. As a result of this change of scope all but two trees can be retained. The two remaining trees are considered to be too close to the finished road pavement and will constitute a safety hazard.</p> <p>The two trees are both York Gums and are remnant individuals located on the west side of the road. Both are multi stemmed trees with a broad canopy. One has a significant dead stump with indications the remaining tree is a regrowth from that stump. Neither tree has a DBH much greater than 300mm and are not considered significant habitat trees.</p> <p>The remnant roadside vegetation is generally individual remnant York Gums and Jam (<i>Acacia Acuminata</i>) with a weedy understory. The road reserve on the west side is adjacent to the rail reserve so the area is wide, but the remaining vegetation is generally in degraded condition. The east side is residential lots with minimal roadside vegetation.</p> <p>The Shire of York has considered mitigation for the clearing. Approximately 200 metres from the Spencers Brook Road is the Avon River. Reserve 19039 is vested in the Shire of York and is the Avon River and the riparian zone. The Shire of York is planning to undertake revegetation in this reserve to mitigate the loss of the roadside vegetation. We have already ordered York Gum seedlings in anticipation of this revegetation. This would lead to improved environmental outcomes as increasing tree cover in the degraded riparian zone provides for safer and more secure habitat than isolated trees on the roadside.</p> <p>Revegetation can occur this winter and will be undertaken in conjunction with the River Conservation Society who provide environmental oversight to the Avon River reserve in the town site.</p>
--	--

Part 6 – Offset

<p>Do you want to submit a clearing offset proposal with your form? For more information on environmental offsets, refer to DWER's website and Fact Sheet 11: Environmental offsets for native vegetation clearing permits.</p>	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
<p>If 'Yes' – please complete and attach Appendix A of the Clearing of native vegetation offsets procedure guideline as a supporting document for your form.</p>	<input type="checkbox"/> Appendix A attached

Part 7 – Surveys for assessments (IBSA and IMSA)

<p>Do you want to submit marine or biodiversity surveys in support of your form?</p>	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No – skip to Part 8
--	--

7.1 Biodiversity surveys

If you want to submit any biodiversity surveys to support this form, you must follow the Environmental Protection Authority’s (EPA) [Instructions for the preparation of data packages for the Index of Biodiversity Surveys for Assessments](#) (IBSA). If you do not meet the IBSA requirements, DWER/DMIRS (as applicable) may decline/return your form. For further information on IBSA, refer to [DWER’s website](#).

Please provide the IBSA number(s) – or submission number(s) if the IBSA number has not yet been issued – in the space provided. Note that a submission number is not confirmation that a biodiversity survey has been accepted and is not the same as an IBSA number. IBSA numbers are only issued once a survey has been accepted. Once an IBSA number is issued, please notify DWER / DMIRS (as applicable). Please note DWER / DMIRS will suspend the assessment timeframes for your form until you provide the IBSA number(s).

Have you submitted all the biodiversity surveys that support this form to the IBSA portal, via ibsasubmissions.dwer.wa.gov.au ?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> Not applicable
Provide an IBSA number (preferred) or a submission number(s)	

7.2 Marine surveys

If you want to submit any marine surveys to support this form, you must follow the EPA’s [Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments](#) (IMSA). If you do not meet the IMSA requirements, DWER may decline / return your form. For more information on IMSA, refer to [DWER’s website](#).

Have you prepared all the marine surveys that support this form in accordance with the EPA’s <i>Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments</i> ?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> Not applicable
---	--

Part 8 – Assessment Bilateral Agreement

The native vegetation clearing processes under Part V of the EP Act have been accredited by the Commonwealth of Australia under the EPBC Act and so can be assessed under an assessment bilateral agreement.

To be assessed this way, the proposed clearing action must have been referred to the Commonwealth under the EPBC Act and deemed a **'controlled action'** before you submit this form.

For further information, see [DWER's website guidance on the assessment bilateral agreement](https://www.der.wa.gov.au/our-work/clearing-permits/189-assessment-bilateral-agreement)<https://www.der.wa.gov.au/our-work/clearing-permits/189-assessment-bilateral-agreement>.

Is your proposed clearing a controlled action?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No – skip to Part 9
--	--

If 'Yes' – complete the following:

Please make sure you have entered all the mandatory details in the Annex C7 form	<input type="checkbox"/> <i>Annex C7 form</i> attached
List the controlling provisions identified in the notification of the controlled action decision	

Part 9 – Other approvals

<p>Which department are you submitting this form to?</p> <p>If the clearing is for mineral and petroleum activities authorised under the <i>Mining Act 1978</i>, the various Petroleum Acts, and/or a State Agreement Act, select 'Department of Mines, Industry Regulation and Safety'.</p> <p>For all other clearing activities, select 'Department of Water and Environmental Regulation'.</p>	<input type="checkbox"/> Department of Mines, Industry Regulation and Safety <input checked="" type="checkbox"/> Department of Water and Environmental Regulation
---	--

9.1 Environmental impact assessment (Part IV of the EP Act)

Clearing may be referred to the EPA if it is considered to be part of a 'significant proposal', as defined by s.37B(1) of the EP Act, or will likely to be part of a larger development. An example is when the clearing is for a road to a future mine.

Section 37B(1) of the EP Act defines a 'significant proposal' as "a proposal likely, if implemented, to have a significant effect on the environment". If a decision-making authority (e.g. DWER or DMIRS) considers the proposal in this form is likely to constitute a 'significant proposal', under s.38(5) of the EP Act they must refer the proposal to the EPA or for assessment under Part IV, if such a referral has not already been made.
