

Application for new permit or referral to clear native vegetation

This is the form to submit a referral of proposed clearing or apply for a clearing permit under Part V of the *Environmental Protection Act 1986* (EP Act).

Before you submit this form, please check you have completed all the fields for the form type and fully prepared any required supporting documents (maps etc.). The Department of Water and Environmental Regulation (DWER) or Department of Energy, Mines, Industry Regulation and Safety (DEMIRS) will return/decline any forms that are not correctly completed.

To find out more about the stages of assessment for clearing permit forms, see the [Procedure: Native vegetation clearing permits](#).

Part 1 – Form type

<p>Select your form type.</p> <p>Note: Where appropriate in this form, and unless stated otherwise, the terms ‘application’ and ‘applicant’ also mean ‘referral’ and ‘referrer’ respectively.</p>	<p><input type="checkbox"/> Referral of proposed clearing (section 51DA of the EP Act)</p> <p><input checked="" type="checkbox"/> Application for an area permit (section 51E of the EP Act)</p> <p><input type="checkbox"/> Application for a purpose permit (section 51E of the EP Act)</p>
--	---

<p>Which department are you submitting this form to?</p> <p>If the clearing is for mineral and petroleum activities authorised under the <i>Mining Act 1978</i>, the various petroleum Acts, and/or a State Agreement with areas covered by either mineral or petroleum tenure granted under one of the abovementioned Acts, select ‘Department of Energy, Mines, Industry Regulation and Safety’.</p> <p>For all other clearing activities, select ‘Department of Water and Environmental Regulation’.</p>	<p><input type="checkbox"/> Department of Energy, Mines, Industry Regulation and Safety</p> <p><input checked="" type="checkbox"/> Department of Water and Environmental Regulation</p>
---	---

Part 2 – Applicant details

2.1 Applicant name

<p>For area permits: If granted, the name(s) of (all) landowner(s) will be listed as 'permit holders' on the permit.</p> <p>For purpose permits: If granted, the name(s) of (all) applicant(s) will go on the permit.</p>	<input type="checkbox"/> Applying as an individual – complete the following:	
	Title	<input type="checkbox"/> Mr <input type="checkbox"/> Mrs <input type="checkbox"/> Ms <input type="checkbox"/> Other:
	Name(s)	
	<input type="checkbox"/> Applying as a body corporate or other entity formed at law – complete the following:	
	Name	
	Australian Company Number (ACN)	
<input checked="" type="checkbox"/> Applying as a government entity (e.g. government department, local government authority, or other statutory body)		
Name	City of Kalamunda	

2.2 Applicant contact details

Provide the contact details for the above (primary contact).

Title	
First name	
Last name	
Position	
Company name	
Phone number	
Email address	

2.3 Applicant contact postal details

Provide the postal address for the above individual, body corporate or local government authority (primary contact).

Address line 1	
Address line 2	

Suburb	
State	

2.4 Applicant contact – registered business address

If applying as a company, incorporated body, local government authority or public authority, please also supply the registered business office address.

Address line 1	
Address line 2	
Suburb	
State	
Phone number	

2.5 Electronic correspondence consent

DWER/DEMIRS prefer to send all correspondence via email. We request that you consent to receiving all correspondence relating to instruments and notices under Part V of the EP Act via email. Please indicate your consent in this section of the form.

I consent that all written correspondence between myself (the applicant) and DWER/DEMIRS (as applicable) about the subject of this form will be exclusively via email, using the email address provided above.	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
--	---

2.6 Contact details for enquiries

If different from the applicant's contact details, enter the contact details of a person with whom DWER/DEMIRS should liaise with (e.g. a consultant).

Same as applicant's contact details	
-------------------------------------	--

If 'No' – complete the following:

Title	
Contact name	
Position (if applicable)	
Company name (if applicable)	
Phone number	

Email address	
Business or postal address line 1	
Business or postal address line 2	
Suburb	
State	

Part 3 – Land details

- You must accurately describe the location of the land where your clearing is proposed.
- Provide copies of associated documents registered against the Certificate of Title (limitations, interests, encumbrances or notifications) where the clearing may impact them (i.e. caveats within freehold Lots).
- If you have a large number of properties, please provide the relevant details for each property in a separately attached supporting document.

I have a large number of properties and have given the relevant details in an attached supporting document.	<input type="checkbox"/> Yes – skip to Part 4 <input checked="" type="checkbox"/> No
---	--

If 'No' – complete the following:

Land description Provide the following details, as applicable, for all properties: – volume and folio number – lot or location number(s) – crown lease or reserve number – pastoral lease number – mining tenement number	Reserve 17098, Hartfield Park		
Street address – Line 1	199 Hale Road		
Street address – Line 2			
Suburb	Forrestfield		
State	Western Australia	Postcode	6058
Local government area(s)	City of Kalamunda		
Land zoning	Recreation, public park and telecommunications		

Part 4 – Relationship to landowner

Tell us which of the following options best describes you as the person completing and submitting this form. If you are filling out this form on behalf of the applicant, answer this question as though you are the applicant.

Proof of ownership may include:

- a certificate of title
- a pastoral or mining lease
- public authority that has care, control or management of the land
- other form of lease, land tenure or specific arrangement.

Relationship to landowner (select one of the following options)	Complete the following
<input checked="" type="checkbox"/> I am the landowner	<input checked="" type="checkbox"/> Attach proof of ownership
<input type="checkbox"/> I am lodging a form on behalf of the landowner (e.g. a consultant)	<input type="checkbox"/> Attach proof of ownership
<input type="checkbox"/> I am acting on the landowner's behalf and will be jointly responsible for the clearing permit (i.e. joint form)	<input type="checkbox"/> Attach proof of ownership <input type="checkbox"/> Attach a letter, in which the landowner authorises you to act on their behalf and acknowledge they will be jointly responsible for the clearing permit
<input type="checkbox"/> I am likely to become the landowner	<input type="checkbox"/> Attach evidence of the pending transfer of ownership, including details of current proprietor on certificate of title, and/or contract of sale ('offer and acceptance')
<input type="checkbox"/> I will undertake the clearing activities with the landowner's authority and will be the permit holder	<input type="checkbox"/> Attach proof of ownership <input type="checkbox"/> Attach a letter, in which the landowner authorises you to access and clear native vegetation within the property(ies) as detailed in section 3.1 (if the applicant is not the landowner)
<input type="checkbox"/> I am a person with multiple land parcels within which clearing is proposed	<input type="checkbox"/> Attach proof of ownership and/or <input type="checkbox"/> Attach letters, in which the landowner authorises you to access and clear native vegetation within the properties as detailed in section 3.1 (if the applicant is not the landowner)
<input type="checkbox"/> I will undertake the clearing activities through the exercise of power conferred by different legislation (e.g. the <i>Energy Operators (Powers) Act 1979</i>)	<input type="checkbox"/> Provide relevant legislative details:

Part 5 – Proposed clearing

5.1 Maps and/or spatial data

<p>Select which map type(s) you will attach with your form.</p> <p>Note: DWER/DEMIRS will decline/return forms (as applicable) if you do not provide sufficient information for this question.</p>	<p><input checked="" type="checkbox"/> An ESRI shapefile with the following properties (preferred)</p> <ul style="list-style-type: none"> • Geometry type: polygon shape • Coordinate system: Geocentric Datum of Australia (GDA) 2020 (geographic latitude/longitude) • Datum: GDA 2020 <p><input checked="" type="checkbox"/> An aerial photograph or map with a north arrow, clearly marking the proposed clearing area</p> <p>Note:</p> <ul style="list-style-type: none"> • An ESRI shapefile must use one of the following filename extensions: .shp, .shx, .dbf, and/or .prj • You must provide an ESRI shapefile if the form requires an assessment under an <i>Environment Protection and Biodiversity Conservation Act 1999</i> (Cth) (EPBC Act) accredited process. See Part 8 of this form for more information.
--	---

5.2 Size

- If you propose to clear a patch(es) of vegetation, enter a hectare value for the total size of the area (mark number of trees as zero). For example, “clearing of 5 hectares”.
- If you propose to clear only individual trees (i.e. the shrubs, grasses, groundcover plants will remain intact), provide the number of trees. For example, “clearing of 10 trees”. If any shrubs, grasses, and/or groundcover plants **may** be damaged in the clearing process, enter the total area only.
- If you propose to clear an area of native vegetation within a larger footprint, enter the hectare value for the total size of the area to be cleared (mark number of trees as zero) and the size of the footprint. For example, 5 hectares of clearing within a 10-hectare footprint. This option is only available for purpose permit applications.
- Enter values for **both** number of trees and the size of the area **only if** you are clearing individual trees in one area **and** a patch of vegetation in a different area.
- Please note the following area conversions/calculations:

1 hectare = 10,000 m ²	Area of circle = 3.14 x radius ²
1 acre = 0.4 hectares/4,000 m ²	Area of a rectangle = length x width
1 tree = 0.01 hectares/100 m ²	Area of a triangle = ½ length x perpendicular height

Total area of clearing proposed (hectares)	0.003 ha
Footprint of clearing (hectares) (purpose permit only)	n/a
Number of individual trees to be cleared	1 (canopy footprint of 0.003 ha; no understory present)

Note: Calculate the area of a tree based on the area encompassed by the tree’s drip line; that being the outermost circumference of the tree’s canopy.

5.3 Purpose

<p>Provide the reason for proposed clearing (e.g. road construction, grazing and pasture, hazard reduction, horticulture, timber harvesting etc.).</p> <p>If applicable, provide any additional project overview or explain in detail the activities on the property (e.g. provide context of work proposed and describe how clearing will contribute to overall work activities onsite etc.).</p>	<p>The proposed clearing of native vegetation is required for the development and/or expansion of existing sporting facilities at four separate locations within Hartfield Park. These areas include:</p> <ul style="list-style-type: none"> - Reid Oval Pavilion expansion - Soccer club expansion - Bowls and Tennis Club - Mens Shed Location B
<p>Specify what the final land use will be after clearing</p>	<p>Sporting & community facilities</p>

5.4 Method

<p>Proposed method of clearing (i.e. burning, cutting, draining, flooding, grazing, mechanical clearing/bulldozing or other – specify)</p>	<p>Mechanical clearing</p>
--	----------------------------

5.5 Timeframe

<p>Period within which you propose to do the clearing (e.g. 1/7/2022 to 30/8/2024)</p>	<p>Start date: 1/9/2024</p> <p>End date: 30/6/2026</p>
--	--

Note: The clearing referral process is not suitable for any clearing that is expected to take longer than two years.

5.6 Pre-application scoping

Historic clearing of native vegetation in the Swan Coastal Plain and Avon Wheatbelt [Interim Biogeographic Regionalisation for Australia](#) (IBRA) bioregions has been extensive.

DWER/DEMIRS strongly recommends a pre-application meeting if you propose to clear native vegetation within these bioregions.

<p>Do you propose to clear native vegetation within the Swan Coastal Plain or Avon Wheatbelt bioregions?</p>	<input checked="" type="checkbox"/> Yes – complete section below	
	<input type="checkbox"/> I have had a pre-application meeting with DWER/DEMIRS	
	<p>Insert date of meeting and officer name(s):</p>	
<input type="checkbox"/> I have contacted DWER/DEMIRS in relation to a pre-application meeting and been advised that a meeting is unnecessary in this case.		
<p>Insert date of conversation and officer name(s):</p>		

	<input checked="" type="checkbox"/> I have not had a pre-application meeting with DWER/DEMIRS. I understand that this may increase the likelihood of requests for further information and/or delays in assessment. <input type="checkbox"/> No – proceed to next question.
--	---

Part 6 – Mitigation hierarchy

6.1 Avoidance and mitigation

Explain how you have, or will, put avoidance and mitigation measures in place to eliminate, reduce, or otherwise mitigate the need for and scale of the proposed clearing of native vegetation.

Attach supporting documents to substantiate your explanation.

Your explanation should demonstrate you have planned the project so that the least clearing possible is to be undertaken. The following questions may help you frame your explanation:

- Why did you select this location and amount of clearing?
- What alternatives to clearing – e.g. engineering solutions – did you consider? (Attach design drawings where applicable)
- What changes, if any, did you make to the location or amount of clearing to reduce the impacts of the clearing?

Note: If you do not demonstrate adequate efforts to avoid and mitigate clearing, DWER/DEMIRS will ask you to do so during the validation of this application. Offsets will only be considered by DWER/DEMIRS as a last resort, once avoidance and minimisation measures have been clearly demonstrated.

Provide the avoidance details (e.g. retention of vegetation on property)	<p>Following the Natural Area 2023 flora and fauna survey (attached), and a follow-up environmental impact assessment (attached), a number of amendments to the project design were undertaken to minimise the potential for impact on native vegetation and conservation significant flora, fauna and ecological communities.</p> <p>The Mens Shed location was originally proposed to be located within an area that extended into <i>Banksia attenuata</i>, <i>Banksia menziesii</i> and <i>Eucalyptus</i> sp. Open Woodland (Mens Shed Location A). However, to minimise impact to native vegetation, the Mens Shed development was relocated and is now proposed to be developed within an existing gravel car park (Mens Shed Location B). This has reduced the potential for impact on the <i>Banksia attenuata</i>, <i>Banksia menziesii</i> and <i>Eucalyptus</i> sp. Open Woodland which was present within the Mens Shed A proposed disturbance footprint. The Mens Shed Location B is within an existing gravel carpark with only one mature <i>Corymbia calophylla</i> (Marri) present and no other native vegetation. It should be noted that the City of Kalamunda is still in negotiation with the Mens Shed group as to the final alignment, and therefore if there is an opportunity to retain this tree then this will be pursued.</p> <p>The proposed disturbance footprint for the Bowls and Tennis Club has been selected within the boundaries of the existing building and carpark, and</p>
--	---

	<p>therefore only consists of completely degraded vegetation. The only native vegetation proposed to be removed are two <i>Grevillea olivacea</i> shrubs which were planted in 2016. As these were planted, they do not meet the definition of native vegetation under the EP Act and have not been included in the proposed clearing area.</p> <p>The proposed disturbance footprints for the Soccer Expansion and the Reid Oval Expansion have been selected within existing parkland/cleared areas with completely degraded vegetation and do not contain any native vegetation.</p>
Provide the mitigation details (e.g. management of weed spread, rehabilitation)	<p>The canopy of one <i>Eucalyptus marginata</i> (Jarrah) overhangs the disturbance footprint for the Reid Oval expansion and the Tree Protection Zone (TPZ) of this tree crosses over the disturbance footprint by approximately 5 m. To minimise disturbance to this tree, hand excavation will be considered as an alternative to mechanical excavation to increase the chances of tree survival in the long term.</p> <p>A Construction Environmental Management Plan will be developed by the City, including environmental impact mitigation measures such as weed control, dieback hygiene, dust suppression and tree protection during construction activities. This plan will be form a condition of contract between the City and the Building Contractor.</p>

6.2 Offsets

Do you want to submit a clearing offset proposal with your form?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If 'Yes' – please complete and attach Appendix A of the Clearing of native vegetation offsets procedure guideline as a supporting document for your form.	<input type="checkbox"/> Appendix A attached

Part 7 – Surveys for assessments (IBSA and IMSA)

Do you want to submit marine or biodiversity surveys in support of your form?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No – skip to Part 8
---	--

7.1 Biodiversity surveys

If you want to submit any biodiversity surveys to support this form, you must follow the Environmental Protection Authority's (EPA) [Instructions for the preparation of data packages for the Index of Biodiversity Surveys for Assessments](#) (IBSA). If you do not meet the IBSA requirements, DWER/DEMIRS will decline/return your form.

Please provide the IBSA number(s) – or submission number(s) if the IBSA number has not yet been issued – in the space provided. Note that a submission number is not confirmation that a biodiversity survey has been accepted and is not the same as an IBSA number. IBSA numbers are only issued once a survey has been accepted. Once an IBSA number is issued, please notify DWER/DEMIRS. Please note DWER/DEMIRS will suspend the assessment timeframes for your application until you provide the IBSA number(s).

Have you submitted all the biodiversity surveys that support this form to the Index of Biodiversity Surveys for Assessment?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> Not applicable
Provide an IBSA number (preferred) or a submission number(s)	IBSA-BK04-0081

7.2 Marine surveys

If you want to submit any marine surveys to support this form, you must follow the EPA's [Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments](#) (IMSA). If you do not meet the IMSA requirements, DWER/DEMIRS will decline/return your form.

Have you prepared all the marine surveys that support this form in accordance with the EPA's <i>Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments?</i>	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> Not applicable
--	--

Part 8 – Assessment bilateral agreement

The native vegetation clearing processes under Part V of the EP Act have been accredited by the Commonwealth of Australia under the EPBC Act and so can be assessed under an assessment bilateral agreement.

To be assessed this way, the proposed clearing action must have been referred to the Commonwealth under the EPBC Act and deemed a '**controlled action**' before you submit this form. DWER/DEMIRS will decline to deal with your application without the proposed clearing first being deemed a controlled action.

For further information, see DWER's [guidance on the assessment bilateral agreement](#).

Do you want your proposed clearing action assessed in accordance with, or under, an EPBC Act Accredited Process, such as the assessment bilateral agreement or accredited assessment?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No – skip to Part 9		
Is your proposed clearing a controlled action? If 'Yes', please make sure you have entered all the mandatory details in the Annex C7 form	<input type="checkbox"/> Yes <table border="1" style="width: 100%;"> <tr> <td style="width: 20%;">EPBC number:</td> <td style="width: 80%;"></td> </tr> </table> <input type="checkbox"/> Annex C7 form attached <input type="checkbox"/> No (DWER/DEMIRS cannot assess the application under an EPBC Act Accredited Process)	EPBC number:	
EPBC number:			
List the controlling provisions identified in the notification of the controlled action decision
