2. Site Information

2.1. Existing environment and information

2.1.1. Description of the native vegetation under application

Vegetation Description	Clearing Description	Vegetation Condition	Comment
Beard Vegetation Association 6: Medium woodland; tuart and jarrah (Shepherd et al. 2009/2001).	The proposed clearing is for 8 ha and 7 trees for the purpose of upgrading the Kingsway Sporting Complex. The amendment is to increase the proposed clearing by four trees and extend the duration of the permit to December 2013.	Good: Structure significantly altered by multiple disturbance; retains basic structure/ability to regenerate (Keighery 1994).	Given the variety of conditions of vegetation under application, an overall condition of 'Good' is deemed appropriate (GHD 2006, DEC 2006).
Hedde Vegetation Complex: Karrakatta Complex Central and South; Predominantly open forest of E. gomphocephala - E. marginata - E. calophylla and woodland of E. marginata - Banksia species (Hedde et al. 1980).	Six vegetation associations were recorded within the 13 survey zones. Broadly, the vegetation comprises patches of intact and degraded native woodland, scattered woodland located within moved grass area, and weed dominated vegetation (GHD 2006).		

3. Assessment of application against clearing principles

Comments

The proposed clearing is for 8 hectares and 7 trees for the purpose of upgrading the Kingsway Regional Sporting Complex. The amendment is to increase the clearing by three trees and to extend the duration of the permit until December 2013. A review of current environmental information reveals no new additional information.

It is considered for the assessment against the clearing principles has not changed and can be found in the Clearing Permit Decision Report CPS 1072/2.

Methodology

Planning instrument, Native Title, Previous EPA decision or other matter.

Comments

The proposed clearing is for 8 ha and 7 trees for the purpose of upgrading the Kingsway Regional Sporting

Complex.

No submissions from the public have been received.

The additional four trees proposed to be cleared as part of this amendment have not been identified in the Arboricultural Report - Kingsway Sporting Complex, October 2004 as significant.
