#### Part 1: EPBC Act proposal details

To be assessed under the assessment bilateral agreement, the proposed clearing action must have been referred to the Commonwealth and determined to be a 'controlled action' under the <i>Environmental Protection and Biodiversity Conservation Act 1999</i> (Cth) prior to submitting this <i>Form Annex C7</i> as an attachment to a <a href="#">clearing permit application form</a> .	EPBC Act number	EPBC 2022/09326
	Short name of the project	Wattle Ave East Quarry
	Provide a short description that uniquely identifies the proposed action and its location.  Proposed expansion to the Wattle Ave East Quarry situated within mining lease M 70/143 for the purpose of limestone extraction. The proposed action is located at 311 Wattle Avenue East, Neerabup within the City of Wanneroo, approximately 40 km north of Perth. The proposed action involves an extension of the quarry pit, implementation of stockpiles and storage/laydown areas, construction of internal access roads, and associated quarry infrastructure. The proposed action will necessitate the removal of up to 15.06 ha of native vegetation.	

#### Part 2: Proposed clearing action and impact assessment details

Where the proposed clearing action has been determined to be a controlled action by the Commonwealth Minister for the Environment, assessment of the clearing action under the assessment bilateral agreement can occur if the identified information (see right) is provided and attached to this Annex and the clearing permit application form. Part 3: Consultation	
Public consultation with direct interest stakeholders is a statutory requirement for new clearing permit applications under s.51E of the EP Act.	<input checked="" type="checkbox"/> The role and interests of Indigenous peoples, as applicable, in promoting conservation and ecologically sustainable use of natural resources, and their knowledge of biodiversity and heritage, have been taken into consideration. Information relating to these matters has been attached.
Applications for amendments under s.51KA may be published for public consultation, as determined on a case-by-case basis.	<input checked="" type="checkbox"/> After the CEO has determined that the permit application is validly made under section 51E of the EP Act, the application will be published for public comment. It is acknowledged that the applicant will be provided with submissions made by the public during the public comment period and must prepare and submit to the CEO a written response which addresses or takes into account the issues raised by the public in those submissions.
