

Vegetation Type: Woodland of *Corymbia calophylla* over *Banksia ilicifolia*

Vegetation Condition: Good

Observations: Sparse understorey; presence of less aggressive weeds eg *Olea europaea*; senescing mature Marri trees

Photo 1. Sparse native understorey in Marri Woodland with presence of some weed species.

Photo 2. Senescing Marri in Marri Woodland.

Vegetation Type: Woodland of *Corymbia calophylla* over *Banksia ilicifolia*

Vegetation Condition: Degraded

Observations: High density of invasive weeds eg *Ehrharta calycina* and *Acacia longifolia*; European bee hive; fox tracks

Photo 3. Mostly degraded understorey showing high density Perennial Veldt infestation and dead Marri in Marri Woodland.

Photo 4. Bare understorey and medium density Perennial Veldt infestation at edge of Marri Woodland.

Vegetation Type: Open Woodland of *Nuytsia floribunda* and *Melaleuca preissiana* over *Kunzea glabrescens*

Vegetation Condition: Degraded

Observations: Grazing from rabbits; rabbit warrens, presence of invasive weeds eg *Zantedeschia aethiopica*; senescent *Melaleuca* trees; stag trees (possibly former *Corymbia citriodora*)

Photo 5. Stag trees and bare ground.

Photo 6. Arum Lily emerging after early rains.

Vegetation Type: Open Woodland of *Nuytsia floribunda* and *Melaleuca preissiana* over *Kunzea glabrescens*

Vegetation Condition: Good

Observations: Grazing from rabbits; rabbit warrens; senescent *Melaleuca* trees, stag trees (possibly former *C. citriodora*)

Photo 7. Senescing *Melaleuca* trees.

Photo 8: Rabbit Warren.

Table 1. Species observed during survey

Vegetation Type 1: Woodland of <i>Corymbia calophylla</i> over <i>Banksia ilicifolia</i>	Vegetation Type 2: Open Woodland of <i>Nuytsia floribunda</i> and <i>Melaleuca preissiana</i> over <i>Kunzea glabrescens</i>
<i>Agonis flexuosa</i> (naturalised) <i>Banksia attenuata</i> <i>Banksia grandis</i> <i>Banksia ilicifolia</i> <i>Banksia menziesii</i> <i>*Briza maxima</i> <i>Burchardia congesta</i> <i>Cassytha</i> sp. <i>Conostephium pendulum</i> <i>Conostylis aculeata</i> <i>Corymbia calophylla</i> <i>Dasypogon bromeliifolius</i> <i>Desmocladius fasciculatus</i> <i>*Ehrharta calycina</i> <i>Eucalyptus marginata</i> <i>Hibbertia vaginata</i> <i>Jacksonia furcellata</i> <i>Kennedia prostrata</i> <i>Kunzea glabrescens</i> <i>Melaleuca thymoides</i> <i>Nuytsia floribunda</i> <i>*Olea europaea</i> <i>Xanthorrhoea ?brunonis</i>	<i>Banksia ilicifolia</i> <i>*Ehrharta calycina</i> <i>Melaleuca preissiana</i> <i>Kunzea glabrescens</i> <i>Nuytsia floribunda</i> <i>Dasypogon bromeliifolius</i> <i>Conostylis aculeata</i> <i>Hypocalymma angustifolium</i> <i>Regelia ciliata</i> <i>Xanthorrhoea ?brunonis</i> <i>*Zantedeschia aethiopica</i>
