

Department of Water and Environmental Regulation

Department of Energy, Mines, Industry Regulation and Safety

Application for new permit or referral to clear native vegetation

This is the form to submit a referral of proposed clearing or apply for a clearing permit under Part V of the *Environmental Protection Act 1986* (EP Act).

Before you submit this form, please check you have completed all the fields for the form type and fully prepared any required supporting documents (maps etc.). The Department of Water and Environmental Regulation (DWER) or Department of Energy, Mines, Industry Regulation and Safety (DEMIRS) will return/decline any forms that are not correctly completed.

To find out more about the stages of assessment for clearing permit forms, see the *Procedure: Native vegetation clearing permits*.

Part 1 - Form type

Select your form type. Note: Where appropriate in this form, and unless stated otherwise, the terms 'application' and 'applicant' also mean 'referral' and 'referrer' respectively.	 □ Referral of proposed clearing (section 51DA of the EP Act) □ Application for an area permit (section 51E of the EP Act) ☑ Application for a purpose permit (section 51E of the EP Act) 		
Which department are you submitting of the clearing is for mineral and pet authorised under the <i>Mining Act 19</i> petroleum Acts, and/or a State Agre areas covered by either mineral or tenure granted under one of the above, select 'Department of Energy, Regulation and Safety'. For all other clearing activities, select of Water and Environmental Regulation	troleum activities 178, the various eement with petroleum ovementioned Mines, Industry	 □ Department of Energy, Mines, Industry Regulation and Safety ☑ Department of Water and Environmental Regulation 	

Part 2 - Applicant details

2.1 Applicant name

For area permits:	□ Applying as an individual – complete the following:			
If granted, the name(s) of (all)	Title	☐ Mr ☐ Mrs ☐ Ms	□ Other:	
landowner(s) will be listed as	Name(s)			
'permit holders' on the permit.		a body corporate or oth	er entity forme	ed at law – complete the
For purpose permits:	Name Covalent Lithium Pty Ltd			
If granted, the name(s) of (all) applicant(s) will	Australian Con	npany Number (ACN)	623 090 139	
go on the permit.	☐ Applying as a government entity (e.g. government department, local government authority, or other statutory body)			
	Name			

2.2 Applicant contact details

Provide the contact details for the above (primary contact).

Title	
First name	
Last name	
Position	
Company name	
Phone number	
Email address	

2.3 Applicant contact postal details

Provide the postal address for the above individual, body corporate or local government authority (primary contact).

Address line 1	
Address line 2	

Suburb					
State					
2.4 Applicant contact – registered business address If applying as a company, incorporated body, local government authority or public authority, please also supply the registered business office address.					
Address line 1	15 Mason Road				
Address line 2					
Suburb	Kwinana Beach				
State	WA	Postcode	6167		
Phone number		Mobile			
2.5 Electronic correspondence consent DWER/DEMIRS prefer to send all correspondence via email. We request that you consent to receiving all correspondence relating to instruments and notices under Part V of the EP Act via email. Please indicate your consent in this section of the form. I consent that all written correspondence between myself (the applicant) and DWER/DEMIRS (as applicable) about the subject of this form will be exclusively via email, using the email address provided above. 2.6 Contact details for enquiries If different from the applicant's contact details, enter the contact details of a person with whom DWER/DEMIRS should liaise with (e.g. a consultant).					
Same as applicant's contact details					□No
If 'No' – complete the following:					
Title	□ Mr □ Mrs □ Ms □	☐ Other:			
Contact name		'			
Position (if applicable)					
Company name (if applicable	e)				
Phone number		Mobile			

<u> </u>		
Email address		
Business or postal address line 1		
Business or postal address line 2		
Suburb		
State	Postcode	
	•	

Part 3 - Land details

- You must accurately describe the location of the land where your clearing is proposed.
- Provide copies of associated documents registered against the Certificate of Title (limitations, interests, encumbrances or notifications) where the clearing may impact them (i.e. caveats within freehold Lots).
- If you have a large number of properties, please provide the relevant details for each property in a separately attached supporting document.

I have a large number of properties and have given the relevant details in an attached supporting document.	☐ Yes – skip to Part 4	⊠ No	
---	------------------------	------	--

If 'No' - complete the following:

Land description Provide the following details, as applicable, for all properties: - volume and folio number - lot or location number(s) - crown lease or reserve number - pastoral lease number - mining tenement number	Volume: 1827 Fol Part of Lot 15 on		3
Street address – Line 1	15 Mason Road		
Street address – Line 2			
Suburb	Kwinana Beach		
State	WA Postcode 6167		6167
Local government area(s)	City of Kwinana		
Land zoning	Industrial		

Part 4 – Relationship to landowner

Tell us which of the following options best describes you as the person completing and submitting this form. If you are filling out this form on behalf of the applicant, answer this question as though you are the applicant.

Proof of ownership may include:

- · a certificate of title
- a pastoral or mining lease
- public authority that has care, control or management of the land
- · other form of lease, land tenure or specific arrangement.

Relationship to landowner (select one of the following options)	Complete the following
⊠ I am the landowner	Covalent has a lease with Development WA as per Attachment 1
☐ I am lodging a form on behalf of the landowner (e.g. a consultant)	☐ Attach proof of ownership
☐ I am acting on the landowner's	☐ Attach proof of ownership
behalf and will be jointly responsible for the clearing permit (i.e. joint form)	☐ Attach a letter, in which the landowner authorises you to act on their behalf and acknowledge they will be jointly responsible for the clearing permit
☐ I am likely to become the landowner	☐ Attach evidence of the pending transfer of ownership, including details of current proprietor on certificate of title, and/or contract of sale ('offer and acceptance')
☐ I will undertake the clearing	☐ Attach proof of ownership
activities with the landowner's authority and will be the permit holder	☐ Attach a letter, in which the landowner authorises you to access and clear native vegetation within the property(ies) as detailed in section 3.1 (if the applicant is not the landowner)
☐ I am a person with multiple land	□ Attach proof of ownership and/or
parcels within which clearing is proposed	☐ Attach letters, in which the landowner authorises you to access and clear native vegetation within the properties as detailed in section 3.1 (if the applicant is not the landowner)
☐ I will undertake the clearing activities through the exercise of power conferred by different legislation (e.g. the Energy Operators (Powers) Act 1979)	□ Provide relevant legislative details:

Part 5 - Proposed clearing

5.1 Maps and/or spatial data

Select which map type(s) you will attach with your form.

Note: DWER/DEMIRS will decline/return forms (as applicable) if you do not provide sufficient information for this question.

☐ An ESRI shapefile with the following properties (preferred)

- Geometry type: polygon shape
- Coordinate system: Geocentric Datum of Australia (GDA) 2020 (geographic latitude/longitude)
- Datum: GDA 2020

☑ An aerial photograph or map with a north arrow, clearly marking the proposed clearing area

Note:

- An ESRI shapefile must use one of the following filename extensions: .shp, .shx, .dbf, and/or .prj
- You must provide an ESRI shapefile if the form requires an assessment under an Environment Protection and Biodiversity Conservation Act 1999 (Cth) (EPBC Act) accredited process. See Part 8 of this form for more information.

5.2 Size

- If you propose to clear a patch(es) of vegetation, enter a hectare value for the total size of the area (mark number of trees as zero). For example, "clearing of 5 hectares".
- If you propose to clear only individual trees (i.e. the shrubs, grasses, groundcover plants will remain intact), provide the number of trees. For example, "clearing of 10 trees". If any shrubs, grasses, and/or groundcover plants may be damaged in the clearing process, enter the total area only.
- If you propose to clear an area of native vegetation within a larger footprint, enter the
 hectare value for the total size of the area to be cleared (mark number of trees as zero)
 and the size of the footprint. For example, 5 hectares of clearing within a 10-hectare
 footprint. This option is only available for purpose permit applications.
- Enter values for both number of trees and the size of the area only if you are clearing
 individual trees in one area and a patch of vegetation in a different area.
- Please note the following area conversions/calculations:

1 hectare = $10,000 \text{ m}^2$ Area of circle = 3.14 x radius^2 1 acre = $0.4 \text{ hectares/4,000 m}^2$ Area of a rectangle = length x width

1 tree = 0.01 hectares/100 m² Area of a triangle = $\frac{1}{2}$ length x perpendicular height

Total area of clearing proposed (hectares)	<3.42
Footprint of clearing (hectares) (purpose permit only)	3.42 ha
Number of individual trees to be cleared	0

Note: Calculate the area of a tree based on the area encompassed by the tree's drip line; that being the outermost circumference of the tree's canopy.

5.3 Purpose

Provide the reason for proposed clearing (e.g. road construction, grazing and pasture, hazard reduction, horticulture, timber harvesting etc.). If applicable, provide any additional project overview	Hazard reduction and fire control (refer Supporting Document)
or explain in detail the activities on the property (e.g. provide context of work proposed and describe how clearing will contribute to overall work activities onsite etc.).	
Specify what the final land use will be after clearing	Remain a vegetation boundary

5.4 Method

Proposed method of clearing (i.e. burning, cutting, draining, flooding, grazing, mechanical clearing/bulldozing or other – specify)	Mechanical clearing
---	---------------------

5.5 Timeframe

	Start date: 01/06/2025
(e.g. 1/7/2022 to 30/8/2024)	End date: 01/06/2027

Note: The clearing referral process is not suitable for any clearing that is expected to take longer than two years.

5.6 Pre-application scoping

Historic clearing of native vegetation in the Swan Coastal Plain and Avon Wheatbelt Interim Biogeographic Regionalisation for Australia (IBRA) bioregions has been extensive. DWER/DEMIRS strongly recommends a pre-application meeting if you propose to clear native vegetation within these bioregions.

	 ✓Yes – complete section below ☐ I have had a pre-application meeting with DWER/DEMIRS 		
Do you propose to clear native vegetation within	Insert date of meeting and officer name(s):		
the Swan Coastal Plain or Avon Wheatbelt bioregions?	☑ I have contacted DWER/DEMIRS in relation to a pre-application meeting and been advised that a meeting is unnecessary in this case.		
	Insert date of conversation and officer name(s):		

☐ I have not had a pre-application meeting with DWER/DEMIRS. I understand that this may increase the likelihood of requests for further information and/or delays in assessment.
□ No – proceed to next question.

Part 6 - Mitigation hierarchy

6.1 Avoidance and mitigation

Explain how you have, or will, put avoidance and mitigation measures in place to eliminate, reduce, or otherwise mitigate the need for and scale of the proposed clearing of native vegetation.

Attach supporting documents to substantiate your explanation.

Your explanation should demonstrate you have planned the project so that the least clearing possible is to be undertaken. The following questions may help you frame your explanation:

- Why did you select this location and amount of clearing?
- What alternatives to clearing e.g. engineering solutions did you consider? (Attach design drawings where applicable)
- What changes, if any, did you make to the location or amount of clearing to reduce the impacts of the clearing?

Note: If you do not demonstrate adequate efforts to avoid and mitigate clearing, DWER/DEMIRS will ask you to do so during the validation of this application. Offsets will only be considered by DWER/DEMIRS as a last resort, once avoidance and minimisation measures have been clearly demonstrated.

Provide the avoidance details (e.g. retention of vegetation on property) There is a high risk of uncontrolled fires occurring within the bushland on the north and east side of the refinery due to the dense bushland with large amounts of dry and dead vegetation and pest species.

To minimize the scale of clearing and fuel reduction required a number of engineering controls have been implemented across the site. These are outlined in Section 5 of the Supporting Document.

During the clearing activities the following avoidance details will be implemented:

- (a) avoid the clearing of native vegetation All large native trees will be retained, weed and introduced species will be targeted for removal, as well as dead and dry vegetation.
- (b) minimise the amount of native vegetation to be cleared native understorey will be retained where possible.
- (c) reduce the impact of clearing on any environmental value the area is within a potential feeding area for the Carnaby's Cockatoo which is listed as 'Endangered' and potential habitat for the Quenda. The large native trees and identified habitat trees for the Carnaby's Cockatoo are to be retained.

	Provide the	Fauna	management - Carnaby's Black Cockatoo		
	mitigation details (e.g. management	a) A field survey was conducted by GHD in 2019.			
	of weed spread,	b)	Area will be walked before clearing to check for presence Black Cockatoos		
rehabilitation)	renabilitation)	c)	No black cockatoo habitat trees identified native trees are to be cleared.	d in the GHD field survey or large	
		Direction	onal clearing		
		a)	 Clearing will occur from the Northern portion of the site to the southern portion towards adjacent native vegetation. 		
		b)	b) Reasonable time will be given to allow any fauna present to move from the cleared area to the native vegetation ahead.		
		Wind e	rosion management		
		a)	Area will be mulched after clearing to pre	event any wind erosion and dust.	
	6.2 Offsets				
	Do you want to submit a clearing offset proposal with your form? ☐ Yes ☒ No			☐ Yes ☒ No	
	If 'Yes' – please complete and attach Appendix A of the <u>Clearing</u> Appendix A attached <u>of native vegetation offsets procedure</u> guideline as a supporting document for your form.				
	Part 7 – Surveys	for as	sessments (IBSA and IMSA)		
	Do you want to submit marine or biodiversity surveys in support of your form? ☐ Yes ☒ No – skip to Part 8			☐ Yes ⊠ No – skip to Part 8	
	7.1 Biodiversity surv	eys			
	Environmental Protect the Index of Biodivers	tion Aut tity Surv	diversity surveys to support this form, yhority's (EPA) <u>Instructions for the preparetys for Assessments</u> (IBSA). If you do S will decline/return your form.	paration of data packages for	
	been issued – in the s biodiversity survey ha are only issued once a notify DWER/DEMIRS	space pr s been a survey S. Pleas	ber(s) – or submission number(s) if the covided. Note that a submission number accepted and is not the same as an IE has been accepted. Once an IBSA number brovide the IBSA number(s).	er is not confirmation that a BSA number. IBSA numbers umber is issued, please	
			piodiversity surveys that support this sity Surveys for Assessment?	☐ Yes ☑ Not applicable	
	Provide an IBSA nun	nber (pr	referred) or a submission number(s)		

7.2 Marine surveys

If you want to submit any marine surveys to support this form, you must follow the EPA's Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments (IMSA). If you do not meet the IMSA requirements, DWER/DEMIRS will decline/return your form.

packages for the Index of Marine Surveys for Assessments? ☑ Not applicable	accordance with the EPA's Instructions for the preparation of data	☐ Yes ☑ Not applicable
--	--	------------------------

Part 8 - Assessment bilateral agreement

The native vegetation clearing processes under Part V of the EP Act have been accredited by the Commonwealth of Australia under the EPBC Act and so can be assessed under an assessment bilateral agreement.

To be assessed this way, the proposed clearing action must have been referred to the Commonwealth under the EPBC Act and deemed a 'controlled action' before you submit this form. DWER/DEMIRS will decline to deal with your application without the proposed clearing first being deemed a controlled action.

For further information, see DWER's guidance on the assessment bilateral agreement.

Do you want your proposed clearing action assessed in accordance with, or under, an EPBC Act Accredited Process, such as the assessment bilateral agreement or accredited assessment?	□ Yes ☑ No – skip to Part 9
Is your proposed clearing a controlled action? If 'Yes', please make sure you have entered all the mandatory details in the Annex C7 form	☐ Yes EPBC number: ☐ Annex C7 form attached ☐ No (DWER/DEMIRS cannot assess the application under an EPBC Act Accredited Process)
List the controlling provisions identified in the notification of the controlled action decision	

Part 9 – Other approvals

9.1 Environmental impact assessment (Part IV of the EP Act)

Clearing may be referred to the EPA if it is considered to be part of a 'significant proposal', as defined by section 37B(1) of the EP Act, or will likely to be part of a larger development. An example is when the clearing is for a road to a future mine.

Section 37B(1) of the EP Act defines a 'significant proposal' as "a proposal likely, if implemented, to have a significant effect on the environment". If a decision-making authority (e.g. DWER/DEMIRS) considers the proposal in this form is likely to constitute a 'significant proposal', under section 38(5) of the EP Act they must refer the proposal to the EPA under Part IV, if such a referral has not already been made.

Has the proposed clearing or any	□ Yes		
related matter been referred to the EPA?	Enter details:		
IIIE EFA!	No − complete question b	below.	
If 'No' – do you intend to refer the proposal to the EPA?	 ☐ Yes – intend to refer (proposal is a 'significant proposal') ☐ Yes – intend to refer (proposal will require a section 45C amendment to the current Ministerial Statement) ☑ No – a current valid Ministerial Statement applies 		
	Enter Ministerial Statement	number: MS 1170	
	☐ No – not a significant pro	posal	
9.2 Other approvals – works approval, licence or registration (Part V Division 3 of the EP Act) Have you applied or do you intend to apply for a works approval, licence, registration or an amendment to any of the above, under Part V Division 3 of the EP Act? It is an offence to perform any action that would cause a premises to become a prescribed premises of a type listed in Schedule 1 of the Environmental Protection Regulations 1987, unless that action is done in accordance with a works approval, licence or registration. For further guidance, see DWER's Procedure: Prescribed premises works approvals and licences and Guideline: Industry regulation guide to licensing. □ Yes Application reference: □ No – a valid works approval applies □ No – a valid registration applies □ No – not required			
9.3 Water licences and permits (Rights in Water and Irrigation Act 1914)			
	do you intend to apply for:	□ Yes	
	ndment to a licence to take ater or groundwater)	□ No – a current valid licence applies	
	ndment to a licence to ncluding bores and soaks),	Licence number:	
a permit or amen	dment to a permit to	Not applicable ■	

interfere with the bed and banks of a watercourse?

For further guidance on water licences and permits under the Rights in Water and Irrigation Act 1914, see DWER's Procedure: Water licences and permits.

9.4 Planning and other approvals

Has the proposal obtained all relevant planning approvals and/or have you applied for all relevant planning

Enter details: DA9534.2

Docusign Envelope ID: B404E4FF-FBB4-407A-9D30-E71DF5F20AAF

Has the proposal obtained all relevant planning approvals and/or have you applied for all relevant planning approvals (e.g. Development Approval, Extractive Industry Licence, etc.)?

□ No - planning approval is not required

Enter details:
□ Not applicable
