

Department of Energy, Mines, Industry Regulation and Safety

# Application for new permit or referral to clear native vegetation

This is the form to submit a referral of proposed clearing or apply for a clearing permit under Part V of the *Environmental Protection Act 1986* (EP Act).

Before you submit this form, please check you have completed all the fields for the form type and fully prepared any required supporting documents (maps etc.). The Department of Water and Environmental Regulation (DWER) or Department of Energy, Mines, Industry Regulation and Safety (DEMIRS) will return/decline any forms that are not correctly completed.

To find out more about the stages of assessment for clearing permit forms, see the *Procedure: Native vegetation clearing permits*.

## Part 1 – Form type

Select your form type.  Note: Where appropriate in this form, and unless stated otherwise, the terms 'application' and 'applicant' also mean 'referral' and 'referrer' respectively.	<ul> <li>□ Referral of proposed clearing (section 51DA of the EP Act)</li> <li>□ Application for an area permit (section 51E of the EP Act)</li> <li>☑ Application for a purpose permit (section 51E of the EP Act)</li> </ul>		
Which department are you submitting. If the clearing is for mineral and pet authorised under the <i>Mining Act 19</i> petroleum Acts, and/or a State Agree areas covered by either mineral or petroleum egranted under one of the about Acts, select 'Department of Energy, Regulation and Safety'.  For all other clearing activities, select of Water and Environmental Regulation	roleum activities 78, the various eement with petroleum ovementioned Mines, Industry	<ul> <li>□ Department of Energy, Mines, Industry Regulation and Safety</li> <li>☑ Department of Water and Environmental Regulation</li> </ul>	

# Part 2 – Applicant details

## 2.1 Applicant name

For area permits:	□ Applying as an individual – complete the following:			
If granted, the name(s) of (all) landowner(s) will be listed as	Title	☐ Mr ☐ Mrs ☐ Ms		
	Name(s)			
'permit holders' on the permit.		a body corporate or oth	er entity forme	ed at law – complete the
For purpose permits:	Name	Genesis Minerals	Revised to Ge	enesis Materials Limited
If granted, the name(s) of (all)	Australian Con	npany Number (ACN)	124 772 041	
applicant(s) will go on the permit.	· /			
	Name			
2.2 Applicant con		ove (primary contact)		

# 2.3 Applicant contact postal details

Provide the postal address for the above individual, body corporate or local government authority (primary contact).

2.4 Applicant contact – regis If applying as a company, incorpo please also supply the registered	rated body, local government au	ıthority o	or public a	uthority,	
2.5 Electronic correspondence  DWER/DEMIRS prefer to send all receiving all correspondence relate email. Please indicate your conse	correspondence via email. We ting to instruments and notices u		-		
I consent that all written correspondence between myself (the applicant) and DWER/DEMIRS (as applicable) about the subject of this form will be exclusively via email, using the email address provided above.   □ No					□ No
2.6 Contact details for enquiries  If different from the applicant's contact details, enter the contact details of a person with whom DWER/DEMIRS should liaise with (e.g. a consultant).					
Same as applicant's contact details				⊠ Yes	□ No
If 'No' – complete the following:					
Title	☐ Mr ☐ Mrs ☐ Ms ☐ Other:				
Contact name					
Position (if applicable)					
Company name (if applicable)					
Phone number	Mobile				

Email address						
Business or postal address line 1						
Business or postal address line 2						
Suburb						
State			Postcoo	de		
Part 3 – Land details						
<ul> <li>You must accurately desc</li> <li>Provide copies of associate (limitations, interests, encurate them (i.e. caveats within firm)</li> <li>If you have a large number property in a separately at</li> </ul>	ted document umbrances or reehold Lots) er of propertie	ts registere notificatio s, please p	ed agains ns) wher	at the Certifica e the clearing	te of Title may impac	et
I have a large number of properties and have given the relevant details in an attached supporting document.   □ Yes − skip to Part 4			□ No			
If 'No' – complete the following:						
Land description  Provide the following details, as for all properties:  - volume and folio number - lot or location number(s) - crown lease or reserve numb - pastoral lease number - mining tenement number						
Street address – Line 1						
Street address – Line 2						
Suburb						
State				Postcode		
Local government area(s)						
Land zoning						

# Part 4 – Relationship to landowner

Tell us which of the following options best describes you as the person completing and submitting this form. If you are filling out this form on behalf of the applicant, answer this question as though you are the applicant.

Proof of ownership may include:

- · a certificate of title
- · a pastoral or mining lease
- · public authority that has care, control or management of the land
- other form of lease, land tenure or specific arrangement.

Relationship to landowner (select one of the following options)	Complete the following
□ I am the landowner	☐ Attach proof of ownership
☐ I am lodging a form on behalf of the landowner (e.g. a consultant)	☐ Attach proof of ownership
☐ I am acting on the landowner's behalf and will be jointly responsible for the clearing permit (i.e. joint form)	☐ Attach proof of ownership ☐ Attach a letter, in which the landowner authorises you to act on their behalf and acknowledge they will be jointly responsible for the clearing permit
☐ I am likely to become the landowner	☐ Attach evidence of the pending transfer of ownership, including details of current proprietor on certificate of title, and/or contract of sale ('offer and acceptance')
☑ I will undertake the clearing activities with the landowner's authority and will be the permit holder	<ul> <li>         ⊠ Attach proof of ownership     </li> <li>         ⊠ Attach a letter, in which the landowner authorises you to access and clear native vegetation within the property(ies) as detailed in section 3.1 (if the applicant is not the landowner)     </li> </ul>
☐ I am a person with multiple land parcels within which clearing is proposed	☐ Attach proof of ownership and/or ☐ Attach letters, in which the landowner authorises you to access and clear native vegetation within the properties as detailed in section 3.1 (if the applicant is not the landowner)
☐ I will undertake the clearing activities through the exercise of power conferred by different legislation (e.g. the <i>Energy Operators (Powers) Act 1979</i> )	□ Provide relevant legislative details:

## Part 5 – Proposed clearing

## 5.1 Maps and/or spatial data

Select which map type(s) you will attach with your form.

Note: DWER/DEMIRS will decline/return forms (as applicable) if you do not provide sufficient information for this question.

☑ An ESRI shapefile with the following properties (preferred)

- Geometry type: polygon shape
- Coordinate system: Geocentric Datum of Australia (GDA) 2020 (geographic latitude/longitude)
- Datum: GDA 2020

☐ An aerial photograph or map with a north arrow, clearly marking the proposed clearing area

#### Note:

- An ESRI shapefile must use one of the following filename extensions: .shp, .shx, .dbf, and/or .prj
- You must provide an ESRI shapefile if the form requires an assessment under an Environment Protection and Biodiversity Conservation Act 1999 (Cth) (EPBC Act) accredited process. See Part 8 of this form for more information.

#### 5.2 Size

- If you propose to clear a patch(es) of vegetation, enter a hectare value for the total size of the area (mark number of trees as zero). For example, "clearing of 5 hectares".
- If you propose to clear only individual trees (i.e. the shrubs, grasses, groundcover plants will remain intact), provide the number of trees. For example, "clearing of 10 trees". If any shrubs, grasses, and/or groundcover plants may be damaged in the clearing process, enter the total area only.
- If you propose to clear an area of native vegetation within a larger footprint, enter the
  hectare value for the total size of the area to be cleared (mark number of trees as zero)
  and the size of the footprint. For example, 5 hectares of clearing within a 10-hectare
  footprint. This option is only available for purpose permit applications.
- Enter values for both number of trees and the size of the area only if you are clearing
  individual trees in one area and a patch of vegetation in a different area.
- Please note the following area conversions/calculations:

1 hectare =  $10,000 \text{ m}^2$  Area of circle =  $3.14 \text{ x radius}^2$ 1 acre = 0.4 hectares/4,000 m<sup>2</sup> Area of a rectangle = length x width

1 tree = 0.01 hectares/100 m<sup>2</sup> Area of a triangle =  $\frac{1}{2}$  length x perpendicular height

Total area of clearing proposed (hectares)	35.17	
Footprint of clearing (hectares) (purpose permit only)	61.00 Revised to 60.8 ha	
Number of individual trees to be cleared	0	

Note: Calculate the area of a tree based on the area encompassed by the tree's drip line; that being the outermost circumference of the tree's canopy.

## 5.3 Purpose

o.o i dipose				
Provide the reason for proposed clearing (e.g. road construction, grazing and pasture, hazard reduction, horticulture, timber harvesting etc.).		The proposed clearing is to support the relocation of the Leonora rail terminal and associated infrastructure.		
or explain in detail the provide context of wo	any additional project overview e activities on the property (e.g ork proposed and describe how e to overall work activities			
Specify what the final	I land use will be after clearing	Rail Terminal.		
5.4 Method				
	clearing draining, flooding, grazing, bulldozing or other – specify)	Mechanical clearing / bulldozing.		
5.5 Timeframe		•		
-	ou propose to do the clearing	Start date: 01/05/2026		
(e.g. 1/7/2022 to 30/8	3/2024)	End date: 30/12/2026		
Note: The clearing referral process is not suitable for any clearing that is expected to take long than two years.				
5.6 Pre-application	scoping			
Biogeographic Region	alisation for Australia (IBRA) bigly recommends a pre-applicat	stal Plain and Avon Wheatbelt Interim oregions has been extensive. on meeting if you propose to clear native		
	☐ Yes – complete section be	OW		
		ation meeting with DWER/DEMIRS		
Do you propose to clear native vegetation within the Swan Coastal Plain or Avon Wheatbelt bioregions?	Insert date of meeting and officer name(s):			
		R/DEMIRS in relation to a pre-application that a meeting is unnecessary in this		
	Insert date of conversation and officer name(s):			

☐ I have not had a pre-application meeting with DWER/DEMIRS. I understand that this may increase the likelihood of requests for further information and/or delays in assessment.
No − proceed to next question.

# Part 6 – Mitigation hierarchy

## 6.1 Avoidance and mitigation

Explain how you have, or will, put avoidance and mitigation measures in place to eliminate, reduce, or otherwise mitigate the need for and scale of the proposed clearing of native vegetation.

Attach supporting documents to substantiate your explanation.

Your explanation should demonstrate you have planned the project so that the least clearing possible is to be undertaken. The following questions may help you frame your explanation:

- · Why did you select this location and amount of clearing?
- What alternatives to clearing e.g. engineering solutions did you consider? (Attach design drawings where applicable)
- What changes, if any, did you make to the location or amount of clearing to reduce the impacts of the clearing?

Note: If you do not demonstrate adequate efforts to avoid and mitigate clearing, DWER/DEMIRS will ask you to do so during the validation of this application. Offsets will only be considered by DWER/DEMIRS as a last resort, once avoidance and minimisation measures have been clearly demonstrated.

Provide the avoidance details (e.g. retention of vegetation on property)	The design and siting of the rail terminal minimizes clearing by being situated in a sparsely vegetated area and purposefully not in the vicinity of any drainage lines or water courses.  Genesis has designed engineering controls to minimize clearing impact whilst still ensuring safe operations.  Further information is provided in the Native Vegetation Clearing Permit (Purpose): Supporting Documentation.
Provide the mitigation details (e.g. management of weed spread, rehabilitation)	A weed management plan will be implemented onto the site, alongside a topsoil management plan. Genesis operates with an Environmental Management System ensuring reduction of environmental risk and outlines measures that minimise impact to the environment.

#### 6.2 Offsets

Do you want to submit a clearing offset proposal with your form?	□ Yes ⊠ No
If 'Yes' – please complete and attach Appendix A of the <u>Clearing</u> of native vegetation offsets procedure guideline as a supporting	☐ Appendix A attached

document for your form.					
Part 7 – Surveys for assessments (IBSA and IMSA)					
Do you want to submit marine or biodiversity surveys in support of your form?					
7.1 Biodiversity surveys					
If you want to submit any biodiversity surveys to support this form, Environmental Protection Authority's (EPA) <u>Instructions for the prethe Index of Biodiversity Surveys for Assessments</u> (IBSA). If you derequirements, DWER/DEMIRS will decline/return your form.	paration of data packages for				
Please provide the IBSA number(s) – or submission number(s) if the IBSA number has not yet been issued – in the space provided. Note that a submission number is not confirmation that a biodiversity survey has been accepted and is not the same as an IBSA number. IBSA numbers are only issued once a survey has been accepted. Once an IBSA number is issued, please notify DWER/DEMIRS. Please note DWER/DEMIRS will suspend the assessment timeframes for your application until you provide the IBSA number(s).					
Have you submitted all the biodiversity surveys that support this form to the <u>Index of Biodiversity Surveys for Assessment</u> ?					
Provide an IBSA number (preferred) or a submission number(s)	IBSASUB-20250908- B07A93E3				
	IBSASUB-20250908- BD4CA640				
7.2 Marine surveys					
If you want to submit any marine surveys to support this form, you must follow the EPA's <a href="Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments">Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments</a> (IMSA). If you do not meet the IMSA requirements, DWER/DEMIRS will decline/return your form.					
Assessments (IMSA). If you do not meet the IMSA requirements, DWER/DEMIRS will					

# Part 8 – Assessment bilateral agreement

Have you prepared all the marine surveys that support this form in

accordance with the EPA's Instructions for the preparation of data

packages for the Index of Marine Surveys for Assessments?

The native vegetation clearing processes under Part V of the EP Act have been accredited by the Commonwealth of Australia under the EPBC Act and so can be assessed under an assessment bilateral agreement.

☐ Yes

To be assessed this way, the proposed clearing action must have been referred to the Commonwealth under the EPBC Act and deemed a 'controlled action' before you submit this

form. DWER/DEMIRS will decline to deal with your application without the proposed clearing first being deemed a controlled action.

For further information, see DWER's guidance on the assessment bilateral agreement.

Do you want your proposed clearing action assessed in accordance with, or under, an EPBC Act Accredited Process, such as the assessment bilateral agreement or accredited assessment?	☐ Yes ☑ No – skip to Part 9
Is your proposed clearing a controlled action?  If 'Yes', please make sure you have entered all the mandatory details in the Annex C7 form	☐ Yes  EPBC number:  ☐ Annex C7 form attached  ☐ No (DWER/DEMIRS cannot assess the application under an EPBC Act Accredited Process)
List the controlling provisions identified in the notification of the controlled action decision	

# Part 9 – Other approvals

## 9.1 Environmental impact assessment (Part IV of the EP Act)

Clearing may be referred to the EPA if it is considered to be part of a 'significant proposal', as defined by section 37B(1) of the EP Act, or will likely to be part of a larger development. An example is when the clearing is for a road to a future mine.

Section 37B(1) of the EP Act defines a 'significant proposal' as "a proposal likely, if implemented, to have a significant effect on the environment". If a decision-making authority (e.g. DWER/DEMIRS) considers the proposal in this form is likely to constitute a 'significant proposal', under section 38(5) of the EP Act they must refer the proposal to the EPA under Part IV, if such a referral has not already been made.

Has the proposed clearing or any related matter been referred to the EPA?	□ Yes  Enter details:  □ No – complete question below.	
If 'No' – do you intend to refer the proposal to the EPA?	☐ Yes – intend to refer (proposal is a 'significant proposal') ☐ Yes – intend to refer (proposal will require a section 45C amendment to the current Ministerial Statement)	

□ No − 8	a current valid Minis	sterial Statement applies	
Enter M	linisterial Statement number:		
⊠ No –	not a significant proposal		
9.2 Other approvals – works approval, licence or registration (Part V Division 3 of the EP Act)			
Have you applied or do you intend to apply for a works approval, licence, registration or an amendment to any of the above, under Part V Division 3 of the EP Act?  It is an offence to perform any action that would cause a premises to become a prescribed premises of a type listed in Schedule 1 of the Environmental Protection Regulations 1987, unless that action is done in accordance with a works approval, licence or registration. For further guidance, see DWER's <u>Procedure: Prescribed premises works approvals and licences</u> and <u>Guideline: Industry regulation guide to licensing</u> .		<ul> <li>Yes</li> <li>Application reference:</li> <li>No – a valid works approval applies</li> <li>No – a valid licence applies</li> <li>No – a valid registration applies</li> <li>No – not required</li> </ul>	
9.3 Water licences and permits (Rights in Water and Irrigation Act 1914)			
Have you applied or do you intend to apply for:		□ Yes	
<ul> <li>a licence or amendment to a licence to take water (surface water or groundwater)</li> </ul>		□ No – a current valid licence applies	
<ul> <li>a licence or amendment to a licence to construct wells (including bores and soaks), or</li> </ul>		Licence number:	
<ul> <li>a permit or amendment to a permit to interfere with the bed and banks of a watercourse?</li> </ul>		Not applicable     ■	
For further guidance on water licences and permits under the <i>Rights in Water and Irrigation Act 1914</i> , see DWER's <u>Procedure: Water licences and permits</u> .			
9.4 Planning and other approvals			
Has the proposal obtained all relevant planning approvals	□ Yes		
and/or have you applied for all relevant planning approvals (e.g. Development	Enter details:		
Approval, Extractive Industry Licence, etc.)?	□ No – planning	approval is not required	
	Enter details:
