

Application for new permit or referral to clear native vegetation

This is the form to submit a referral of proposed clearing or apply for a clearing permit under Part V of the *Environmental Protection Act 1986* (EP Act).

Before you submit this form, please check you have completed all the fields for the form type and fully prepared any required supporting documents (maps etc.). The Department of Water and Environmental Regulation (DWER) or Department of Energy, Mines, Industry Regulation and Safety (DEMIRS) will return/decline any forms that are not correctly completed.

To find out more about the stages of assessment for clearing permit forms, see the [Procedure: Native vegetation clearing permits](#).

Part 1 – Form type

Select your form type. Note: Where appropriate in this form, and unless stated otherwise, the terms ‘application’ and ‘applicant’ also mean ‘referral’ and ‘referrer’ respectively.	☐ Referral of proposed clearing (section 51DA of the EP Act) ☒ Application for an area permit (section 51E of the EP Act) ☐ Application for a purpose permit (section 51E of the EP Act)
Which department are you submitting this form to? If the clearing is for mineral and petroleum activities authorised under the <i>Mining Act 1978</i>, the various petroleum Acts, and/or a State Agreement with areas covered by either mineral or petroleum tenure granted under one of the abovementioned Acts, select ‘Department of Energy, Mines, Industry Regulation and Safety’. For all other clearing activities, select ‘Department of Water and Environmental Regulation’.	☐ Department of Energy, Mines, Industry Regulation and Safety ☒ Department of Water and Environmental Regulation

Part 2 – Applicant details

2.1 Applicant name

For area permits: If granted, the name(s) of (all) landowner(s) will be listed as 'permit holders' on the permit. For purpose permits: If granted, the name(s) of (all) applicant(s) will go on the permit.	☐ Applying as an individual – complete the following:	
	Title	☐ Mr ☐ Mrs ☐ Ms ☐ Other:
	Name(s)	
	☐ Applying as a body corporate or other entity formed at law – complete the following:	
	Name	
	Australian Company Number (ACN)	
	☒ Applying as a government entity (e.g. government department, local government authority, or other statutory body)	
	Name	City of Canning

2.2 Applicant contact details

Provide the contact details for the above (primary contact).

Title	
First name	
Last name	
Position	
Company name	
Phone number	
Email address	

2.3 Applicant contact postal details

Provide the postal address for the above individual, body corporate or local government authority (primary contact).

Address line 1	
Address line 2	

Suburb	
State	

2.4 Applicant contact – registered business address

If applying as a company, incorporated body, local government authority or public authority, please also supply the registered business office address.

Address line 1			
Address line 2			
Suburb			
State		Postcode	
Phone number		Mobile	

2.5 Electronic correspondence consent

DWER/DEMIRS prefer to send all correspondence via email. We request that you consent to receiving all correspondence relating to instruments and notices under Part V of the EP Act via email. Please indicate your consent in this section of the form.

I consent that all written correspondence between myself (the applicant) and DWER/DEMIRS (as applicable) about the subject of this form will be exclusively via email, using the email address provided above.	☒ Yes ☐ No
--	---

2.6 Contact details for enquiries

If different from the applicant's contact details, enter the contact details of a person with whom DWER/DEMIRS should liaise with (e.g. a consultant).

Same as applicant's contact details	☒ Yes ☐ No
-------------------------------------	---

If 'No' – complete the following:

Title	☐ Mr ☐ Mrs ☐ Ms ☐ Other:			
Contact name				
Position (if applicable)				
Company name (if applicable)				
Phone number		Mobile		

Email address			
Business or postal address line 1			
Business or postal address line 2			
Suburb			
State		Postcode	

Part 3 – Land details

- You must accurately describe the location of the land where your clearing is proposed.
- Provide copies of associated documents registered against the Certificate of Title (limitations, interests, encumbrances or notifications) where the clearing may impact them (i.e. caveats within freehold Lots).
- If you have a large number of properties, please provide the relevant details for each property in a separately attached supporting document.

I have a large number of properties and have given the relevant details in an attached supporting document.	☐ Yes – skip to Part 4 ☒ No
---	--

If 'No' – complete the following:

Land description Provide the following details, as applicable, for all properties: – volume and folio number – lot or location number(s) – crown lease or reserve number – pastoral lease number – mining tenement number	Parcel 1 (88-100 Centre St) Lot on Plan: P001904 262 Land ID: 1366267 Parcel 2 (169 Treasure Rd) Lot on Plan: D039644 29 Land ID: 1227638		
Street address – Line 1	88-100 Centre Street 169 Treasure Road		
Street address – Line 2			
Suburb	Queens Park		
State	Western Australia	Postcode	6107
Local government area(s)	City of Canning		

Land zoning	Local Planning Scheme – Public Open Space
-------------	---

Part 4 – Relationship to landowner

Tell us which of the following options best describes you as the person completing and submitting this form. If you are filling out this form on behalf of the applicant, answer this question as though you are the applicant.

Proof of ownership may include:

- a certificate of title
- a pastoral or mining lease
- public authority that has care, control or management of the land
- other form of lease, land tenure or specific arrangement.

Relationship to landowner (select one of the following options)	Complete the following
☒ I am the landowner	☒ Attach proof of ownership
☐ I am lodging a form on behalf of the landowner (e.g. a consultant)	☐ Attach proof of ownership
☐ I am acting on the landowner's behalf and will be jointly responsible for the clearing permit (i.e. joint form)	☐ Attach proof of ownership ☐ Attach a letter, in which the landowner authorises you to act on their behalf and acknowledge they will be jointly responsible for the clearing permit
☐ I am likely to become the landowner	☐ Attach evidence of the pending transfer of ownership, including details of current proprietor on certificate of title, and/or contract of sale ('offer and acceptance')
☐ I will undertake the clearing activities with the landowner's authority and will be the permit holder	☐ Attach proof of ownership ☐ Attach a letter, in which the landowner authorises you to access and clear native vegetation within the property(ies) as detailed in section 3.1 (if the applicant is not the landowner)
☐ I am a person with multiple land parcels within which clearing is proposed	☐ Attach proof of ownership and/or ☐ Attach letters, in which the landowner authorises you to access and clear native vegetation within the properties as detailed in section 3.1 (if the applicant is not the landowner)
☐ I will undertake the clearing activities through the exercise of power conferred by different legislation (e.g. the <i>Energy Operators (Powers) Act 1979</i>)	☐ Provide relevant legislative details:

Part 5 – Proposed clearing

5.1 Maps and/or spatial data

Select which map type(s) you will attach with your form. Note: DWER/DEMIRS will decline/return forms (as applicable) if you do not provide sufficient information for this question.	☒ An ESRI shapefile with the following properties (preferred) • Geometry type: polygon shape • Coordinate system: Geocentric Datum of Australia (GDA) 2020 (geographic latitude/longitude) • Datum: GDA 2020 ☒ An aerial photograph or map with a north arrow, clearly marking the proposed clearing area Note: • An ESRI shapefile must use one of the following filename extensions: .shp, .shx, .dbf, and/or .prj • You must provide an ESRI shapefile if the form requires an assessment under an <i>Environment Protection and Biodiversity Conservation Act 1999</i> (Cth) (EPBC Act) accredited process. See Part 8 of this form for more information.
--	---

5.2 Size

- If you propose to clear a patch(es) of vegetation, enter a hectare value for the total size of the area (mark number of trees as zero). For example, “clearing of 5 hectares”.
- If you propose to clear only individual trees (i.e. the shrubs, grasses, groundcover plants will remain intact), provide the number of trees. For example, “clearing of 10 trees”. If any shrubs, grasses, and/or groundcover plants **may** be damaged in the clearing process, enter the total area only.
- If you propose to clear an area of native vegetation within a larger footprint, enter the hectare value for the total size of the area to be cleared (mark number of trees as zero) and the size of the footprint. For example, 5 hectares of clearing within a 10-hectare footprint. This option is only available for purpose permit applications.
- Enter values for **both** number of trees and the size of the area **only if** you are clearing individual trees in one area **and** a patch of vegetation in a different area.
- Please note the following area conversions/calculations:

1 hectare = 10,000 m²

1 acre = 0.4 hectares/4,000 m²

1 tree = 0.01 hectares/100 m²

Area of circle = 3.14 x radius²

Area of a rectangle = length x width

Area of a triangle = ½ length x perpendicular height

Total area of clearing proposed (hectares)	0.995 hectares (digitised as 0.99 ha)
Footprint of clearing (hectares) (purpose permit only)	NA
Number of individual trees to be cleared	1*
*One dead <i>Melaleuca raphiophylla</i> at located along George Street confirmed for removal. Remaining trees are to be protected during construction.	

Note: Calculate the area of a tree based on the area encompassed by the tree's drip line; that being the outermost circumference of the tree's canopy.

5.3 Purpose

Provide the reason for proposed clearing (e.g. road construction, grazing and pasture, hazard reduction, horticulture, timber harvesting etc.). If applicable, provide any additional project overview or explain in detail the activities on the property (e.g. provide context of work proposed and describe how clearing will contribute to overall work activities onsite etc.).	As part of a Federal Government grant, the City is undertaking basin enhancement works in Queens Park Basin. The existing basin which is dominated by, invasive species and <i>Typha orientalis</i> will be cleared and the basin excavated. Two native species are present on site, <i>Typha orientalis</i> and <i>Melaleuca raphiophylla</i>. The City is requesting authorization to clear both species in order to excavate the basin to improve drainage infrastructure and allow for revegetation. Following the revegetation of the constructed basin, weed control and the ongoing management of any re-emerging typha will continue in order to allow other native species to establish.
Specify what the final land use will be after clearing	Drainage infrastructure Wetland

5.4 Method

Proposed method of clearing (i.e. burning, cutting, draining, flooding, grazing, mechanical clearing/bulldozing or other – specify)	Initial Clearing – Forestry mulching/slashing Ongoing management – Slashing and chemical control
---	--

5.5 Timeframe

Period within which you propose to do the clearing (e.g. 1/7/2022 to 30/8/2024)	Start date: 1 January 2026 End date: 1 January 2036
---	---

Note: The clearing referral process is not suitable for any clearing that is expected to take longer than two years.

5.6 Pre-application scoping

Historic clearing of native vegetation in the Swan Coastal Plain and Avon Wheatbelt [Interim Biogeographic Regionalisation for Australia](#) (IBRA) bioregions has been extensive.

DWER/DEMIRS strongly recommends a pre-application meeting if you propose to clear native vegetation within these bioregions.

Do you propose to clear native vegetation within	☒ Yes – complete section below ☒ I have had a pre-application meeting with DWER/DEMIRS
--	--

the Swan Coastal Plain or Avon Wheatbelt bioregions?	Insert date of meeting and officer name(s):	Wednesday 10 th September Temika Mathieson
	☐ I have contacted DWER/DEMIRS in relation to a pre-application meeting and been advised that a meeting is unnecessary in this case.	
	Insert date of conversation and officer name(s):	
	☐ I have not had a pre-application meeting with DWER/DEMIRS. I understand that this may increase the likelihood of requests for further information and/or delays in assessment. ☐ No – proceed to next question.	

Part 6 – Mitigation hierarchy

6.1 Avoidance and mitigation

Explain how you have, or will, put avoidance and mitigation measures in place to eliminate, reduce, or otherwise mitigate the need for and scale of the proposed clearing of native vegetation.

Attach supporting documents to substantiate your explanation.

Your explanation should demonstrate you have planned the project so that the least clearing possible is to be undertaken. The following questions may help you frame your explanation:

- Why did you select this location and amount of clearing?
- What alternatives to clearing – e.g. engineering solutions – did you consider? (Attach design drawings where applicable)
- What changes, if any, did you make to the location or amount of clearing to reduce the impacts of the clearing?

Note: If you do not demonstrate adequate efforts to avoid and mitigate clearing, DWER/DEMIRS will ask you to do so during the validation of this application. Offsets will only be considered by DWER/DEMIRS as a last resort, once avoidance and minimisation measures have been clearly demonstrated.

Provide the avoidance details (e.g. retention of vegetation on property)	The City proposes to only clear <i>Typha orientalis</i> during the construction process as this unavoidable but retain the Melaleucas. The City has designed the basin around the small stand of <i>Melaleuca raphiophylla</i> and construction tender documents will require the establishment of a tree protection zone. Whilst the City is avoiding the clearing of these trees, a permit is still being sought in case any damage occurs to them. Any trees lost or damaged will be replaced.
--	---

Provide the mitigation details (e.g. management of weed spread, rehabilitation)	The City will also be mitigating the impact the loss of habitat via revegetation the entirety of the basin. The City has already placed a plant order of approximately 80,000 native plants including sedges which will provide similar habitat such as <i>Juncus pallidus</i> , <i>Juncus subsecundus</i> , <i>Machaerina juncea</i> and <i>Ficinia nodosa</i> .
---	---

6.2 Offsets

Do you want to submit a clearing offset proposal with your form?	☐ Yes ☒ No
If 'Yes' – please complete and attach Appendix A of the Clearing of native vegetation offsets procedure guideline as a supporting document for your form.	☐ Appendix A attached

Part 7 – Surveys for assessments (IBSA and IMSA)

Do you want to submit marine or biodiversity surveys in support of your form?	☐ Yes ☒ No – skip to Part 8
---	--

7.1 Biodiversity surveys

If you want to submit any biodiversity surveys to support this form, you must follow the Environmental Protection Authority's (EPA) [Instructions for the preparation of data packages for the Index of Biodiversity Surveys for Assessments](#) (IBSA). If you do not meet the IBSA requirements, DWER/DEMIRS will decline/return your form.

Please provide the IBSA number(s) – or submission number(s) if the IBSA number has not yet been issued – in the space provided. Note that a submission number is not confirmation that a biodiversity survey has been accepted and is not the same as an IBSA number. IBSA numbers are only issued once a survey has been accepted. Once an IBSA number is issued, please notify DWER/DEMIRS. Please note DWER/DEMIRS will suspend the assessment timeframes for your application until you provide the IBSA number(s).

Have you submitted all the biodiversity surveys that support this form to the Index of Biodiversity Surveys for Assessment ?	☐ Yes ☒ Not applicable
Provide an IBSA number (preferred) or a submission number(s)	

7.2 Marine surveys

If you want to submit any marine surveys to support this form, you must follow the EPA's [Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments](#) (IMSA). If you do not meet the IMSA requirements, DWER/DEMIRS will decline/return your form.

Have you prepared all the marine surveys that support this form in accordance with the EPA's Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments ?	☐ Yes ☒ Not applicable
--	--

Part 8 – Assessment bilateral agreement

The native vegetation clearing processes under Part V of the EP Act have been accredited by the Commonwealth of Australia under the EPBC Act and so can be assessed under an assessment bilateral agreement.

To be assessed this way, the proposed clearing action must have been referred to the Commonwealth under the EPBC Act and deemed a **‘controlled action’** before you submit this form. DWER/DEMIRS will decline to deal with your application without the proposed clearing first being deemed a controlled action.

For further information, see DWER’s [guidance on the assessment bilateral agreement](#).

Do you want your proposed clearing action assessed in accordance with, or under, an EPBC Act Accredited Process, such as the assessment bilateral agreement or accredited assessment?	☐ Yes ☒ No – skip to Part 9		
Is your proposed clearing a controlled action? If ‘Yes’, please make sure you have entered all the mandatory details in the Annex C7 form	☐ Yes <table border="1"><tr><td>EPBC number:</td><td></td></tr></table> ☐ Annex C7 form attached ☐ No (DWER/DEMIRS cannot assess the application under an EPBC Act Accredited Process)	EPBC number:	
EPBC number:			
List the controlling provisions identified in the notification of the controlled action decision			

Part 9 – Other approvals

9.1 Environmental impact assessment (Part IV of the EP Act)

Clearing may be referred to the EPA if it is considered to be part of a ‘significant proposal’, as defined by section 37B(1) of the EP Act, or will likely to be part of a larger development. An example is when the clearing is for a road to a future mine.

Section 37B(1) of the EP Act defines a ‘significant proposal’ as “a proposal likely, if implemented, to have a significant effect on the environment”. If a decision-making authority (e.g. DWER/DEMIRS) considers the proposal in this form is likely to constitute a ‘significant proposal’, under section 38(5) of the EP Act they must refer the proposal to the EPA under Part IV, if such a referral has not already been made.

Has the proposed clearing or any related matter been referred to	☐ Yes <table border="1"><tr><td>Enter details:</td><td></td></tr></table>	Enter details:	
Enter details:			

the EPA?	☒ No – complete question below.	
If 'No' – do you intend to refer the proposal to the EPA?	☐ Yes – intend to refer (proposal is a 'significant proposal') ☐ Yes – intend to refer (proposal will require a section 45C amendment to the current Ministerial Statement) ☐ No – a current valid Ministerial Statement applies Enter Ministerial Statement number: ☒ No – not a significant proposal	

9.2 Other approvals – works approval, licence or registration (Part V Division 3 of the EP Act)

Have you applied or do you intend to apply for a works approval, licence, registration or an amendment to any of the above, under Part V Division 3 of the EP Act? It is an offence to perform any action that would cause a premises to become a prescribed premises of a type listed in Schedule 1 of the Environmental Protection Regulations 1987, unless that action is done in accordance with a works approval, licence or registration. For further guidance, see DWER's Procedure: Prescribed premises works approvals and licences and Guideline: Industry regulation guide to licensing.	☐ Yes Application reference: ☐ No – a valid works approval applies ☐ No – a valid licence applies ☐ No – a valid registration applies ☒ No – not required
---	---

9.3 Water licences and permits (*Rights in Water and Irrigation Act 1914*)

Have you applied or do you intend to apply for: • a licence or amendment to a licence to take water (surface water or groundwater) • a licence or amendment to a licence to construct wells (including bores and soaks), or • a permit or amendment to a permit to interfere with the bed and banks of a watercourse? For further guidance on water licences and permits under the <i>Rights in Water and Irrigation Act 1914</i>, see DWER's Procedure: Water licences and permits.	☐ Yes ☐ No – a current valid licence applies Licence number: ☒ Not applicable
--	---

9.4 Planning and other approvals
