

## Application for new permit or referral to clear native vegetation

This is the form to submit a referral of proposed clearing or apply for a clearing permit under Part V of the *Environmental Protection Act 1986* (EP Act).

Before you submit this form, please check you have completed all the fields for the form type and fully prepared any required supporting documents (maps etc.). The Department of Water and Environmental Regulation (DWER) or Department of Energy, Mines, Industry Regulation and Safety (DEMIRS) will return/decline any forms that are not correctly completed.

To find out more about the stages of assessment for clearing permit forms, see the [Procedure: Native vegetation clearing permits](#).

### Part 1 – Form type

<p>Select your <a href="#"><u>form type</u></a>.</p> <p><b>Note:</b> Where appropriate in this form, and unless stated otherwise, the terms 'application' and 'applicant' also mean 'referral' and 'referrer' respectively.</p>	<p><input type="checkbox"/> Referral of proposed clearing (section 51DA of the EP Act)</p> <p><input type="checkbox"/> Application for an area permit (section 51E of the EP Act)</p> <p><input checked="" type="checkbox"/> Application for a purpose permit (section 51E of the EP Act)</p>
---	---

<p>Which department are you submitting this form to?</p> <p>If the clearing is for mineral and petroleum activities authorised under the <i>Mining Act 1978</i>, the various petroleum Acts, and/or a State Agreement with areas covered by either mineral or petroleum tenure granted under one of the abovementioned Acts, select 'Department of Energy, Mines, Industry Regulation and Safety'.</p> <p>For all other clearing activities, select 'Department of Water and Environmental Regulation'.</p>	<p><input checked="" type="checkbox"/> Department of Energy, Mines, Industry Regulation and Safety</p> <p><input type="checkbox"/> Department of Water and Environmental Regulation</p>
---	---

## Part 2 – Applicant details

### 2.1 Applicant name

<p><b>For area permits:</b> If granted, the name(s) of (all) landowner(s) will be listed as 'permit holders' on the permit.</p> <p><b>For purpose permits:</b> If granted, the name(s) of (all) applicant(s) will go on the permit.</p>	<input type="checkbox"/> Applying as an individual – complete the following:		
	Title	<input type="checkbox"/> Mr <input type="checkbox"/> Mrs <input type="checkbox"/> Ms <input type="checkbox"/> Other:	
	Name(s)		
	<input checked="" type="checkbox"/> Applying as a body corporate or other entity formed at law – complete the following:		
	Name	NM Gold Operations Pty Ltd	
	Australian Company Number (ACN)	113 854 596	
	<input type="checkbox"/> Applying as a government entity (e.g. government department, local government authority, or other statutory body)		
Name			

### 2.2 Applicant contact details

Provide the contact details for the above (primary contact).

Title	<input checked="" type="checkbox"/> Mr <input type="checkbox"/> Mrs <input type="checkbox"/> Ms <input type="checkbox"/> Other:		
First name	Alex		
Last name	Passmore		
Position	Director		
Company name	NM Gold Operations Pty Ltd		
Phone number	+61 8 9389 6927	Mobile	
Email address	info@newmurchgold.com.au		

### 2.3 Applicant contact postal details

Provide the postal address for the above individual, body corporate or local government authority (primary contact).

Address line 1	PO Box 215
Address line 2	

Suburb	West Perth		
State	WA	Postcode	6872

#### 2.4 Applicant contact – registered business address

If applying as a company, incorporated body, local government authority or public authority, please also supply the registered business office address.

Address line 1	Suite 8, Level 2, 5 Ord Street		
Address line 2			
Suburb	West Perth		
State	WA	Postcode	6005
Phone number	+61 8 9389 6927	Mobile	

#### 2.5 Electronic correspondence consent

DWER/DEMIRS prefer to send all correspondence via email. We request that you consent to receiving all correspondence relating to instruments and notices under Part V of the EP Act via email. Please indicate your consent in this section of the form.

I consent that all written correspondence between myself (the applicant) and DWER/DEMIRS (as applicable) about the subject of this form will be exclusively via email, using the email address provided above.	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
--	---

#### 2.6 Contact details for enquiries

If different from the applicant's contact details, enter the contact details of a person with whom DWER/DEMIRS should liaise with (e.g. a consultant).

Same as applicant's contact details	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
-------------------------------------	---

If 'No' – complete the following:

Title	<input checked="" type="checkbox"/> Mr <input type="checkbox"/> Mrs <input type="checkbox"/> Ms <input type="checkbox"/> Other:				
Contact name	Ian Mullins				
Position (if applicable)	Principal Consultant & South West Manager				
Company name (if applicable)	MBS Environmental				
Phone number		Mobile	+61 413 594 275		

Email address	IMullins@mbsenvironmental.com.au		
Business or postal address line 1	Unit 1B, 72 Duchess St		
Business or postal address line 2			
Suburb	Busselton		
State	WA	Postcode	6280

### Part 3 – Land details

- You must accurately describe the location of the land where your clearing is proposed.
- Provide copies of associated documents registered against the Certificate of Title (limitations, interests, encumbrances or notifications) where the clearing may impact them (i.e. caveats within freehold Lots).
- If you have a large number of properties, please provide the relevant details for each property in a separately attached supporting document.

I have a large number of properties and have given the relevant details in an attached supporting document.

Yes – skip to Part 4  No

If 'No' – complete the following:

<b>Land description</b>  Provide the following details, as applicable, for all properties:  – volume and folio number – lot or location number(s) – crown lease or reserve number – pastoral lease number – mining tenement number	Mining Tenements:  L 51/138, L 51/139		
Street address – Line 1			
Street address – Line 2			
Suburb			
State	WA	Postcode	6642
Local government area(s)	Shire of Meekatharra		
Land zoning			

## Part 4 – Relationship to landowner

Tell us which of the following options best describes you as the person completing and submitting this form. If you are filling out this form on behalf of the applicant, answer this question as though you are the applicant.

Proof of ownership may include:

- a certificate of title
- a pastoral or mining lease
- public authority that has care, control or management of the land
- other form of lease, land tenure or specific arrangement.

<b>Relationship to landowner (select one of the following options)</b>	<b>Complete the following</b>
<input type="checkbox"/> I am the landowner	<input type="checkbox"/> Attach proof of ownership
<input checked="" type="checkbox"/> I am lodging a form on behalf of the landowner (e.g. a consultant)	<input checked="" type="checkbox"/> Attach proof of ownership
<input type="checkbox"/> I am acting on the landowner's behalf and will be jointly responsible for the clearing permit (i.e. joint form)	<input type="checkbox"/> Attach proof of ownership <input type="checkbox"/> Attach a letter, in which the landowner authorises you to act on their behalf and acknowledge they will be jointly responsible for the clearing permit
<input type="checkbox"/> I am likely to become the landowner	<input type="checkbox"/> Attach evidence of the pending transfer of ownership, including details of current proprietor on certificate of title, and/or contract of sale ('offer and acceptance')
<input type="checkbox"/> I will undertake the clearing activities with the landowner's authority and will be the permit holder	<input type="checkbox"/> Attach proof of ownership <input type="checkbox"/> Attach a letter, in which the landowner authorises you to access and clear native vegetation within the property(ies) as detailed in section 3.1 (if the applicant is not the landowner)
<input type="checkbox"/> I am a person with multiple land parcels within which clearing is proposed	<input type="checkbox"/> Attach proof of ownership and/or <input type="checkbox"/> Attach letters, in which the landowner authorises you to access and clear native vegetation within the properties as detailed in section 3.1 (if the applicant is not the landowner)
<input type="checkbox"/> I will undertake the clearing activities through the exercise of power conferred by different legislation (e.g. the <i>Energy Operators (Powers) Act 1979</i> )	<input type="checkbox"/> Provide relevant legislative details:

## Part 5 – Proposed clearing

### 5.1 Maps and/or spatial data

<p>Select which map type(s) you will attach with your form.</p> <p>Note: DWER/DEMIRS will decline/return forms (as applicable) if you do not provide sufficient information for this question.</p>	<p><input checked="" type="checkbox"/> An ESRI shapefile with the following properties (preferred)</p> <ul style="list-style-type: none"><li>• Geometry type: polygon shape</li><li>• Coordinate system: Geocentric Datum of Australia (GDA) 2020 (geographic latitude/longitude)</li><li>• Datum: GDA 2020</li></ul> <p><input type="checkbox"/> An aerial photograph or map with a north arrow, clearly marking the proposed clearing area</p> <p>Note:</p> <ul style="list-style-type: none"><li>• An ESRI shapefile must use one of the following filename extensions: .shp, .shx, .dbf, and/or .prj</li><li>• You must provide an ESRI shapefile if the form requires an assessment under an <i>Environment Protection and Biodiversity Conservation Act 1999</i> (Cth) (EPBC Act) accredited process. See Part 8 of this form for more information.</li></ul>
--	---

### 5.2 Size

- If you propose to clear a patch(es) of vegetation, enter a hectare value for the total size of the area (mark number of trees as zero). For example, “clearing of 5 hectares”.
- If you propose to clear only individual trees (i.e. the shrubs, grasses, groundcover plants will remain intact), provide the number of trees. For example, “clearing of 10 trees”. If any shrubs, grasses, and/or groundcover plants **may** be damaged in the clearing process, enter the total area only.
- If you propose to clear an area of native vegetation within a larger footprint, enter the hectare value for the total size of the area to be cleared (mark number of trees as zero) and the size of the footprint. For example, 5 hectares of clearing within a 10-hectare footprint. This option is only available for purpose permit applications.
- Enter values for **both** number of trees and the size of the area **only if** you are clearing individual trees in one area **and** a patch of vegetation in a different area.
- Please note the following area conversions/calculations:

$$1 \text{ hectare} = 10,000 \text{ m}^2$$

$$\text{Area of circle} = 3.14 \times \text{radius}^2$$

$$1 \text{ acre} = 0.4 \text{ hectares}/4,000 \text{ m}^2$$

$$\text{Area of a rectangle} = \text{length} \times \text{width}$$

$$1 \text{ tree} = 0.01 \text{ hectares}/100 \text{ m}^2$$

$$\text{Area of a triangle} = \frac{1}{2} \text{ length} \times \text{perpendicular height}$$

Total area of clearing proposed (hectares)	<b>26.60</b>
Footprint of clearing (hectares) (purpose permit only)	<b>168.11</b>
Number of individual trees to be cleared	

Note: Calculate the area of a tree based on the area encompassed by the tree's drip line; that being the outermost circumference of the tree's canopy.

### 5.3 Purpose

Provide the reason for proposed clearing (e.g. road construction, grazing and pasture, hazard reduction, horticulture, timber harvesting etc.).  If applicable, provide any additional project overview or explain in detail the activities on the property (e.g. provide context of work proposed and describe how clearing will contribute to overall work activities onsite etc.).	Development of the Garden Gully Project requires dewatering of open pits for mining. Additional native vegetation clearing is required for the dewatering infrastructure to connect M 51/889 and M 51/886 to disposal pits including Sabbath Pit (via L 51/138) and Five Mile Well Pit (via L 51/139).
Specify what the final land use will be after clearing	Dewatering infrastructure (including pipelines to Sabbath and Five Mile Well pits, access, evaporators and monitoring bores).

### 5.4 Method

Proposed method of clearing (i.e. burning, cutting, draining, flooding, grazing, mechanical clearing/bulldozing or other – specify)	Mechanical clearing/bulldozing
---	--------------------------------

### 5.5 Timeframe

Period within which you propose to do the clearing (e.g. 1/7/2022 to 30/8/2024)	Start date: November 2025  End date: November 2026
---	--

Note: The clearing referral process is not suitable for any clearing that is expected to take longer than two years.

### 5.6 Pre-application scoping

Historic clearing of native vegetation in the Swan Coastal Plain and Avon Wheatbelt [Interim Biogeographic Regionalisation for Australia](#) (IBRA) bioregions has been extensive.

DWER/DEMIRS strongly recommends a pre-application meeting if you propose to clear native vegetation within these bioregions.

Do you propose to clear native vegetation within the Swan Coastal Plain or Avon Wheatbelt bioregions?	<input type="checkbox"/> Yes – complete section below		
	<input type="checkbox"/> I have had a pre-application meeting with DWER/DEMIRS		
	<table border="1"><tr><td>Insert date of meeting and officer name(s):</td><td></td></tr></table>	Insert date of meeting and officer name(s):	
Insert date of meeting and officer name(s):			
	<input type="checkbox"/> I have contacted DWER/DEMIRS in relation to a pre-application meeting and been advised that a meeting is unnecessary in this case.		

	Insert date of conversation and officer name(s):	
	<p><input type="checkbox"/> I have not had a pre-application meeting with DWER/DEMIRS. I understand that this may increase the likelihood of requests for further information and/or delays in assessment.</p> <p><input checked="" type="checkbox"/> No – proceed to next question.</p>	

## Part 6 – Mitigation hierarchy

### 6.1 Avoidance and mitigation

Explain how you have, or will, put avoidance and mitigation measures in place to eliminate, reduce, or otherwise mitigate the need for and scale of the proposed clearing of native vegetation.

Attach supporting documents to substantiate your explanation.

Your explanation should demonstrate you have planned the project so that the least clearing possible is to be undertaken. The following questions may help you frame your explanation:

- Why did you select this location and amount of clearing?
- What alternatives to clearing – e.g. engineering solutions – did you consider? (Attach design drawings where applicable)
- What changes, if any, did you make to the location or amount of clearing to reduce the impacts of the clearing?

Note: If you do not demonstrate adequate efforts to avoid and mitigate clearing, DWER/DEMIRS will ask you to do so during the validation of this application. Offsets will only be considered by DWER/DEMIRS as a last resort, once avoidance and minimisation measures have been clearly demonstrated.

Provide the avoidance details (e.g. retention of vegetation on property)	<p>Existing impacts to vegetation within the Purpose Permit Area includes roads, access tracks, heavy grazing, historical mining, and exploration disturbances. The indicative clearing footprint and dewatering infrastructure has been developed to ensure impacts to sensitive environmental and cultural values are avoided or minimised.</p> <p>Clearing of vegetation will be kept to the minimum required for the Project, utilising existing disturbed areas and locating roads and infrastructure to avoid vegetation where possible.</p> <p>More information on avoidance and mitigation is provided in the Supporting Document.</p>
Provide the mitigation details (e.g. management of weed spread,	<p>Management and mitigation measures to reduce impacts on biological diversity comprise:</p> <ul style="list-style-type: none"> <li>• Clearing of vegetation will be kept to the minimum required for the Project.</li> </ul>

rehabilitation)	<ul style="list-style-type: none"> <li>• A minimum buffer of 10 m around priority flora species will be implemented from areas to be disturbed.</li> <li>• Utilising existing disturbed areas where possible</li> <li>• Managing clearing via an internal Land Clearing Procedure.</li> <li>• Clearly delineating the clearing area to ensure only that required for a safe working area is cleared.</li> <li>• Implement a procedure to record the amount of clearing undertaken and report the cumulative total in the Annual Environmental Report (AER) and Mine Rehabilitation Fund (MRF) reporting.</li> <li>• Vehicle and equipment hygiene procedures will be implemented to minimise entry of weed and soil borne diseases.</li> <li>• Site weed and dust control measures will be conducted as required.</li> <li>• Stockpiling stripped topsoil and vegetation for use in future rehabilitation activities.</li> <li>• Progressively rehabilitating disturbed areas on completion of Project activities.</li> <li>• Implementing speed limits to minimise dust emissions and to minimise the risk of fauna injury or death due to vehicle traffic.</li> </ul> <p>More information on avoidance and mitigation is provided in the Supporting Document.</p>
-----------------	---

## 6.2 Offsets

Do you want to submit a clearing offset proposal with your form?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If 'Yes' – please complete and attach Appendix A of the <a href="#"><u>Clearing of native vegetation offsets procedure</u></a> guideline as a supporting document for your form.	<input type="checkbox"/> Appendix A attached

## Part 7 – Surveys for assessments (IBSA and IMSA)

Do you want to submit marine or biodiversity surveys in support of your form?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No – skip to Part 8
---	--

### 7.1 Biodiversity surveys

If you want to submit any biodiversity surveys to support this form, you must follow the Environmental Protection Authority's (EPA) [Instructions for the preparation of data packages for the Index of Biodiversity Surveys for Assessments](#) (IBSA). If you do not meet the IBSA requirements, DWER/DEMIRS will decline/return your form.

Please provide the IBSA number(s) – or submission number(s) if the IBSA number has not yet been issued – in the space provided. Note that a submission number is not confirmation that a biodiversity survey has been accepted and is not the same as an IBSA number. IBSA numbers are only issued once a survey has been accepted. Once an IBSA number is issued, please notify DWER/DEMIRS. Please note DWER/DEMIRS will suspend the assessment timeframes for your application until you provide the IBSA number(s).

Have you submitted all the biodiversity surveys that support this form to the <a href="#">Index of Biodiversity Surveys for Assessment?</a>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> Not applicable
Provide an IBSA number (preferred) or a submission number(s)	<ul style="list-style-type: none"> <li>• Reconnaissance Flora and Fauna Assessment (Botanica 2025) <ul style="list-style-type: none"> <li>○ IBSA-2025-0385</li> </ul> </li> <li>• Reconnaissance Flora and Fauna Assessment (Botanica 2024) <ul style="list-style-type: none"> <li>○ IBSA-2024-0493</li> </ul> </li> <li>• Reconnaissance Flora and Fauna Assessment (NVS) <ul style="list-style-type: none"> <li>○ IBSA-2025-0385</li> </ul> </li> </ul>

## 7.2 Marine surveys

If you want to submit any marine surveys to support this form, you must follow the EPA's [Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments](#) (IMSA). If you do not meet the IMSA requirements, DWER/DEMIRS will decline/return your form.

Have you prepared all the marine surveys that support this form in accordance with the EPA's <i>Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments</i> ?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> Not applicable
---	--

## Part 8 – Assessment bilateral agreement

The native vegetation clearing processes under Part V of the EP Act have been accredited by the Commonwealth of Australia under the EPBC Act and so can be assessed under an assessment bilateral agreement.

To be assessed this way, the proposed clearing action must have been referred to the Commonwealth under the EPBC Act and deemed a '**controlled action**' before you submit this form. DWER/DEMIRS will decline to deal with your application without the proposed clearing first being deemed a controlled action.

For further information, see DWER's [guidance on the assessment bilateral agreement](#).

Do you want your proposed clearing action assessed in accordance with, or under, an EPBC Act Accredited Process, such as the assessment bilateral agreement or accredited assessment?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No – skip to Part 9
---	---
