Proposed Clearing	
Total area of clearing proposed (hectares)	0.01
Footprint of clearing (hectares)	
Number of trees to be removed	1
Purpose for clearing	
Specify other	
Final land use after clearing	Land will continue to be used as Parks and Recreation. This tree is adjacent to an existing playground and has dropped several limbs over time. The removal of this tree is to mitigate risk to park users only.
Method for proposed clearing	
Specify other	
Proposed start date	
Proposed end date	
Avoidance details	All efforts have been made to retain the tree however the tree is post-mature, and the Quantified Tree Risk Assessment (QTRA) calculated by the City's arborist indicates an unacceptable level of risk to park users. 3x additional trees are proposed in the nearby parkland, approximately 15m outside the current playground

	footprint to ensure no future conflict. Additional widespread planting has occurred within the wider Garvey Park area including conversion of over 16 hectares of underutilised unirrigated grass to native vegetation.
Mitigation details	Tree has been maintained and assessed regularly as part of the City's routine urban forest maintenance. Remedial pruning by qualified arborists has been undertaken in response to all limb failures. 3x additional trees are proposed in the nearby parkland, approximately 15m outside the current playground footprint to ensure no future conflict. Additional widespread planting has occurred within the wider Garvey Park area including conversion of over 16 hectares of underutilised unirrigated grass to native vegetation.
