Dear Mr Young

**Permit to Clear Native Vegetation under the *Environmental Protection Act 1986*  
BJ Young Earthmoving Pty Ltd – Boondarie Sand Mining Project (CPS 2766/2)**

Please find enclosed your amended permit to clear native vegetation granted under s.51M of the *Environmental Protection Act 1986*. This authorisation gives you approval to clear, subject to certain terms, conditions or restrictions. A copy of your permit is now available for the public to view, as required by the regulations.

Read your permit carefully. If you do not understand your permit, contact this Department immediately. There are penalties for failing to comply with the requirements of your permit.

**Please note the changes from the original permit (CPS 2766/1), namely the change of the permit boundary and reduction of the area approved to clear. Also note the removal of Condition 1 and changes to Conditions 4 and 6 (on CPS 2766/1) in relation to rehabilitation and reporting. These conditions have been modified in accordance with the Department's current conditions for clearing permits.**

Compliance with the terms, conditions or restrictions of this permit does not absolve the Permit Holder from responsibility for compliance with the requirements of all Commonwealth and State legislation.

If you have any queries regarding this decision, please do not hesitate to contact Adam Buck in the Department's Native Vegetation Assessment Branch on (08) 9222 3563 or email adam.buck@dmp.wa.gov.au.

Yours sincerely

Phil Gorey
