- vary a due date of complying with a permit condition;
- amend the size of the area permitted to be cleared, or remove a land parcel listed on the permit;
- correct a clerical error or make an administrative change, or
- other

Details of proposed changes:

This form is provided as formal notification of an intention to clear native vegetation in areas deferred to a 'case-by-case' basis (as set out in CPS 3472/3 clause 6 (d) and (f)) noting that:

1. PRL has undertaken a risk assessment and liaised with DEC and Regional Australia officers since October 2011 to minimise impacts through amendment of boundaries of proposed clearing footprint, special conditions for stockpile removal & in some cases recommending no clearing of some case-by-case areas (info already supplied in DEC).
2. The above process has involved reviews and negotiation to provide phosphate resources in accordance with Mining Lease 70/1 and in accordance with previous Commonwealth environmental approvals, whilst ensuring minimising any significant environmental impacts.

Part 3 Contact/Applicant details

Person with whom Department of Environment and Conservation or Department Mines and Petroleum should liaise concerning the clearing application.
