Details of proposed changes:

Two changes are required:

- Extension of duration of permit by six (6) months to 16 October 2014.
- Extension of clearing area to 0.61ha as described in the documentation supplied with the original permit application. The full clearing area was included in the flora and fauna surveys conducted; however as development work was only required in part of the site at the time, partial approval was agreed. Jandakot Airport Holdings (Treelands Investments) is now ready to complete the clearing across the full area. Supporting documentation for this application has been provided as attachments to the email supplied.
