3. Assessment of application against clearing principles

Comments Clearing Permit CPS 5242/4 has been amended to correct an error on Plan 5242/4e. Conditions 8 and 14 were updated to reflect the lapsed time period for amending the monetary offsets and conditions 7 and 11 were amended to reflect the currently approved versions of the Environmental Management Plan and Monitoring Plan. A review of current environmental information reveals no new additional information. Therefore the assessment against the clearing principles has not changed and can be found in Clearing Permit Decision Report CPS 5242/3.
