

GOVERNMENT OF
WESTERN AUSTRALIA

Department of Environment Regulation – Department of Mines and Petroleum

Application for an amendment to a clearing permit

Environmental Protection Act 1986 s 51M

FORM C4

Clearing of native vegetation is prohibited in Western Australia except where a clearing permit has been granted or an exemption applies. A person who causes or allows unauthorised clearing commits an offence.

Date stamp

Part 1 Assessment under the assessment bilateral agreement

If the amendment to a clearing permit will or is likely to impact on a matter of national environmental significance identified under the Commonwealth of Australia's *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act) it must initially be referred to the Commonwealth of Australia prior to submitting this amendment application form.

Further information is located in Annex C7 and *A guide to native vegetation clearing processes under the Assessment bilateral agreement* available at www.der.wa.gov.au.

Was your clearing permit application previously assessed in accordance with, or under, an EPBC Act Accredited Process such as the assessment bilateral agreement?

Yes No Proceed to Part 2

Has the amendment been referred to the Commonwealth of Australia under the EPBC Act?

Yes EPBC Number

No It cannot be assessed under an Accredited Process until it has been referred to the Commonwealth. Proceed to Part 2.

Has a decision been made under the EPBC Act as to whether the proposed amendment is a controlled action?

Yes No Proceed to Part 2

Is the amendment a controlled action under the EPBC Act?

No Proceed to Part 2

Yes Complete and attach the requirements of Annex C7 to this completed form

List the controlling provisions identified in the notification of the controlled action decision

Annex C7 is completed and the required supporting documentation is attached.

Part 2 Clearing permit details

Amendments can only be made to active clearing permits.

FILE REFERENCE

Permit number

CPS 5261/4

Permit holder's name as it appears on the permit

Regional Power corporation TA Horizon Power

Part 5 Proposed changes

Additional information to support the assessment of your application to amend may be attached.

Please ensure you have included the following as part of your application:

- a photocopy of the granted clearing permit, with proposed changes highlighted,

and

- payment.

If you are applying on behalf of the permit holder, please attach your agent's authority duly authorising you to act on behalf of the permit holder.

Please tick below the proposed change(s) to your clearing permit:

extend the duration of the permit

vary a permit condition, such as a due date

amend the size of the area permitted to be cleared, or remove a land parcel listed on the permit

or

other.

Provide details of proposed changes:

Due to significant changes to contractual arrangements and customer dependency on the power supply from Hedland Terminal, the alignment of the new transmission line connecting into the Terminal has had to change and this now falls outside the approved clearing alignment.

The total area of land required to be cleared for the installation of the overhead transmission line is less than originally approved. The total new area is 0.5015 ha and this is well within the total allowable clearing area.

Land Details

Provide additional property details if required – if applying to extend the size of the area to be cleared into another land parcel.

Land description to include: volume and folio number, lot or location number(s), Crown lease or reserve number, pastoral lease number or mining tenement number of all properties.

The new alignment is on Lot 6118 on DP 195281 which is crown land with an Easement granted to Horizon Power for power infrastructure.
