Department of Water and Environmental Regulation (DWER) CPS No. Department of Mines, Industry Regulation and Safety (DMIRS) 5572/2 Application to amend a clearing permit Environmental Protection Act 1986. section 51KA FORM C4 The clearing of native vegetation is prohibited in Western Australia unless a clearing permit has been granted for the clearing or where a permit is not required (either due to a referral determination that one is not needed or because an exemption applies). A person who causes or allows unauthorised clearing commits an offence. For further information on the stages of assessment for clearing permit applications (including amendments to existing permits), see the Procedure: Native vegetation clearing Date stamp

Part 1: Assessment bilateral agreement

If the amendment of a clearing Do you want your proposed clearing action assessed in accordance with, or under, an permit will or is likely to impact on EPBC Act Accredited Process such as the assessment bilateral agreement? a matter of national environmental significance identified under the Yes EPBC number: Environment Protection and **Biodiversity Conservation Act**  $\mathbf{X}$ Proceed to Part 2 No 1999 (Cth) (EPBC Act) the original application must have been List the controlling provisions identified in the notification of the controlled action decision. assessed in accordance with the bilateral assessment, and a variation under the EPBC Act is required prior to submitting this amendment application form. To be assessed in this manner, the proposed clearing action must be referred to the Commonwealth under the EPBC Act and deemed a 'controlled action' prior to submitting this application form. Further information is located in Form Annex C7 and A guide to native vegetation clearing processes under the Assessment Form Annex C7 is complete and the required supporting information is attached. bilateral agreement available at www.der.wa.gov.au/ourwork/clearing-permits.

Part 2: Clearing permit details		
Amendments can only be made to active clearing permits. Applications must be made more than 90 working days prior to the existing permit expiring to ensure there is adequate time to assess the amendment.	Permit number for existing clearing permit	CPS 5572_2
	Permit holder's name (as it appears on the existing clearing permit)	BHP Billiton Iron Ore Pty Ltd
FILE REFERENCE	Permit expiry date:	30 November 2030
	Mark this box if there are less the existing permit.	s than 90 working days until the expiry of

permits on DWER's website.
