

CLEARING PERMIT

Granted under section 51E of the Environmental Protection Act 1986

Purpose Permit number:	CPS 5758/2
Permit Holder:	Shire of Northampton
Duration of Permit:	30 November 2013 – 30 November 2018

The Permit Holder is authorised to clear native vegetation subject to the following conditions of this Permit.

- 1. Purpose for which clearing may be done**
Clearing for the purpose of road realignment.
- 2. Land on which clearing is to be done**
Ogilvie Road reserve, Ogilvie (PIN 1327643).
- 3. Area of Clearing**
The Permit Holder must not clear more than 0.36 hectares of native vegetation within the area shaded yellow on attached Plan 5758/2.
- 4. Application**
This Permit allows the Permit Holder to authorise persons, including employees, contractors and agents of the Permit Holder, to clear native vegetation for the purposes of this Permit subject to compliance with the conditions of this Permit and approval from the Permit Holder.
- 5. Type of clearing authorised**
This Permit authorises the Permit Holder to clear native vegetation for the activities described in condition 1 of this Permit to the extent that the Permit Holder has the power to carry out works involving clearing for those activities under the *Local Government Act 1995* or any other written law.

1. Application details

1.1. Permit application details

Permit application No.: 5758/2
Permit type: Purpose Permit

1.2. Proponent details

Proponent's name: Shire of Northampton

1.3. Property details

Property: ROAD RESERVE (OGILVIE 6535)
Local Government Area: Shire of Northampton
Colloquial name: Ogilvie Road reserve

1.4. Application

Clearing Area (ha)	No. Trees	Method of Clearing	For the purpose of:
0.36		Mechanical Removal	Road construction or maintenance

1.5. Decision on application

Decision on Permit Application: Grant
Decision Date: 19 June 2014

2. Site Information

2.1. Existing environment and information

2.1.1. Description of the native vegetation under application

Vegetation Description	Clearing Description	Vegetation Condition	Comment
Beard Vegetation Association: 35 - Shrublands; jam scrub with scattered York Gum (Shepherd et al. 2001).	The application is to clear up to 0.36 hectares of native vegetation for the purpose of road realignment, within the Ogilvie Road reserve (PIN 1327643), Ogilvie, Shire of Northampton.	Good: Structure significantly altered by multiple disturbance; retains basic structure/ability to regenerate (Keighery 1994) To Degraded: Structure severely disturbed; regeneration to good condition requires intensive management (Keighery 1994)	Vegetation condition and description were determined through aerial imagery (Northampton 50cm Orthomosaic - Landgate).

3. Assessment of application against clearing principles

Comments

This amendment is a result of the Shire of Northampton's request to remove the revegetation and reporting conditions from the permit.

The application has been reassessed and it has been determined that, as the area under application does not contain a high level of biodiversity, significant fauna habitat or rare flora it is not likely to be a significant remnant in an extensively cleared area and therefore is not likely to be at variance to principle (e). As a result, the Department of Environment Regulation has removed the revegetation condition from the permit.

The assessment of the remaining principles has not changed and can be found in Clearing Permit Decision Report CPS 5758/1.
