

CLEARING PERMIT

Granted under section 51E of the Environmental Protection Act 1986

PERMIT DETAILS

Purpose Permit Number: 576 / 1

File Number: 20245

Duration of Permit: From 25 February 2006 to 25 February 2011

PERMIT HOLDER

Margaret River Natural Resources Pty Ltd

LAND ON WHICH CLEARING IS TO BE DONE

LOT 1570 ON PLAN 153330 (METRICUP 6280)

AUTHORISED ACTIVITY

1. Clearing of up to 3 hectares for the purposes of gravel extraction.

CONDITIONS

1. The Permit holder shall take the following measures within the area crossed hatched red on Plan 576/1 of this Permit to revegetate that area:

- a) remove or kill all non-native plant species within the area;
- b) sow the area with 1.0kg per hectare of seed mixture consisting of seeds of the type of native plant species that are found within a 50km radius of the area, ensuring that the seed is distributed evenly across the area; and
- c) plant the area with 1000 seedlings per hectare consisting of seedlings of the type of native plants species that are found within a 50km radius of the area.

2. During the month of July each year between 2008 to 2010 inclusive, works referred to in condition 1 shall be repeated on those parts of land, within the area crossed hatched red on Plan 576/1, where the plants survival rate (measured at June of the relevant year) is below 1000 stems per hectare.

3. The Permit holder shall construct a fence enclosing the area crossed hatched red and green on attached Plan 576/1. The fence shall be constructed and maintained so as to be adequate to exclude stock access. Construction of the fence shall be completed by 31 December 2007.

4. The Permit Holder shall stockpile the vegetative material and topsoil removed by clearing in accordance with this permit and use in rehabilitation under condition 1.

5. In this Permit, revegetate means the deliberate planting of native vegetation in an area such that the species composition, structure and density is similar to pre-existing vegetation types in that area.

6. The Permit Holder shall complete the revegetation and fencing required under condition 1 and 3 by 31 December 2007.

7. The Permit Holder shall provide a report to the CEO by 30 June each year between 2008 to 2010 inclusive, setting out the records required to be kept under condition 1 of this permit in relation to clearing, rehabilitation and revegetation carried out by 31 December 2007.
