## Part 5 Proposed changes

Additional information to support the assessment of your application to amend may be attached.

Please ensure you have included the following as part of your application:

- a photocopy of the granted clearing permit, with proposed changes highlighted,

and

- payment.

If you are applying on behalf of the permit holder, please attach your agent's authority duly authorising you to act on behalf of the permit holder.

Please tick below the proposed change(s) to your clearing permit:

extend the duration of the permit

vary a permit condition, such as a due date

amend the size of the area permitted to be cleared, or remove a land parcel listed on the permit

*or*

other.

Provide details of proposed changes:

Additional clearing area is not required, however the area permitted to clear within under CPS6020/2 requires amendment, to allow for access to road building materials. Main Roads Western Australia (MRWA) requires access to additional material pits adjacent to the North West Coastal Highway (NWCH) at SLK 664 (30ha) and SLK 660 (87ha). The material is required for the NWCH widening project SLK 659-767.4. These were omitted from the original clearing permit application by oversight. See attached for aerial mapping of the material extraction areas.

### Land Details

Provide additional property details if required – if applying to extend the size of the area to be cleared into another land parcel.

Land description to include: volume and folio number, lot or location number(s), Crown lease or reserve number, pastoral lease number or mining tenement number of all properties.

The amended clearing area is within the Minilya Station (CLR3069/390) on Lot 182 on Deposited Plan 28412. MRWA has approval and consent from Minilya Station and Department of Lands. See attached letters of consent.
