3. Assessment of application against clearing principles, planning instruments and other relevant matters

Comments

The application is for the proposed clearing of four native trees within Dale Kokeby Road reserve (PIN 11455444), Kokeby, for the purpose of road widening.

Consideration has been given to impacts to biodiversity, significant fauna habitat, rare flora, threatened ecological communities, remnant vegetation values, wetlands, watercourses, land degradation, surface water quality, groundwater quality, and flooding.

The assessment has found that the clearing under application is not likely to be at variance to any of the clearing principles.

No submissions from the public have been received for the proposed clearing.
