Application for an amendment to a clearing permit

Environmental Protection Act 1986 s 51M

FORM C4

Clearing of native vegetation is prohibited in Western Australia except where a clearing permit has been granted or an exemption applies. A person who causes or allows unauthorised clearing commits an offence.

Part 1 Assessment under the assessment bilateral agreement

If the amendment to a clearing permit will or is likely to impact on a matter of national environmental significance identified under the Commonwealth of Australia's *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act) it must initially be referred to the Commonwealth of Australia prior to submitting this amendment application form.

Further information is located in Annex C7 and *A guide to native vegetation clearing processes under the Assessment bilateral agreement* available at www.dwer.wa.gov.au.

Part 5 Proposed changes

Additional information to support the assessment of your application to amend may be attached.

Please ensure you have included the following as part of your application:

- a photocopy of the granted clearing permit, with proposed changes highlighted,
- and
- payment.

If you are applying on behalf of the permit holder, please attach your agent's authority duly authorising you to act on behalf of the permit holder.

Please tick below the proposed change(s) to your clearing permit:

- extend the duration of the permit
- vary a permit condition, such as a due date
- amend the size of the area permitted to be cleared, or remove a land parcel listed on the permit
- or
- other.

Provide details of proposed changes:

Regis Resources Limited (Regis) is proposing to develop the Tooheys Well, Dogbolter-Coopers and Anchor and Baneygo gold deposits within the Duketon Gold Project Area, in the north - eastern Goldfields Region of Western Australia.

This application to amend Purpose Permit 6657/4 is being sought in accordance with the Environmental Protection (Clearing of Native Vegetation) Regulations 2004 and requests permission to clear the following areas:

- 545 ha at Tooheys Well.
- 325 ha at Dogbolter-Coopers.
- 105 ha at Anchor.
- 33 ha for the Baneygo to Rosemont haul road (6.1 km).

At present, Purpose Permit 6657/4 allows for the clearing of a maximum area of 2,759 ha. This amendment application requests an additional 1,008 ha of clearing for the development of the four project areas listed above.

Land Details

Provide additional property details if required – if applying to extend the size of the area to be cleared into another land parcel.

Land description to include: volume and folio number, lot or location number(s), Crown lease or reserve number, pastoral lease number or mining tenement number of all properties.

Part 7 Application checklist and documentation summary

Additional information to assist in the assessment of your proposal may be attached to this application — e.g. reports on salinity, fauna or flora studies or other environmental reports conducted for the site could be included in electronic format and submitted on CDROM.

Please ensure you have included the following as part of your application:

REQUIRED

- A completed application form that is signed and dated by all landowners, or the applicant acting on behalf of or likely to become the landowner.
- An aerial photograph or map with a north arrow clearly identifying the areas of vegetation proposed to be cleared. An ERSI shapefile must be provided if the application requires an assessment under an EPBC Act Accredited process.
- Payment.
- I have read and understand the 'Confidential or commercially sensitive information' section at the bottom of this form.

REQUIRED IF APPLICABLE

- If you are applying on behalf of the permit holder, please attach your agent's authority duly authorising you to act on behalf of the permit holder.
- Evidence of the pending transfer of land ownership, such as the offer and acceptance, or written notice from the current landowner.
- Annex C7 if amendment is to be assessed under an EPBC Act Accredited Process.

Please provide a summary of all attached documentation.
