

AS PART OF THE BUSHFIRE MANAGEMENT PLAN FOR MANZIMUP, MY ASSETT (ORCHARD) AND ADJOINING ASSETS (CHALETS) HAVE BEEN IDENTIFIED AS "EXTREME RISK", REQUIRING INCREASED ACCESS AND EGRESS OR FUEL REMOVAL OF THE HAZARD, TO REDUCE THE RISK.

THE RECENT NORTHCLIFFE BUSHFIRES HAVE HIGHLIGHTED THE ENORMOUS RISK THAT THE BUSH ON OUR PROPERTY POSES TO EXISTING INFRASTRUCTURE, AS WELL AS THE POTENTIAL THREAT TO LIVES. REMOVAL OF THE PROPOSED BUSH WILL CREATE THE ONLY SAFE EXIT FOR FAMILY AND EMPLOYEES IN THE EVENT OF A BUSHFIRE.
