Part 5 Proposed changes

Additional information to support the assessment of your application to amend may be attached.

Please ensure you have included the following as part of your application:

- a photocopy of the granted clearing permit, with proposed changes highlighted,

and

- payment.

If you are applying on behalf of the permit holder, please attach your agent's authority duly authorising you to act on behalf of the permit holder.

Please tick below the proposed change(s) to your clearing permit:

extend the duration of the permit

vary a permit condition, such as a due date

amend the size of the area permitted to be cleared, or remove a land parcel listed on the permit

or

other.

Provide details of proposed changes:

The boundary of CPS 6754/1 is proposed to be extended in order to accommodate additional geotechnical investigation activities. 50 ha of additional vegetation clearing is required to conduct these investigations (in addition to the current allowance of 100 ha).

A supporting document has been attached to this application, which provides further details of the scope of the proposed activities, and an assessment of the impacts of the proposed clearing.

Shape files of the additional application area have been attached to this application.

Land Details

Provide additional property details if required - if applying to extend the size of the area to be cleared into another land parcel.

Land description to include: volume and folio number, lot or location number(s), Crown lease or reserve number, pastoral lease number or mining tenement number of all properties.
