## 1. Application details

### 1.1. Permit application details

Permit application No.: 6838/1  
Permit type: Area Permit

### 1.2. Applicant details

Applicant's name: Shire of Quairading

### 1.3. Property details

Property: LOT 29205 ON PLAN 219610, QUAIRADING  
Local Government Authority: QUAIRADING, SHIRE OF  
Localities: QUAIRADING

### 1.4. Application

Clearing Area (ha)	No. Trees	Method of Clearing	For the purpose of:
0.04		Mechanical Removal	Walkway

### 1.5. Decision on application

Decision on Permit Application: Granted  
Decision Date: 28 January 2016

## 2. Site Information

### 2.1. Existing environment and information

#### 2.1.1. Description of the native vegetation under application

Vegetation Description	Clearing Description	Vegetation Condition	Comment
Beard vegetation association 1049 is described as Medium woodland; wandoo, York gum, salmon gum, morrel & gimlet (Shepherd et al, 2001)		Completely Degraded; No longer intact, completely/almost completely without native species (Keighery, 1994).	

## 3. Assessment of application against clearing principles

**Comments** The application is to clear 0.04 hectares of native vegetation within Lot 29205 on Deposited Plan 219610 (Reserve 30628), Quairading, for the purpose of a walkway.

Consideration has been given to impacts to biodiversity, significant fauna habitat, rare flora, threatened ecological communities, remnant vegetation values, wetlands, watercourses, land degradation, surface water quality, groundwater quality, and flooding. The assessment has found that the proposed clearing is not likely to be at variance to any of the clearing principles.

No submissions have been received.
