

Application for an amendment to a clearing permit

Environmental Protection Act 1986 s 51M

FORM C4

Clearing of native vegetation is prohibited in Western Australia except where a clearing permit has been granted or an exemption applies. A person who causes or allows unauthorised clearing commits an offence.

Date stamp

Part 1 Assessment under the assessment bilateral agreement

If the amendment to a clearing permit will or is likely to impact on a matter of national environmental significance identified under the Commonwealth of Australia's *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act) it must initially be referred to the Commonwealth of Australia prior to submitting this amendment application form.

Further information is located in Annex C7 and *A guide to native vegetation clearing processes under the Assessment bilateral agreement* available at www.dwer.wa.gov.au.

Was your clearing permit application previously assessed in accordance with, or under, an EPBC Act Accredited Process such as the assessment bilateral agreement?

- Yes No Proceed to Part 2

Has the amendment been referred to the Commonwealth of Australia under the EPBC Act?

- Yes EPBC Number
- No It cannot be assessed under an Accredited Process until it has been referred to the Commonwealth. Proceed to Part 2.

Has a decision been made under the EPBC Act as to whether the proposed amendment is a controlled action?

- Yes No Proceed to Part 2

Is the amendment a controlled action under the EPBC Act?

- No Proceed to Part 2
- Yes Complete and attach the requirements of Annex C7 to this completed form

List the controlling provisions identified in the notification of the controlled action decision

- Annex C7 is completed and the required supporting documentation is attached.

Part 2 Clearing permit details

Amendments can only be made to active clearing permits.

FILE REFERENCE

Permit number

CPS 6894/1

Permit holder's name as it appears on the permit

Joy Irene Muir
Valerie May Siegmund
Kenneth John Moore

Part 3 Contact/Applicant details

A person with whom the Department of Water and Environmental Regulation or Department of Mines, Industry Regulation and Safety should liaise concerning the amendment application.

*If applying as a company or incorporated body, please supply the registered business office address.

REDACTED

Part 4 Declaration and signature

For your application to be accepted, it must be signed either on behalf of the company or as an individual.

By signing this form you are declaring that the statements on this form are true and correct.

The Department in accepting this form accepts you are a person duly authorised to sign for and on behalf of the body corporate in applying for and in holding a permit.

Knowingly providing false or misleading information is an offence under section 112 of the *Environmental Protection Act 1986* and may incur a penalty of up to \$50,000.

REDACTED

Part 5 Proposed changes

Additional information to support the assessment of your application to amend may be attached.

Please ensure you have included the following as part of your application:

- a photocopy of the granted clearing permit, with proposed changes highlighted,

and

- payment.

If you are applying on behalf of the permit holder, please attach your agent's authority duly authorising you to act on behalf of the permit holder.

Please tick below the proposed change(s) to your clearing permit:

- extend the duration of the permit
- vary a permit condition, such as a due date
- amend the size of the area permitted to be cleared, or remove a land parcel listed on the permit
- or*
- other.

Provide details of proposed changes:

Amend Condition 1(a) and subsequent conditions to the effect that follows;
Clearing for the purpose of the **removal of fire damaged *Eucalyptus diversicolor*** within the areas shaded yellow on Plan 6894/1 in accordance with Management Plan, attached.

Amend Condition 7 (b) to the effect that;
Retain 14-16m² per hectare basal area **where possible**.

The intent of the original Management Plan is for the selective clearing of fire damaged *Eucalyptus diversicolor*. In some areas the fire damage is extreme and a 14-16m² per hectare basal area retention would not achieve the desired outcome. Recent photos have been added to the Management Plan to demonstrate that these trees are unlikely to recover, and pertinent points highlighted.

Land Details

Provide additional property details if required – if applying to extend the size of the area to be cleared into another land parcel.

Land description to include: volume and folio number, lot or location number(s), Crown lease or reserve number, pastoral lease number or mining tenement number of all properties.

Lots 9990 and 9991 on Deposited Plan 203138, Boorara Brook
