

Department of Water and Environmental Regulation (DWER)
Department of Mines, Industry Regulation and Safety (DMIRS)

Application for an amendment to a clearing permit

Environmental Protection Act 1986, section 51M

FORM C4

Clearing of native vegetation is prohibited in Western Australia except where a clearing permit has been granted or an exemption applies. A person who causes or allows unauthorised clearing commits an offence.

For further information on the stages of assessment for clearing permit applications (including amendments to existing permits), refer to the [Procedure: Native vegetation clearing permits](#) on DWER's website.

CPS No.
Date stamp

Part 1: Assessment bilateral agreement	
<p>If the amendment of a clearing permit will or is likely to impact on a matter of national environmental significance identified under the <i>Environment Protection and Biodiversity Conservation Act 1999</i> (Cth) (EPBC Act) the original application must have been assessed in accordance with the bilateral assessment, and a variation under the EPBC Act is required prior to submitting this amendment application form.</p> <p>To be assessed in this manner, the proposed clearing action must be referred to the Commonwealth under the EPBC Act and deemed a 'controlled action' prior to submitting this application form.</p> <p>Further information is located in <i>Form Annex C7</i> and <i>A guide to native vegetation clearing processes under the Assessment bilateral agreement</i> available at www.der.wa.gov.au/our-work/clearing-permits.</p>	<p>Do you want your proposed clearing action assessed in accordance with, or under, an EPBC Act Accredited Process such as the assessment bilateral agreement?</p> <p><input type="checkbox"/> Yes EPBC number: _____</p> <p><input checked="" type="checkbox"/> No Proceed to Part 2</p>
	<p>List the controlling provisions identified in the notification of the controlled action decision.</p>
	<p><input type="checkbox"/> <i>Form Annex C7</i> is complete and the required supporting information is attached.</p>

Part 2: Clearing permit details	
<p>Amendments can only be made to active clearing permits.</p> <p>Applications must be made more than 90 working days prior to the existing permit expiring to ensure there is adequate time to assess the amendment.</p>	<p>Permit number for existing clearing permit</p> <p>CPS 7144/1</p>
	<p>Permit holder's name (as it appears on the existing clearing permit)</p> <p>Hanson Construction Materials Pty Ltd</p>
<p>FILE REFERENCE</p>	<p>Permit expiry date:</p> <p>30 September 2021</p>
<p>Mark this box if there are less than 90 working days until the expiry of the existing permit.</p>	<p><input checked="" type="checkbox"/></p>

Part 3: Applicant				
Applicant details				
<p>To apply for an amendment to a permit you must be the current holder of the existing permit.</p> <p>Include Australian Company Number (ACN) if the proposed permit holder is a body corporate or other entity formed at law.</p>	<p>Are you applying as an individual, a company or incorporated body? Enter details for one only.</p>			
	<p>An individual</p>	<p>Title</p> <p>Mr <input type="checkbox"/> Mrs <input type="checkbox"/> Ms <input type="checkbox"/> Other: <input type="text"/></p>	<p>Name/s</p>	
	<p>OR</p> <p>A body corporate or other entity formed at law (include ACN)</p>			<p>Hanson Construction Materials Pty Ltd (ACN: 009 679 734).</p>
Applicant contact details				
<p>If applying as a company or incorporated body, please also supply the registered business office address.</p> <p>DWER and DMIRS prefer to send all correspondence electronically via email.</p> <p>We request that you consent to receiving all correspondence relating to instruments and notices under Part V of the EP Act ("Part V documents") electronically via email by indicating your consent in this section of the application form.</p> <p>Where 'yes' is selected, all correspondence from DWER or DMIRS (as applicable) will be sent to you via email, to the email address provided in this section.</p> <p>Where 'no' has been selected, Part V documents will be posted to you in hard copy to the postal/business address you have provided in this section. Other general correspondence may still be sent to you via email.</p>	<p>Provide contact details for the above individual or body corporate.</p>			
	<p>Contact person (and position, if applicable)</p>	<div style="background-color: black; width: 100%; height: 100%;"></div>		
	<p>Company name (if applicable)</p>			
	<p>Postal / business address</p>			
	<p>Phone (fixed line):</p>			
	<p>Email address</p>			
<p><i>I consent to all written correspondence between myself (the applicant) and DWER/DMIRS (as applicable), regarding the premises which is the subject of this application, being exclusively via email, using the email address I have provided above.</i></p>			<p>Yes</p> <p><input checked="" type="checkbox"/></p>	<p>No</p> <p><input type="checkbox"/></p>
Contact details for enquiries				
<p>If different from the applicant's contact details, enter the contact details of a person with whom DWER or DMIRS should liaise with concerning this clearing application.</p>	<p>Where contact details differ to those of the applicant, complete the below section:</p>			
	<p>Contact person (and position, if applicable)</p>	<p><input type="text"/></p>		
	<p>Company name (if applicable)</p>	<p><input type="text"/></p>		
	<p>Postal / business address</p>	<p><input type="text"/></p>		
<p>Phone (fixed line)</p>	<p><input type="text"/></p>	<p>Phone (mobile)</p>	<p><input type="text"/></p>	

Part 3: Applicant	
	Email address
Part 4: Proposed amendments	
<p>Additional information to support the assessment of your application to amend may be attached.</p> <p>Please ensure you have included the following as part of your application:</p> <ul style="list-style-type: none"> a photocopy of the granted clearing permit, with proposed changes highlighted, <i>and</i> payment of the prescribed fee. <p>When providing details of the proposed change(s), if any additional clearing is proposed, include details of:</p> <ul style="list-style-type: none"> the proposed method of the clearing; the purpose of the clearing; the period within which the clearing is proposed to be undertaken (taking note of the published minimum assessment timeframes for DWER / DMIRS, as applicable); <i>and</i> the final land use. 	<p>Indicate the types of proposed change(s) to your clearing permit by selecting the relevant box(es):</p> <p><input checked="" type="checkbox"/> Extend the duration of the clearing permit.</p> <p><input type="checkbox"/> Vary / add / remove a permit condition relating to a matter other than the size or boundary of the area to be cleared.</p> <p><input type="checkbox"/> Amend the size of the area permitted to be cleared, or add / remove a land parcel on the clearing permit.</p> <p><input type="checkbox"/> Redescribe the boundary of the area authorised to be cleared <i>[for an area permit only]</i></p> <p><input type="checkbox"/> Make a correction to the clearing permit.</p> <p><input type="checkbox"/> Other.</p> <p>Provide details of the proposed change(s), and the rationale for it / them.</p> <p>Hanson Construction Materials Pty Ltd (Hanson) operates the Jandabup Sand Quarry, which is located on mining leases, M70/1283 and M70/1284, and miscellaneous licence L70/149 (the site). The approved clearing footprint does not contain remnant native vegetation as this was historically cleared to establish the Gnangara Pine Plantation. These pine plantations were harvested from the site in 2007 and 2010 (Figure B) and the area cleared in 2007 was re-seeded with native species as part of a seeding trial by the (then) Department of Environment and Conservation.</p> <p>Hanson are proposing to extend the duration of the existing clearing permit (CPS 7144/1) to allow the staged clearing of native vegetation to continue until 2031 (10 years). This will reduce the subsequent paperwork for future years and aligns with the remaining term of the Mining Leases. The additional time frame allows Hanson to continue to utilise the native vegetation:</p> <ul style="list-style-type: none"> as a buffer for noise, dust, and visual amenity as local provenance for seed collection – this allows Hanson to effectively rehabilitate the post-mining landscape by reducing the open area and significantly decreasing the potential weed load from outside sources to increase the long-term landform stability of the surrounding areas by being able to direct transfer any available topsoil to completed open areas, the probability of spontaneous seed germination from topsoil is significantly increased, then if the topsoil was to be stockpiled for long periods of time. <p>The reasons for extending the clearing time period outlined above allows Hanson to significantly improve the likelihood of meeting the requirements of the site's Mine Closure Plan. This methodology is applied at other Hanson operations with great success.</p> <p>The proposed change is highlighted in a copy of the granted clearing permit, provided in Attachment 2.</p>
<p>For an application to amend the size of the area permitted to be cleared, or add a land parcel to the clearing permit, you must have the authority of the</p>	<p>State the nature of the applicant's authority to access the land to be cleared. Evidence of authority can include e.g. a copy of the certificate of title or a letter of authority signed by the landowner or other person with authority to give legal land access permission.</p> <p><i>[Attach evidence of authority. Note that a letter of authority must explicitly state the applicant has authority to clear on the land.]</i></p>

Part 4: Proposed amendments	
landowner to access the land and undertake the clearing.	Hanson holds the miscellaneous licence (L70/149), whereas the two mining leases are held by Aaron Grainger and William Duffy (M70/1283 and M70/1284). Hanson has an agreement with Aaron Grainger and William Duffy to access these mining leases and undertake clearing works. This is provided in Attachment 3. Hanson are not proposing to alter the size or boundary of the approved clearing area at this time.
Provide additional property details if required – if applying to extend the size of the area to be cleared into another land parcel.	Land description: volume and folio number, lot or location number(s), Crown lease or reserve number, pastoral lease number, or mining tenement number of all properties.
You must provide evidence that avoidance and mitigation options have been pursued to eliminate, reduce or otherwise mitigate the need for, and scale of, the proposed clearing of native vegetation.	Have alternatives that would avoid or minimise the need for clearing been considered and applied? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
	If yes, provide details:
Refer to DWER's Clearing of native vegetation offsets procedure guideline available on the DWER website, and the EPA's WA Environmental Offsets Policy and Guidelines on the EPA website for further information.	Do you want to submit a clearing permit offset proposal with your application? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
	If yes, provide details, and complete and attach Appendix A of the <i>Clearing of native vegetation offsets procedure guideline</i> .

Part 5: Other DWER approvals	
Instructions:	
<ul style="list-style-type: none"> If your application is to be submitted to DMIRS, complete Section A and then skip to Part 6 of this form. If your application is to be submitted to DWER, complete both Sections A and B. 	
Section A: Environmental Impact Assessment	
Environmental Impact Assessment (Part IV of the EP Act)	
Has this clearing application or any related matter been referred to the Environmental Protection Authority?	<input checked="" type="checkbox"/> Yes – provide details The Jandabup Yellow Sand Quarry proposal was referred to the Environmental Protection Authority (EPA) under Section 38 of the EP Act in December 2011. The EPA provided their decision on 19 March 2012 as 'Not Assessed – No Advice Given'. This is provided as Attachment 4.
	<input type="checkbox"/> No
Do you intend to refer the proposal to the Environmental Protection Authority? Section 37B(1) of the EP Act defines a 'significant proposal' as "a proposal likely, if implemented, to have a significant effect on the environment". If a decision-making authority (e.g. DWER or DMIRS) considers that the proposal in this application is likely to constitute a 'significant proposal', they are required under section 38(5) of the EP Act to refer the proposal to the EPA for assessment under Part IV, if such a referral has not already been made. If a relevant Ministerial Statement already exists, please provide the MS number in the space provided.	<input type="checkbox"/> Yes – intend to refer (proposal is a 'significant proposal')
	<input type="checkbox"/> Yes – intend to refer (proposal will require a section 45C amendment to the current Ministerial Statement) MS []
	<input type="checkbox"/> No – a current valid Ministerial Statement applies: MS []
	<input checked="" type="checkbox"/> No – not a 'significant proposal'
Section B: Other approvals	
Pre-application scoping
