	Period within which clearing is proposed to be undertaken, e.g. May 2014 – June 2014 from August 2016 to September 2016																			
	Purpose of clearing The Jarrah tree is very top heaving and leaning extensively forward in the paddock. It appears dangerous with the potential to fall and fatally injure either an individual or our horse which my daughter exercises in this area. The tree trunk is largely hollowed with a visible hole straight through it further weakening its structure. Inside the stump it is heavy charred as if burnt by a previous fire. My main concern is that the tree is very dangerous and would present as a danger should it fall on my daughter whilst tending to her horse. I initially submitted an application to the Shire of Murray to have it taken down, however whilst they accept the application, they have directed me to yourselves for approval/consideration. I am more than willing to plant a new tree on the block to compensate for having this one removed.
