Dear Mr Milner

**Permit to Clear Native Vegetation under the *Environmental Protection Act 1986*  
J.S.W. Holdings Pty Ltd - Weero Road Shingle Project (CPS 7211/2)  
(Amendment to CPS 7211/1)**

Please find attached your amended permit to clear native vegetation granted under s.51M of the *Environmental Protection Act 1986*. This authorisation gives you approval to clear, subject to certain terms, conditions or restrictions. A copy of your permit is now available for the public to view, as required by the regulations.

Read your permit carefully. If you do not understand your permit, contact this Department immediately. There are penalties for failing to comply with the requirements of your permit.

**Please note the change from the previous version of the permit (CPS 7211/1). The change relates to extending the permit duration by 10 years.**

Compliance with the terms, conditions or restrictions of this permit does not absolve the Permit Holder from responsibility for compliance with the requirements of all Commonwealth and State legislation.

Please note, as your permit requires the submission of an annual report, this should be provided electronically via email to [nvab@dmirs.wa.gov.au](mailto:nvab@dmirs.wa.gov.au) prior to the due date.

I declare that I have no conflict of interest that prevents me from making a decision in relation to this proposal (in accordance with the Department of Mines, Industry Regulation and Safety (DMIRS) Conflict of Interest Policy).

If you have any queries regarding this notice, please do not hesitate to contact Richard Smetana, Environmental Officer on (08) 9222 3639 or email [richard.smetana@dmirs.wa.gov.au](mailto:richard.smetana@dmirs.wa.gov.au).

Yours sincerely
