1. Application details

1.1. Permit application details

Permit application No.: 7488/1
Permit type: Area Permit

1.2. Applicant details

Applicant's name: Shire of Boyup Brook

1.3. Property details

Property: Lot 5 On Plan 103007, Boyup Brook
Colloquial name: Boyup Brook, Shire of
Local Government Authority:
DER Region: Greater Swan
DPaW District: Blackwood
LCDC:
Localities: Boyup Brook

1.4. Application

Clearing Area (ha)	No. Trees	Method of Clearing	For the purpose of:
	1	Mechanical Removal	Hazard reduction or fire control

1.5. Decision on application

Decision on Permit Application: Granted
Decision Date: 21 April 2017
Reasons for Decision: The clearing permit application was received on 16 February 2017 and has been assessed against the clearing principles, planning instruments and other matters in accordance with section 51O of the Environmental Protection Act 1986, and it has been concluded that the proposed clearing is not likely to be at variance to any of the clearing principles.

The Delegated Officer has determined that the proposed clearing is not likely to result in any significant environmental impacts.

2. Site Information

2.1. Existing environment and information

2.1.1. Description of the native vegetation under application

Vegetation Description	Clearing Description	Vegetation Condition
Beard Vegetation Association 992 is described as Medium forest; jarrah & wandoo (<i>Eucalyptus wandoo</i>) (Shepherd et al., 2001).	The application is to clear 1 native tree on Lot 5 on Deposited Plan 103007, Boyup Brook for the purpose of hazard reduction.	Completely Degraded; No longer intact, completely/almost completely without native species (Keighery, 1994).

3. Assessment of application against clearing principles

Comments The application is to clear 1 native tree within Lot 5 on Deposited Plan 103007, Boyup Brook, for the purpose of hazard reduction.

Consideration has been given to impacts to biodiversity, significant fauna habitat, rare flora, threatened ecological communities, remnant vegetation values, wetlands, watercourses, land degradation, conservation areas, surface water quality, groundwater quality, and flooding. The assessment has found that the proposed clearing is not likely to be at variance to any of the clearing principles.

One registered Aboriginal site of significance occurs within the application area.

The clearing permit application was advertised in the *West Australian* newspaper on 3 April 2017 and online on 27 March 2017 by the Department of Environment Regulation inviting submissions from the public within a 14 day period. No submissions from the public were received.
