Part 4: Proposed amendments	
<p>Additional information to support the assessment of your application to amend may be attached.</p> <p>Please ensure you have included the following as part of your application:</p> <ul style="list-style-type: none"> a photocopy of the granted clearing permit, with proposed changes highlighted, <i>and</i> payment of the prescribed fee. <p>When providing details of the proposed change(s), if any additional clearing is proposed, include details of:</p> <ul style="list-style-type: none"> the proposed method of the clearing; the purpose of the clearing; the period within which the clearing is proposed to be undertaken (taking note of the published minimum assessment timeframes for DWER / DMIRS, as applicable); <i>and</i> the final land use. 	<p>Indicate the types of proposed change(s) to your clearing permit by selecting the relevant box(es):</p> <p><input type="checkbox"/> Extend the duration of the clearing permit.</p> <p><input type="checkbox"/> Vary / add / remove a permit condition relating to a matter other than the size or boundary of the area to be cleared.</p> <p><input checked="" type="checkbox"/> Amend the size of the area permitted to be cleared, or add / remove a land parcel on the clearing permit.</p> <p><input type="checkbox"/> Redescribe the boundary of the area authorised to be cleared <i>[for an area permit only]</i></p> <p><input type="checkbox"/> Make a correction to the clearing permit.</p> <p><input type="checkbox"/> Other.</p> <p>Provide details of the proposed change(s), and the rationale(s) for it / them.</p> <p>Santos requests an amendment to the boundary of the permitted area to be cleared in CPS 7551/1 to include an existing beach access track that extends past the southern boundary of the current permit area. The beach access track was previously cleared under CPS 997/2. No further clearing is anticipated however Santos requests the area be included in CPS 7551/1 to cover any future track maintenance works that may be required.</p> <p>Santos recently surrendered CPS 997/2 noting that CPS 7551/1 is intended to cover areas previously cleared under CPS 997/2. As part of the assessment of the surrender application for CPS 997/2 the Department of Mines, Industry Regulation and Safety identified the discrepancy and advised Santos to apply for an amendment to a clearing permit (this application) to include the beach access path (refer Attachment 1).</p> <p>Santos has reviewed the 7551 permit area and has identified an additional area to be included in within the permit to align with the lease boundary. The additional area is a small area partially covering the East Wharf (refer Figure 1). Santos requests that this area also be included with this amendment.</p>
<p>For an application to amend the size of the area permitted to be cleared, or add a land parcel to the clearing permit, you must have the authority of the landowner to access the land and undertake the clearing.</p>	<p>State the nature of the applicant's authority to access the land to be cleared. Evidence of authority can include e.g. a copy of the certificate of title or a letter of authority signed by the landowner or other person with authority to give legal land access permission.</p> <p><i>[Attach evidence of authority. Note that a letter of authority must explicitly state the applicant has authority to clear on the land.]</i></p> <p>Refer to clearing permits CPS 7551/1 and CPS 997/2</p> <p>CALM Lease 1902 and 2046 – From March 1996, the CALM Executive body granted lease areas 1902 and 2064 for the purpose of constructing, operating, inspecting, maintaining and repairing the pipelines specified in Pipeline Licence No29 and N0 30 to the East Spar Joint Venture (ESJV) and the Harriet Joint Venture (HJV) over a portion of the Nature reserve 33902 to Quadrant Northwest (CAN 009140854). The leases were renewed in April 2013 for 21 years.</p> <p>Production Licence 6 (TL/6) granted under the WA Petroleum (Submerged Lands) Act 1982.</p>
<p>Provide additional property details if required – if applying to extend the size of the area to be cleared into another land parcel.</p>	<p>Land description: volume and folio number, lot or location number(s), Crown lease or reserve number, pastoral lease number, or mining tenement number of all properties.</p> <p>Refer to clearing permits CPS 7551/1 and CPS 997/2</p>
<p>You must provide evidence that avoidance and mitigation</p>	<p>Have alternatives that would avoid or minimise the need for clearing been considered and applied?</p> <p style="text-align: right;"> <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No </p>
