

Department of Water and Environmental Regulation – Department of Mines, Industry Regulation and Safety

Application for a clearing permit (area permit)

Environmental Protection Act 1986 s 51E

FORM C1

Clearing of native vegetation is prohibited in Western Australia except where a clearing permit has been granted or an exemption applies. A person who causes or allows unauthorised clearing commits an offence.

CPS No.
Date stamp

Part 1 Assessment bilateral agreement

The native vegetation clearing processes under Part V of the *Environmental Protection Act 1986* (EP Act) have been accredited by the Commonwealth of Australia under the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act) and can be assessed under an assessment bilateral agreement.

To be assessed under the assessment bilateral agreement, the proposed clearing action must be referred to the Commonwealth under the EPBC Act prior to submitting this application form and Annex C7 must also be completed.

For further information see Annex C7 and *A guide to native vegetation clearing processes under the assessment bilateral agreement* available at www.der.wa.gov.au/our-work/clearing-permits.

Do you want your proposed clearing action assessed in accordance with, or under, an EPBC Act Accredited Process such as the assessment bilateral agreement?

Yes No Proceed to Part 2

Has the proposed clearing action been referred to the Commonwealth of Australia under the EPBC Act?

Yes EPBC Number
 No It cannot be assessed under an Accredited Process such as the assessment bilateral agreement until it has been referred to the Commonwealth. Proceed to Part 2.

Has a decision been made under the EPBC Act as to whether the proposed clearing action is a controlled action?

Yes No Proceed to Part 2.

Is the proposed clearing action a controlled action under the EPBC Act?

No It cannot be assessed under an Accredited Process, proceed to Part 2.
 Yes Complete and attach the requirements of Annex C7 to this completed form.

List the controlling provisions identified in the notification of the controlled action decision.

Annex C7 is complete and the required supporting information is attached.

Part 2 Land details

The location of the land where clearing is proposed must be accurately described

Land description: volume and folio number, lot or location number(s), Crown lease or reserve number, pastoral lease number or mining tenement number of all properties.

Parcel address: OCEAN VIEW DR, GREEN HEAD 6514 –
 [due west of 35/Lot 184, BRYANT ST, GREEN HEAD 6514]

Also some partial clearing/bruising of brush may be required for access to the area directly due west of the Green Head Caravan Park where existing tracks are for concrete pump truck to be positioned. [see attached "QGIS Map 3 Bays North"]

Owner: Shire of Coorow

Volume: Unknown

FILE REFERENCE

Street address [due west of 35/Lot 184, BRYANT ST, GREEN HEAD 6514] [south of Dynamite Bay car park]

Part 3 Proposal	
<p>An aerial photograph or map with a north arrow must be attached, clearly marking the area proposed to be cleared</p> <p>or</p> <p>if you have the facilities, a digital map on CDROM of the area to clear as an ESRI shapefile with the following properties:</p> <p>Geometry type: Polygon shape Coordinate system: GDA 1994 (Geographic latitude/longitude) Datum: GDA 1994 (Geocentric Datum of Australia 1994).</p>	<p>Total area of clearing proposed (hectares) 0.3 ha in total (1 clearing area & 2 identified crushing areas plus 1,200 m x 2m wide trail – most on existing cleared trail)</p> <p>and/or</p> <p>number of individual trees to be removed 0 trees, scrubland vegetation only</p>
	<p>Proposed method of clearing</p> <p>D6 dozer, bobcat and/or front end loader</p>
	<p>Period within which clearing is proposed to be undertaken, e.g. May 2018 – June 2018</p> <p>from January 2018 to May 2018</p>
	<p>Purpose of clearing</p> <p>Overall purpose is to construct a concrete walk trail (3 Bays Walkway) over the existing gravel walk trail.</p> <ol style="list-style-type: none"> 1. Allow vehicle access to the walk trail for delivery of gravel to stabilise the base which can then be used for concrete truck to access the trail segments for laying concrete walk trail. 2. Potential for small hand clearing/widening of the trail to allow bobcat or small vehicle access to deliver trail surface materials where required. (eg: removing some excess materials such as gravel and delivery of additional materials where needed for stabilisation and raising areas). 3. Potential driving over some small areas of brush (minimal) on northern section (refer to map 3 Bays North QGIS Map V1.2 Proposed Trail) 4. Creating new walk trail segment on top of hill (see 3 Bays North QGIS Map V1.2 Proposed Trail) with overburden to be used to rehabilitate the old walk trail near cliff face. <p>Purpose of clearing the 30m x 4m strip (1) is to allow temporary vehicle access to the walk trail shown on the attached maps/aerials (see Clearing Permit - Vehicle Access - Dynamite Bay South) is to construct a concrete walk trail along the existing gravel track (4).</p> <p>Some additional temporary widening may be required along other areas of the trail to allow bobcat and small vehicle access but will be minor and mainly driven over.</p> <p>Any disturbances and clearing will be rehabilitated in its entirety and shall remain undisturbed after the works are completed.</p> <p>Final land use will be a concrete walk trail that should remain undisturbed for 20+ years allowing for full rehabilitation, eliminate need for maintenance of existing trail (gravel) and limit pedestrian traffic to the formal walkway.</p>
	<p>Has this clearing application or any related matter been referred to the Environmental Protection Authority (EPA)? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>
