Perfect, thanks for all the help Belinda.

The desktop calculation using the shape files is now 0.22 ha as per your application.

Thanks,

Aimee

Hi Aimee,

I have gone back to the design team regarding the inconsistencies. The area has been confirmed as 0.22 hectares using two different methods. Please find attached a corrected shapefile.

Thanks
Belinda

Brilliant, thanks so much for those shapefiles Belinda.

A desktop measurement of the shape files submitted indicates that the total area is approximately 0.34 hectares however your application indicates that the City of Wanneroo intends to clear 0.22 hectares.

Could you please therefore confirm whether you would like to increase the area applied for to a total area of 0.34 hectares in line with the shape file areas?

Thanks again,

Aimee

Hi Aimee,

Please find files attached.

Thanks
Belinda

Good morning Belinda,

Thanks for the shapefile below, unfortunately my mapping system can't seem to open the .dwg file. Would you possible have the shapefile in .shp file?

Thanks again for your help,

kind regards,

Aimee Chounding

Good afternoon Belinda,

Thank you for submitting the City of Wanneroo's application for a purpose clearing permit which the department received on the 31st August 2017.

I am currently validating the application, and was hoping you had a shape file of the application area that you could provide to assist me with assessing the size of the area?

If you would like to discuss the above matter, please do not hesitate to contact me,

Thank you, and kind regards,
