

Department of Water and Environmental Regulation (DWER)
Department of Mines, Industry Regulation and Safety (DMIRS)

## Application for an amendment to a clearing permit

Environmental Protection Act 1986, section 51M

## FORM C4

Clearing of native vegetation is prohibited in Western Australia except where a clearing permit has been granted or an exemption applies. A person who causes or allows unauthorised clearing commits an offence.

For further information on the stages of assessment for clearing permit applications (including amendments to existing permits), refer to the <u>Procedure: Native vegetation clearing permits</u> on DWER's website.

|   | Email address   |   |           |          |          |          |         |        |        |  |

| Part 4: Proposed amendments  |  |   |                                   |     |             |    |  |  |
|--|--|---|-----------------------------------|-----|-------------|----|--|--|
| Additional information to support the assessment of your   | Indicate the types of proposed change(s) to your clearing permit by selecting the relevant box(es):  |   |                                   |     |             |    |  |  |
| application to amend may be attached.  |  | Extend the duration of the clearing permit.   |                                   |     |             |    |  |  |
| Please ensure you have included the following as part of your application:   |  | Vary / add / remove a permit condition relating to a matter other than the sboundary of the area to be cleared. |                                   |     |             |    |  |  |
| <ul> <li>a photocopy of the granted<br/>clearing permit, with proposed<br/>changes highlighted,</li> </ul>   | $\boxtimes$  | Amend the size of the area permitted to be cleared, or add / remove a land parcel on the clearing permit.       |                                   |     |             |    |  |  |
| <ul><li>and</li><li>payment of the prescribed fee.</li></ul>   |  | Redescribe the boundary of the area authorised to be [for an area permit only]                                  | the area authorised to be cleared |     |             |    |  |  |
| When providing details of the proposed change(s), if any additional clearing is proposed,  |  | _   |                                   |     |             |    |  |  |
| include details of:  • the proposed method of the  | Other.   |   |                                   |     |             |    |  |  |
| clearing;  | Provide details of the proposed change(s), and the rationale for it / them.  |   |                                   |     |             |    |  |  |
| <ul><li> the purpose of the clearing;</li><li> the period within which the</li></ul>   | An additional 9.3ha is to be cleared in an area previously extracted and under rehabilitation (figure 1) which has been described as 'degraded' due to the lack of   |   |                                   |     |             |    |  |  |
| clearing is proposed to be<br>undertaken (taking note of the<br>published minimum<br>assessment timeframes for<br>DWER / DMIRS, as applicable);  | vegetation assemblage structure (see Reconnaissance flora survey report attached).  Small areas of remnant vegetation in the western, northern and eastern sections of the survey area totalling 1.65 ha which have not previously been disturbed but are not areas of significant cockatoo nesting habitat (see attached Cockatoo habitat assessment report) are also being sought for clearing in this application (Figure 1). |   |                                   |     |             |    |  |  |
| and  | A total of 10.95 ha of additional clearing is being sought under this amendment.   |   |                                   |     |             |    |  |  |
| the final land use.  | There is still a potential gravel resource in this area as the operator who previously extracted the area back in the late 80's only took the loose surface gravel and there is sufficient gravel below the lateritic caprock to make extraction viable.   |   |                                   |     |             |    |  |  |
|  | Clearing will be undertaken using mechanical means.  |   |                                   |     |             |    |  |  |
|  | Clearing is seeking to be undertaken between May 2020 and May 2021.  |   |                                   |     |             |    |  |  |
|  | The land will be rehabilitated back to native species, in accordance with conditions of the clearing permit, utilising species suitable to promote Black Cockatoo habitat.   |   |                                   |     |             |    |  |  |
| For an application to amend the size of the area permitted to be cleared, or add a land parcel to the clearing permit, you must have the authority of the landowner to access the land | State the nature of the applicant's authority to access the land to be cleared. Evidence of authority can include e.g. a copy of the certificate of title or a letter of authority signed by the landowner or other person with authority to give legal land access permission.  [Attach evidence of authority. Note that a letter of authority must explicitly state the applicant has authority to clear on the land.]         |   |                                   |     |             |    |  |  |
| and undertake the clearing.  | Letter of Authority from Mining Lesee  |   |                                   |     |             |    |  |  |
| Provide additional property details if required – if applying to extend  | Land description: volume and folio number, lot or location number(s), Crown lease or reserve number, pastoral lease number, or mining tenement number of all properties.   |   |                                   |     |             |    |  |  |
| the size of the area to be cleared into another land parcel.   | Mining tenement M70/733  |   |                                   |     |             |    |  |  |
| You must provide evidence that avoidance and mitigation options have been pursued to   | Have alternatives that would avoid or minimise the need for clearing been considered and applied?  |   |                                   |     |             |    |  |  |
| eliminate, reduce or otherwise   | If yes, provide details:   |   |                                   |     |             |    |  |  |
| mitigate the need for, and scale of, the proposed clearing of native vegetation.   | 85% of the proposed additional clearing has been under extraction previously and the remaining 15% is not considered suitable cockatoo breeding habitat.   |   |                                   |     |             |    |  |  |
| Refer to DWER's <u>Clearing of native vegetation offsets</u> Do you want to submit a clearing permit offset proposal with your application?  |  |   |                                   | Yes | $\boxtimes$ | No |  |  |
