To be assessed in this manner, the proposed clearing action must be referred to the Commonwealth under the EPBC Act and deemed a 'controlled action' prior to submitting this application form.

For further information see *Form Annex C7* and *A guide to native vegetation clearing processes under the assessment bilateral agreement* available at www.der.wa.gov.au/our-work/clearing-permits.

Do you want your proposed clearing action assessed in accordance with, or under, an EPBC Act Accredited Process such as the assessment bilateral agreement?

Atlas Iron Limited held a clearing permit (CPS7447/1) to **upgrade the Hillside-Marble Bar Road** (the Project). This permit expired, while an amendment application (CPS7447/2) to have the permit extended was awaiting the renewed Section 91 Licence under the *Land Administration Act 1997* (reference No. 00869-2016 signed 30/01/2019), from the DPLH. This application serves to reinstate this permit.

No changes to the project are proposed since the original permit application/assessment, with the exception of the revised project schedule/permit dates (April 2019-April 2026).
