<b>Decision:</b>	Surrender application accepted
<b>Decision date:</b>	21 July 2022
<b>Decision area:</b>	424.9 hectares of native vegetation, as depicted in Section 1.5, below.

### 1.4. Reasons for decision

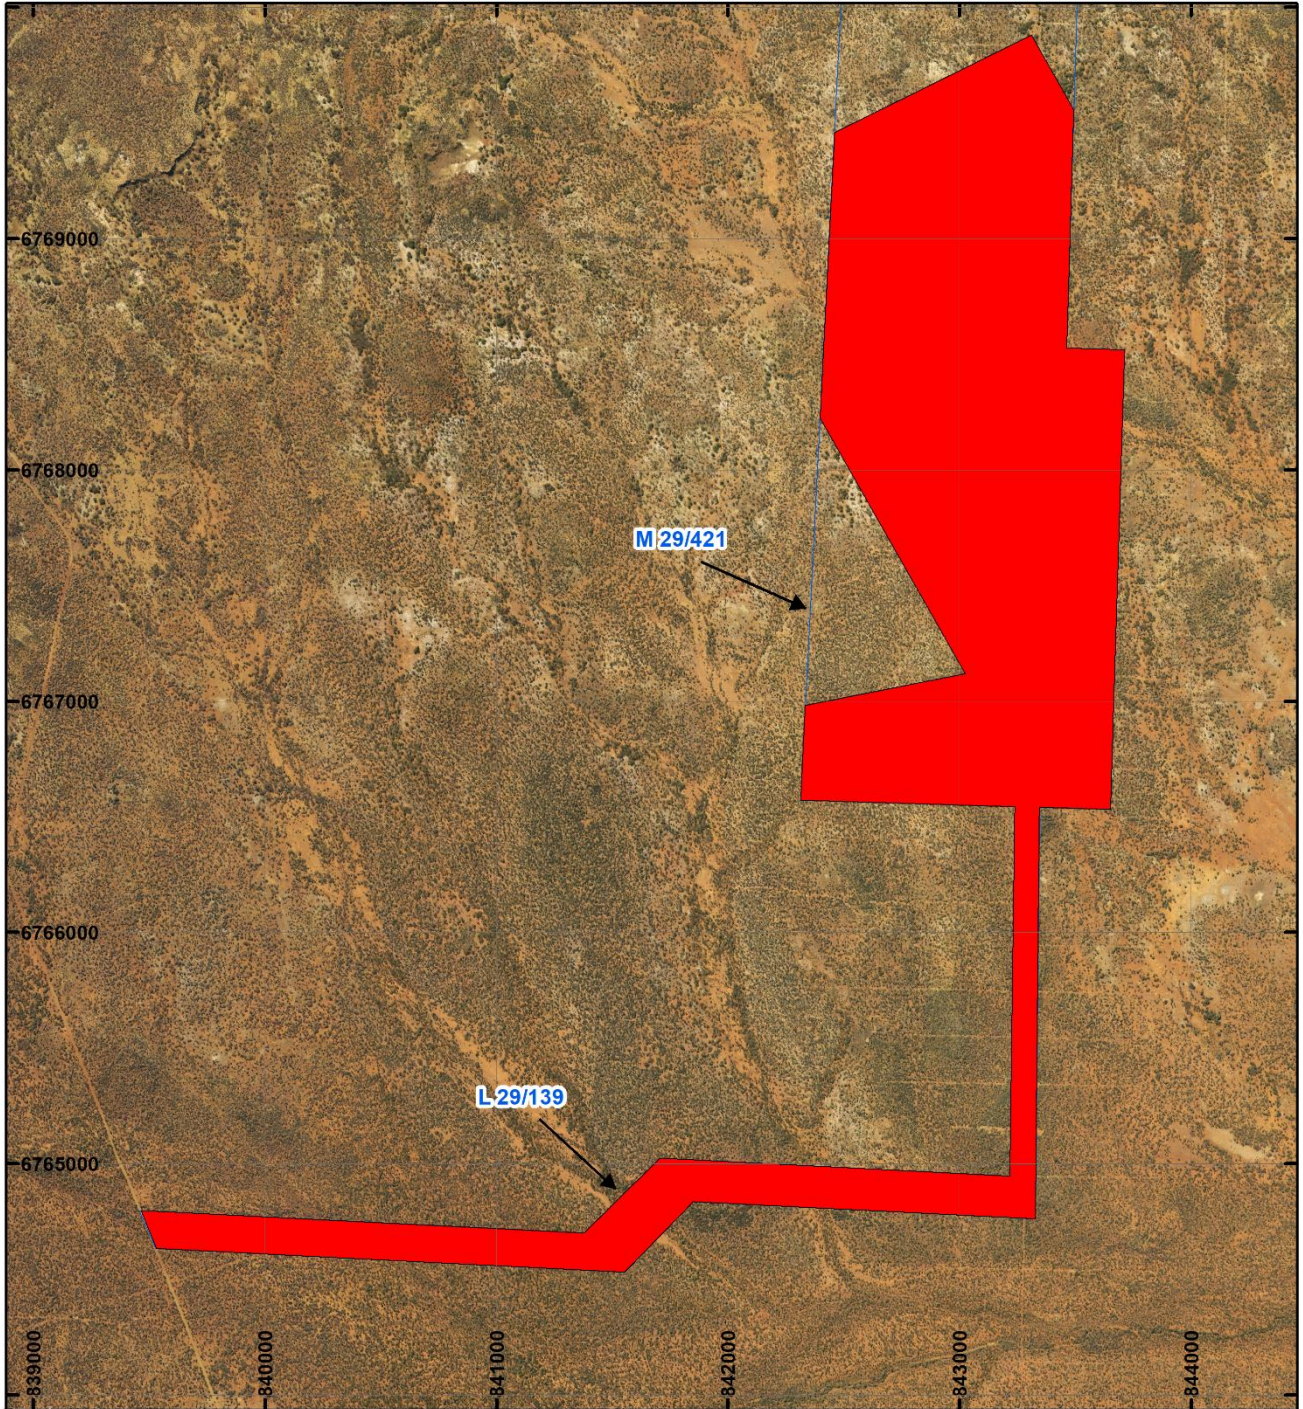

In making the decision, the Delegated Officer had regard for:

- a review of the permit holder's compliance with conditions of Clearing Permit CPS 8763/1 (section 2.1 of this report)
- other matters considered relevant to the decision (section 2.2 of this report).

The application to surrender was submitted, accepted and determined in accordance with section 51MA of the *Environmental Protection Act 1986*.

After consideration of the above information, the Delegated Officer decided to accept the surrender application for Clearing Permit CPS 8763/1.

## **2 Assessment**

### **2.1. Review of compliance with clearing permit conditions**

On 10 May 2022, the Department of Mines, Industry Regulation and Safety (the Department) reviewed the annual clearing permit report for Clearing Permit CPS 8763/1. The Department identified that the permit holder has not cleared native vegetation under CPS 8763/1 since the issue of the permit (Aurenne Mining, 2022). Aerial imagery confirms that there has been no clearing of native vegetation under CPS 8763/1.

The Department's review of the permit holder's requirements under Clearing Permit CPS 8763/1 did not identify any non-compliance with the clearing permit conditions, and the permit holder has satisfied the conditions on the permit.

### **2.2. Relevant planning instruments and other matters**

On 9 March 2022, the Department accepted the permit holder's application to surrender Clearing Permit CPS 8763/1 and gave the permit holder 28 calendar days' notice to provide comment prior to the permit being surrendered. No comments were received.

The CEO notes that the surrender application was made by Aurenne MIT Pty Ltd, which is the new name for the company entity formerly known as MGK Resources Pty Ltd.
