

Part 1: Assessment bilateral agreement

If the amendment of a clearing permit will or is likely to impact on a matter of national environmental significance identified under the *Environment Protection and Biodiversity Conservation Act 1999* (Cth) (EPBC Act) the original application must have been assessed in accordance with the bilateral assessment, and a variation under the EPBC Act is required prior to submitting this amendment application form.

To be assessed in this manner, the proposed clearing action must be referred to the Commonwealth under the EPBC Act and deemed a '<u>controlled action</u>' prior to submitting this application form.

Further information is located in Form Annex C7 and A guide to native vegetation clearing processes under the Assessment bilateral agreement available at www.der.wa.gov.au/ourwork/clearing-permits. Do you want your proposed clearing action assessed in accordance with, or under, an EPBC Act Accredited Process such as the assessment bilateral agreement?

	Yes	EPBC number:
\leq	No	Proceed to Part 2

List the controlling provisions identified in the notification of the controlled action decision.

Form Annex C7 is complete and the required supporting information is attached.

Part 2: Clearing permit details				
Amendments can only be made to active clearing permits. Applications must be made more	Permit number for existing clearing permit	Dg CPS 8797/1		
than 90 working days prior to the existing permit expiring to ensure there is adequate time to assess the amendment.	Permit holder's name (as it appears on the existing clearing permit)	Evolution Mining (Mungari) Pty Ltd		
FILE REFERENCE	Permit expiry date: 8 May 2025			
	Mark this box if there are less the existing permit.

Applicant contact details										
If applying as a company or incorporated body, please also supply the registered business office address. DWER and DMIRS prefer to send all correspondence via email. We request that you consent to receiving all correspondence relating to instruments and notices under Part V of the EP Act ("Part V documents") via email by indicating your consent in this section of the application form. Where 'yes' is selected, all correspondence from DWER or DMIRS (as applicable) will be sent to you via email, to the email address provided in this section. Where 'no' has been selected, Part V documents will be posted to you in hard copy to the postal/business address you have provided in this section. Other general correspondence may still be sent to you via email.										
Contact details for enquiries										
If different from the applicant's contact details, enter the contact details of a person with whom DWER or DMIRS should liaise with concerning this clearing application.										

Part 3: Applicant								
Part 4: Proposed amendments								
 Additional information to support the assessment of your application to amend may be attached. Please ensure you have included the following as part of your application: a photocopy of the granted clearing permit, with proposed changes highlighted, <i>and</i> payment of the prescribed fee. When providing details of the proposed change(s), if any additional clearing is proposed, include details of: the proposed method of the clearing; the period within which the clearing is proposed to be undertaken (taking note of the published minimum assessment timeframes for DWER / DMIRS, as applicable); 	Indicate the types of proposed change(s) to your clearing permit by selecting the relevant box(es): Image: Selecting the duration of the clearing permit. Image: Selecting the duration of the clearing permit. Image: Selecting the area to be cleared. Image: Selecting the size of the area permit to be cleared, or add / remove a land parcel on the clearing permit. Image: Selecting the boundary of the area authorised to be cleared [for an area permit only] Image: Selecting the boundary of the area authorised to be cleared [for an area permit only] Image: Selecting the proposed change(s), and the rationale(s) for it / them. Extend the duration of the permit by 5 years to 8 May 2030. No other changes. Extension is required to facilitate mining operations.							
and								
the final land use.								
For an application to amend the size of the area permitted to be cleared, or add a land parcel to the clearing permit, you must have the authority of the landowner to access the land and undertake the clearing.	State the nature of the applicant's authority to access the land to be cleared. Evidence of authority can include e.g. a copy of the certificate of title or a letter of authority signed by the landowner or other person with authority to give legal land access permission. [Attach evidence of authority. Note that a letter of authority must explicitly state the applicant has authority to clear on the land.] NA							
Provide additional property details if required – if applying to extend the size of the area to be cleared into another land parcel.								
You must provide evidence that avoidance and mitigation options have been pursued to	Have alternatives that would avoid or minimise the need for clearing been considered and applied?							
eliminate, reduce or otherwise mitigate the need for, and scale of, the proposed clearing of native vegetation.	If yes, provide details: Disturbance works have been sited such that key environmental values are avoided, or impact reduced to ALARP. Clearing will be conducted on an 'as required' basis and survey pickups will be carried out before and after clearing.
