

Application for an amendment to a clearing permit

Environmental Protection Act 1986 s 51M(1)(a)

Clearing of native vegetation is prohibited in Western Australia except where a clearing permit has been granted or an exemption applies. A person who causes or allows unauthorised clearing commits an offence.

FORM C4

Part 1 Clearing Permit

To vary certain terms, conditions or restrictions on a clearing permit, an application for an amendment must be submitted in accordance with sections 51K and 51M of the Environmental Protection Act 1986.

Permit number

896/2

Permit holder

Blina Diamonds NL

Contact details

Please provide current contact details of the Permit Holder, or person applying on behalf of the Permit Holder.

If you are applying on behalf of the Permit Holder, please attach your agent's authority expressly authorising you to act on behalf of the Permit Holder.

Part 2 Proposed changes

Amendments may include:

- extending the duration of the clearing permit
- varying a due date of a condition, such as extending the time limit for when a report must be submitted
- in the case of an area permit, reducing the boundaries of the area that may be cleared under the permit or of land to which a condition refers
- correcting a clerical mistake or unintentional error or omission; a figure which has been miscalculated; or the misdescription of any person, thing, area, property or activity

Please indicate the proposed changes to the Clearing Permit below (tick applicable boxes):

- extend the duration of the permit
- vary a due date of a condition
- change the size of the area permitted to clear, or remove a property that is related to the permit
- correct a clerical error or make an administrative change
- other.

Details of proposed changes and justification for changes

Blina Diamonds NL current clearing permit (896/2) expires on April 8th 2009. Blina Diamonds would like to extend the licence for an extra two years up until April 2011.

Currently 5.47 Ha of land has been cleared under this permit. The mineral exploration program in this area has not yet been completed and Blina still plan on utilising this area in the future for further mineral exploration.

If there is insufficient room on any part of this form, please continue on a separate sheet of paper and attach to this form.

IMPORTANT

Information submitted as part of this application may be made publicly available. If you wish to submit information that you believe to be commercially sensitive or otherwise confidential, then you should submit that information in an appendix to this application, with a written statement of reasons why you request that each item of information be kept confidential. The department will take reasonable steps to protect confidential or commercially sensitive information. Please note in particular that all submitted information may be the subject of an application for release under the Freedom of Information Act 1992. If you have any enquiries regarding the provision of relevant information as part of this application contact either:

Department of Environment and Conservation or Department of Industry and Resources
