

Department of Water and Environmental Regulation (DWER) Department of Mines, Industry Regulation and Safety (DMIRS)

Application for a clearing permit (purpose permit) Environmental Protection Act 1986, section 51E

FORM C2

Clearing of native vegetation is prohibited in Western Australia except where a clearing permit has been granted or an exemption applies. A person who causes or allows unauthorised clearing commits an offence.

For further information on the stages of assessment for clearing permit applications, refer to the *Procedure: Native vegetation clearing permits* on DWER's website.

Date stamp

CPS No.

Part 1: Assessment bilateral agreement

The native vegetation clearing processes under Part V of the	Do you want your proposed clearing action assessed in accordance with, or under, an EPBC Act Accredited Process such as the assessment bilateral agreement?						
Environmental Protection Act 1986 (WA) (EP Act) have been accredited by the Commonwealth of Australia under the		Yes	EPBC Number:				
Environment Protection and Biodiversity Conservation Act	\boxtimes	No	Proceed to Part 2				
1999 (Cth) (EPBC Act) and can be assessed under an assessment bilateral agreement.	List th decisi		olling provisions iden	tified in the notification of the controlled action			
To be assessed in this manner, the proposed clearing action must be referred to the Commonwealth under the EPBC Act and deemed a <u>controlled action</u> prior to submitting this application form.							
For further information see Form Annex C7 and A guide to native vegetation clearing processes under the assessment bilateral							
agreement available at www.der.wa.gov.au/our- work/clearing-permits.		Form	Annex C7 is comple	te and the required supporting information is attached.			

Part 2: Land details						
The location of the land where clearing is proposed must be	Land description: volume and folio number, lot or location number(s), Crown lease or reserve number, pastoral lease number or mining tenement number of all properties.					
accurately described.	The NVCP application is contained within Lot 5262 on deposited plan 183085 within the Shire of Capel. The Lot is covered by Reserve 37116 (reserved for purpose of operating wastewater treatment plant) with the responsible authority for the reserve being Water Corporation. No street address is applicable for the Lot, however the closest public access is the southern end of Ocean Drive in the suburb of Usher, City of Bunbury

Part 3: Applicant details (continu	ed)							
Authority to access land								
To apply for a permit you must be the landowner, or have the authority of the landowner to access the land and undertake the clearing. Evidence of authority can include, for example, a copy of the certificate of title or a letter of authority signed by the landowner or other person with authority to give land access permission.	State the nature of the applicant's authority to access the land to be cleared. [Attach evidence of authority. Note that a letter of authority must explicitly state that the applicant has authority to clear on the land and must be signed by a person with authority to give land access permission.] Letter of Authority Attached. Refer to "Aqwest Vegetation Clearing Consent - June 2021"							
Landowner's ownership of land								
A landowner can be:	The la	andowner's form of	ownership is:					
 a person who holds the certificate of title; 			[Attach a copy of the ith the application – a					
 a person who is the lessee of Crown land; or 		Pastoral lease [Attach a copy of	the lease and all ass	ociated encumbran	ices].			
 a public authority that is responsible for care of the land. 	Mining lease.							
	Public authority that has care, control or management of the land.							
		Other form of lease, land tenure or specific arrangement.						
		Please state:
