Application to surrender a clearing permit

Environmental Protection Act 1986, section 51MA

FORM C6

The clearing of native vegetation is prohibited in Western Australia unless a clearing permit has been granted for the clearing or where a permit is not required (either due to a referral determination that one is not needed or because an exemption applies). A person who causes or allows unauthorised clearing commits an offence.

For further information on the stages of assessment for clearing permit applications (including surrendering an existing permit), see the [Procedure: Native vegetation clearing permits](#) on DWER's website.
