

Department of Water and Environmental Regulation (DWER) Department of Mines, Industry Regulation and Safety (DMIRS)

## Application to amend a clearing permit

Environmental Protection Act 1986, section 51KA

## FORM C4

The clearing of native vegetation is prohibited in Western Australia unless a clearing permit has been granted for the clearing or where a permit is not required (either due to a referral determination that one is not needed or because an exemption applies). A person who causes or allows unauthorised clearing commits an offence.

For further information on the stages of assessment for clearing permit applications (including amendments to existing permits), see the <u>Procedure: Native vegetation clearing permits</u> on DWER's website.

To apply for an amendment to a permit you must be the current	Are you applying as an individual, a company or incorporated body? Enter details for one only.										
holder of the existing permit. Include Australian Company	An individual	Title	Mr		Mrs		Ms		Other:		
Number (ACN) if the proposed permit holder is a body corporate		Name/s									
or other entity formed at law.	OR										
	other entity	A body corporate or other entity formed at law (include ACN)			GMA Garnet Pty Ltd (009 344 227)						
Applicant contact details											
If applying as a company or incorporated body, please also supply the registered business office address.  DWER and DMIRS prefer to send all correspondence via email.  We request that you consent to receiving all correspondence relating to instruments and notices under Part V of the EP Act ("Part V documents") via email by indicating your consent in this section of the application form.  Where 'yes' is selected, all correspondence from DWER or DMIRS (as applicable) will be sent to you via email, to the email address provided in this section.  Where 'no' has been selected, Part V documents will be posted to you in hard copy to the postal/business address you have											
provided in this section. Other general correspondence may still be sent to you via email.											
·											
Contact details for enquiries											
If different from the applicant's contact details, enter the contact details of a person with whom DWER or DMIRS should liaise with concerning this clearing application.											

Part 4: Proposed amendments									
Additional information to support the assessment of your application to amend may be	Indicate the types of proposed change(s) to your clearing permit by selecting the relevant box(es):								
attached.		Extend the duration of the clearing permit.							
Please ensure you have included the following as part of your application:	Vary / add / remove a permit condition relating to a matter other than the size or boundary of the area to be cleared.								
<ul> <li>a photocopy of the granted clearing permit, with proposed changes highlighted,</li> </ul>	$\boxtimes$	Amend the size of the area permitted to be cleared, or parcel on the clearing permit.	add / r	I / remove a land					
<ul><li>and</li><li>payment of the prescribed fee.</li></ul>	Redescribe the boundary of the area authorised to be cleared [for an area permit only]								
When providing details of the proposed change(s), if any additional clearing is proposed,	Make a correction to the clearing permit.								
<ul><li>include details of:</li><li>the proposed method of the</li></ul>	Other.								
clearing;	Provide details of the proposed change(s), and the rationale(s) for it / them.								
<ul> <li>the purpose of the clearing;</li> <li>the period within which the clearing is proposed to be</li> </ul>	GMA is seeking approval to amend the clearing permit boundary and increase the size of the area to be cleared under CPS 9707/3. The amendment application includes an additional 0.89 hectare of clearing. The clearing is required for the following purposes:								
undertaken (taking note of the published minimum assessment timeframes for	<ul> <li>Clearing of vegetation for future Lynton borefield upgrades</li> <li>Clearing of regrowth to improve line of sight.</li> </ul>								
DWER / DMIRS, as applicable);	ine p	The proposed clearing method will be by a Dozer with a scrub rake.							
and									
the final land use.									
For an application to amend the size of the area permitted to be cleared, or add a land parcel to the clearing permit, you must have the authority of the landowner to access the land	State the nature of the applicant's authority to access the land to be cleared. Evidence of authority can include e.g. a copy of the certificate of title or a letter of authority signed by the landowner or other person with authority to give legal land access permission. [Attach evidence of authority. Note that a letter of authority must explicitly state the applicant has authority to clear on the land.]								
and undertake the clearing.	Registered Mining Tenement M70/1330 and M70/204								
Provide additional property details if required – if applying to extend	Land description: volume and folio number, lot or location number(s), Crown lease or reserve number, pastoral lease number, or mining tenement number of all properties.								
the size of the area to be cleared into another land parcel.	Not applicable								
You must provide evidence that avoidance and mitigation	Have alternatives that would avoid or minimise the need for clearing been considered and applied?								
options have been pursued to eliminate, reduce or otherwise	If yes	If yes, provide details:							
mitigate the need for, and scale of, the proposed clearing of native vegetation.	The clearing extent is required to improved line of sight at Lynton entrance. Concerning, the proposed clearing area for Lynton Borefield upgrade, the proposed footprint, the clearing extent will be limited to the area required to facilitate the upgrade which will include a 90 mm HDPE pipeline and small solar array.								
Refer to DWER's <u>Clearing of</u> <u>native vegetation offsets</u>	Do you want to submit a clearing permit offset proposal  □ Yes  □ No								
procedure guideline available on the DWER website, and the EPA's <u>WA Environmental</u>	If yes, provide details, and complete and attach Appendix A of the <i>Clearing of native</i> vegetation offsets procedure guideline.								
Offsets Policy and Guidelines on the EPA website for further information.									

Part 5: Other DWER approvals							
Instructions:							
If your application is to be submitted to DMIRS, complete Section A and then skip to Part 6 of this form.							
If your application is to be submitted to DWER, complete both Sections A and B.							
Section A: Environmental Impact Assessment							
Environmental Impact Assessment (Part IV of the EP Act)							
Has this clearing application or any related matter been referred to the Environmental Protection		Yes – provide details [ ]					
Authority?		No					
Do you intend to refer the proposal to the Environmental Protection Authority?	Yes – intend to refer (proposal is a 'significant proposal')						
Section 37B(1) of the EP Act defines a 'significant proposal' as "a proposal likely, if implemented, to have a significant effect on the environment".		Yes – intend to refer (proposal will require a section 45C amendment to the current Ministerial Statement) MS [ ]					
If a decision-making authority (e.g. DWER or DMIRS) considers that the proposal in this application is likely to constitute a 'significant proposal', they are required under section 38(5) of the EP Act to refer the proposal to the EPA for assessment under Part IV, if such a referral has not already been made.		No – a current valid Ministerial Statement applies: MS [ ]					
If a relevant Ministerial Statement already exists, please provide the MS number in the space provided.	$\boxtimes$	☑ No – not a 'significant proposal'					
Section B: Other approvals							
Pre-application scoping							
Have you had any pre-application / pre-referral / scoping meetings with DWER regarding any planned		No					
applications?		Yes – provide details: [ ]					
Works approval / Licence / Registration (Part V Division 3 of the EP Act)							
Have you applied or do you intend to apply for a works approval, licence, registration, or an amendment to any of the above, under Part V Division 3 of the EP Act?  It is an offence to perform any action that would cause a premises to become a prescribed premises of a type listed in Schedule 1 of the Environmental Protection Regulations 1987, unless that action is done in accordance with a works approval, licence, or registration.  For further guidance, refer to Guideline: Decision making and Guideline: Industry Regulation Guide to Licensing.		Yes – application reference (if known): [ ]					
		No – a valid works approval applies: [					
		No – a valid licence applies: [					
		No – a valid registration applies: [ ]					
		No – not required					
Water licences and permits (Rights in Water and Irrigation Act 1914)							
Have you applied or do you intend to apply for:  1. a licence or amendment to a licence to take water (surface water or groundwater); or  2. a licence or amendment to a licence to construct wells (including bores and soaks); or		Yes –application reference (if known): [ ]					
		No – a current valid licence applies: [ ]					
		N/A					
3. a permit or amendment to a permit to interfere with the bed and banks of a watercourse?							
For further guidance on water licences and permits under the Rights in Water and Irrigation Act 1914, refer to the Procedure: Water licences and permits.
