

ATTACHMENT 6 – Photos of the clearing permit application area and surrounding area

All photographs were taken during a site inspection on 28 July 2022.

Plate 1: View of the coastline (west) from the car park and main entrance stairs to Sorrento foreshore.

Plate 2: View west from carpark facing slightly north towards the harbour.

Plate 3: View of the dune planned for redevelopment from the grassed area looking west (towards the ocean).

Plate 4: View of the dune from the beach (east) looking at the main access path and dune planned for redevelopment, which will expand the overall area of dune.

Plate 5: View of the dune planned for redevelopment from its south eastern corner, photo taken standing on the access path.

Plate 6: View of southern side of the dune planned for redevelopment, photo is taken standing on the beach immediate after accessing beach on main access path, facing north, with the circular access path to the north also visible.

Plate 7: Close up view of south-eastern corner of the dune planned for redevelopment, photo is taken standing on the beach immediate after accessing beach on main access path, facing north, with the circular access path to the north also visible.

Plate 8: Same view as above image (Plate 7), zoomed in on the dune.

Plate 9: View of the dune planned for redevelopment, view is from immediate after accessing beach, facing west (the ocean).

Plate 10: View from the beach side of the dune planned for redevelopment, facing south.

Plate 11: View from the beach side of the dune planned for redevelopment, facing north.

Plate 12: Central view of dune planned for redevelopment, photo taken from the beach looking east.

Plate 13: Further view of the western side of the dune planned for redevelopment.

Plate 14: Close-up image of dune species growing.

Plate 15: Close up image of the Beach Spinifex, the predominant species growing on the dune system.

Plate 16: The view of the north east corner of the dune planned for redevelopment.

Plate 17: A close up view of the north-east corner of the dune planned for redevelopment.

Plate 18: View of the eastern side of the dune, taken from the north-eastern corner looking towards the south-eastern corner of the dune planned for redevelopment.

Plate 19: Central view of the eastern side of the dune planned for redevelopment.
