

## Jennapullin Road project

**Objective:** Northam Shire have requested the services of WNRM to help identify in the SLK mapping area if there are any native or threatened species along Jennapullin Road.

Date Assessment Completed: 13<sup>th</sup> of October 2022

**Overview:** Tree species identified (that were tagged with pink flag tape) in Jennapullin road assessment comprised of mostly York Gum and Wandoo tree species which are native to Western Australia and are of natural establishment. Both of these species are key habitat Eucalypts but are not connected to any remnant vegetation, albeit *Eucalyptus wandoo* in areas 11 and 15 still hold active nesting hollows for *Eolophus roseicapilla* (Galah). All species identified in this assessment are native and included in the Biodiversity Conservation Act 2016.

**Link to Map:** Please see the link to a Map which has the species all tagged with photos and ID correlating to the numbers in the table below here: <https://arcg.is/CqPDy>

**Tree assessment:** Species Recorded

Area Object ID	Scientific Name	Common Name	Naturalised Status	Conservation Code	Habitat for Native Fauna	Establishment	Photo
2	<i>Eucalyptus wandoo</i>	Wandoo	Native to Western Australia	Not threatened	None Active	Natural	

*Eucalyptus wandoo*

3	<i>Eucalyptus wandoo</i>	Wandoo	Native to Western Australia	Not threatened	None Active	Natural	
4	<i>Eucalyptus loxophleba</i>	York Gum	Native to Western Australia	Not threatened	None Active	Natural	

*Eucalyptus loxophleba*

5	<i>Eucalyptus wandoo</i>	Wandoo	Native to Western Australia	Not threatened	None Active	Natural	
6	<i>Eucalyptus loxophleba</i>	York Gum	Native to Western Australia	Not threatened	None Active	Natural	
7	<i>Eucalyptus loxophleba</i>	York Gum	Native to Western Australia	Not threatened	None Active	Natural	
8	<i>Eucalyptus loxophleba</i>	York Gum	Native to Western Australia	Not threatened	None Active	Natural	
9	<i>Eucalyptus loxophleba</i>	York Gum	Native to Western Australia	Not threatened	None Active	Natural	
10	<i>Eucalyptus loxophleba</i>	York Gum	Native to Western Australia	Not threatened	None Active	Natural	

11	Eucalyptus wandoo	Wandoo	Native to Western Australia	Not threatened	Active	Natural	
12	Eucalyptus wandoo	Wandoo	Native to Western Australia	Not threatened	None Active	Natural	
13	Eucalyptus loxophleba	York Gum	Native to Western Australia	Not threatened	None Active	Natural	
14	Eucalyptus loxophleba	York Gum	Native to Western Australia	Not threatened	None Active	Natural	
15	Eucalyptus wandoo	Wandoo	Native to Western Australia	Not threatened	Active	Natural	
16	Eucalyptus loxophleba	York Gum	Native to Western Australia	Not threatened	None Active	Natural	
17	Eucalyptus loxophleba	York Gum	Native to Western Australia	Not threatened	None Active	Natural	
18	Eucalyptus loxophleba	York Gum	Native to Western Australia	Not threatened	None Active	Natural	
19	Acacia acuminata	Jam Wattle	Native to Western Australia	Not threatened	None Active	Natural	

*Acacia acuminata*
