

Department of Water and Environmental Regulation
Department of Mines, Industry Regulation and Safety

# Application for new permit or referral to clear native vegetation

This is the form to submit a referral of proposed clearing or apply for a clearing permit under Part V of the *Environmental Protection Act 1986* (EP Act).

Before you submit this form, please check you have completed all the fields for the form type and fully prepared any required supporting documents (including maps etc.). We will return / decline any forms that are not correctly completed.

To find out more about the stages of assessment for clearing permit forms, see the *Procedure: Native vegetation clearing permits*.

Select your form type.	☐ Referral of proposed clearing (s.51DA of the EP Act)	
NOTE: Where appropriate in this form, and unless stated	☐ Application for an area permit (s.51E of the EP Act)	
otherwise, the terms 'application'		

## Part 2 – Applicant details

and 'applicant' also mean 'referral' and 'referrer'

#### 2.1 Applicant name

respectively.

Part 1 - Form type

For area permits:	□ Applying as a	n individual – complete	the following:	
If granted, the name(s) of (all)	Title	□ Mr □ Mrs □ Ms	□ Other:	,
landowner(s) will be listed as	Name(s)			40 - 2
'permit holders' on the permit.	☐ Applying as a following:	body corporate or other	entity formed	at law – complete the
For purpose permits:	Name			
If granted, the name(s) of (all)	Australian Com	ipany Number (ACN)		
applicant(s) will go on the permit.		government entity (e.g. nority, or other statutory		epartment, local
Name		Department of Jobs, T	ourism, Scienc	e and Innovation

## 2.2 Applicant contact details

Provide the contact details for the above (primary contact).

Title	
First name	
Last name	
Position	
Company name	
Contact phone number (1)	
Email address	

#### 2.2 Applicant contact postal details

Provide the postal address for the above individual, body corporate or local government authority (primary contact).

Address line 1			
Address line 2			
Suburb			
State			

## 2.3 Applicant contact – registered business address

If applying as a company, incorporated body, local government authority or public authority, please also supply the registered business office address.

Address line 1		
Address line 2		
Suburb		
State		
Contact phone number (1)		

#### 2.4 Electronic correspondence consent

Both the Department of Water and Environmental Regulation (DWER) and Department of Mines, Industry Regulation and Safety (DMIRS) prefer to send all correspondence via email. We request that you consent to receiving all correspondence relating to instruments and notices under Part V of the EP Act via email. Please indicate your consent in this section of the form.

I consent that all written correspondence between myself (the applicant) and DWER/DMIRS (as applicable) about the subject of this form will be exclusively via email, using the email address provided above.	⊠ Yes	□ No
---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------	------

#### 2.5 Contact details for enquiries

If different from the applicant's contact details, enter the contact details of a person with whom DWER or DMIRS should liaise with (e.g. a consultant).

Same as applicant's contact details ☐ Yes ☒ No	Same as applicant's contact details	□ Yes	⊠ No
------------------------------------------------	-------------------------------------	-------	------

#### If 'No' – complete the following:

Contact name		
Position (if applicable)		
Company name (if applicable)		
Contact phone number (1)		
Business or postal address line 1		
Business or postal address line 2		
Suburb		
State		
Email address		

## Part 3 - Land details

- You must accurately describe the location of the land where your clearing is proposed.
- If you have a large number of properties, please provide the relevant details for each property in a separately attached supporting document.

## 3.1 Property details

Suburb

State

Land zoning

Local government area(s)

I have a large number of properties and have relevant details in an attached supporting documents.		☐ Yes – skip to Part 4     No
If 'No' – complete the following:		
Land description  Provide the following details, as applicable, for all properties:  - volume and folio number - lot or location number(s) - crown lease or reserve number - pastoral lease number - mining tenement number	- 4020/380 - Lot 112 on	Deposited Plan 182633
Street address – Line 1	Lot 112 Minilya-Exr	mouth Road
Street address – Line 2	,	

Learmonth

Shire of Exmouth

General Industry

Postcode

6707

WA

## Part 4 - Relationship to landowner

Tell us which of the following options best describes you as the person completing and submitting this form. If you are filling out this form on behalf of the applicant, answer this question as though you are the applicant.

Proof of ownership may include:

- a certificate of title (that is less than 6 months old)
- · a pastoral or mining lease
- · public authority that has care, control or management of the land
- other form of lease, land tenure or specific arrangement.

Relationship to landowner (select one of the following options)	Complete the following
☐ I am the landowner	☐ Attach proof of ownership
☐ I am lodging a form on behalf of the landowner (e.g. a consultant)	☐ Attach proof of ownership
☐ I am acting on the landowner's behalf and will be jointly responsible for the clearing permit (i.e. joint form)	☐ Attach proof of ownership ☐ Complete and attach an 'Acting on behalf and jointly responsible' letter
☐ I am likely to become the landowner	☐ Attach the Certificate of Title ☐ Attach evidence of the pending transfer of ownership and/or contract of sale ('offer and acceptance')
☑ I will undertake the clearing activities with the landowner's authority and will be the permit holder	<ul> <li>         □ Attach proof of ownership         □ Complete and attach an 'Authority to access and clear native vegetation' letter (if the applicant is not the landowner)     </li> </ul>
☐ A person with multiple land parcels	☐ Attach proof of ownership ☐ Complete and attach 'Authority to access and clear native vegetation' letter (if the applicant is not the landowner)

### Part 5 - Proposed clearing

#### 5.1 Maps and/or spatial data

Select which map type(s) you will attach with your form.

Note: We will decline / return forms (as applicable) if you do not provide sufficient information for this question.

☑ An ESRI shapefile with the following properties (preferred)

- Geometry type: polygon shape
- Coordinate system: Geocentric Datum of Australia (GDA) 1994/2020 (geographic latitude / longitude)
- Datum: GDA 1994 / GDA 2020 (please specify which was provided)

 $\square$  An aerial photograph or map with a north arrow, clearly marking the proposed clearing area

#### Note:

- An ESRI shapefile must use one of the following filename extensions: .shp, .shx, .dbf, and/or .prj
- You must provide an ESRI shapefile if the form requires an assessment under an Environment Protection and Biodiversity Conservation Act 1999 (Cth) (EPBC Act) accredited process. See Part 8 of this form for more information.

#### 5.2 Size

- If you propose to clear a patch(s) of vegetation, enter a hectare value for the total size of the area (mark number of trees as zero).
- If you propose to remove only individual trees from the area(s) (i.e. the shrubs, grasses, groundcover plants will remain intact), provide the number of trees (and mark total area as estimated hectares).
  - Note: If any shrubs, grasses, and/or groundcover plants MAY be damaged in the clearing process, add this to the total area.
- If you propose to clear an area of vegetation within a larger footprint, enter the hectare
  value for the total size of the area to be cleared (mark number of trees as zero) and the
  size of the footprint. For example, 5 hectares of clearing within a 10 hectare footprint.
  This option is only available for purpose permit applications.
- Enter values for BOTH number of trees and the size of the area if you are clearing individual trees in one area AND a patch of vegetation in a different area.
- Please note the following area conversions/calculations:

1 hectare =  $10,000 \text{ m}^2$  Area of circle =  $3.14 \text{ x radius}^2$ 1 acre = 0.4 hectares /  $4,000 \text{ m}^2$  Area of a rectangle = length x width 1 tree = 0.01 hectares /  $100 \text{ m}^2$  Area of a triangle =  $\frac{1}{2}$  length x perpendicular height

Total area of clearing proposed (hectares)	3.77ha	Revised to 2.89 ha
Footprint of clearing (hectares) (purpose permit only)		
Number of individual trees to be removed		

Note: Calculate the area of a tree based on the area encompassed by the tree's drip line; that being the outermost circumference of the tree's canopy.

#### 5.3 Purpose

Provide the reason for proposed clearing (e.g. road construction, grazing and pasture, hazard reduction, horticulture, timber harvesting etc.)	Hazard reduction – Total Solar Eclipse public event.
Specify what the final land use will be after clearing	Vacant site.

#### 5.4 Method

Proposed method of clearing (i.e. burning, cutting, draining, flooding, grazing, mechanical clearing/bulldozing or other – specify)	Mechanical clearing/slashing, reforming of land and isolated leveling of topsoil.
-------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------

#### 5.5 Timeframe

Period within which you propose to do the clearing	Start date: 1/2/2023
(e.g. 1/7/2022 to 30/8/2024)	End date: 14/4/2023

Note: The clearing referral process is not suitable for any clearing that is expected to take longer than two years.

#### 5.6 Avoidance and mitigation

Explain how you have, or will, put avoidance and mitigation measures in place to eliminate, reduce, or otherwise mitigate the need for and scale of the proposed clearing of native vegetation.

Attach supporting documents to substantiate your explanation.

Your explanation should demonstrate you have planned the project so that the least clearing possible is to be undertaken. The following questions may help you frame your explanation:

- Why did you select this location and amount of clearing?
- What alternatives to clearing e.g. engineering solutions did you consider?
- What changes, if any, did you make to the location or amount of clearing to reduce the impacts of the clearing?

Note: If you do not demonstrate adequate efforts to avoid and mitigate clearing, we will ask you to do so during the validation of this form.

Provide the avoidance and mitigation details	This site has been selected following an extensive planning process involving key state government departments and stakeholders for the TSE project. The site provides the best location to effectively and safely manage the anticipated high volume of visitors arriving to the region on the day of the eclipse.
	The installation of temporary flooring/matting was considered, however this was deemed inadequate and not suitable for the purpose of hazard reduction.
	The accompanying assessment conducted by Coterra provides adequate justification the proposed clearing is not expected to cause appreciable land degradation.
	Furthermore, the site will be stabilised with gravel/stone (cracker dust) to

suppress dust and hydromulch will be considered to promote vegetation regrowth as required.
Refer to the Native Vegetation Clearing Referral Assessment Criteria in the attached report for further information (page 21).

#### Part 6 - Offset

Do you want to submit a clearing offset proposal with your form? For more information on environmental offsets, refer to <a href="DWER's website">DWER's website</a> and <a href="Fact Sheet 11: Environmental offsets for native vegetation clearing permits">DWER's website</a> and <a href="Fact Sheet 11: Environmental offsets for native vegetation clearing permits">Fact Sheet 11: Environmental offsets for native vegetation clearing permits</a> .	□ Yes ⊠ No
If 'Yes' – please complete and attach Appendix A of the <u>Clearing of native vegetation offsets procedure</u> guideline as a supporting document for your form.	☐ Appendix A attached

## Part 7 – Surveys for assessments (IBSA and IMSA)

Do you want to submit marine or biodiversity surveys in support of your form?	
-------------------------------------------------------------------------------	--

#### 7.1 Biodiversity surveys

If you want to submit any biodiversity surveys to support this form, you must follow the Environmental Protection Authority's (EPA) <u>Instructions for the preparation of data packages for the Index of Biodiversity Surveys for Assessments</u> (IBSA). If you do not meet the IBSA requirements, DWER/DMIRS (as applicable) may decline/return your form.

Please provide the IBSA number(s) – or submission number(s) if the IBSA number has not yet been issued – in the space provided. Note that a submission number is not confirmation that a biodiversity survey has been accepted and is not the same as an IBSA number. IBSA numbers are only issued once a survey has been accepted. Once an IBSA number is issued, please notify DWER / DMIRS (as applicable). Please note DWER / DMIRS will suspend the assessment timeframes for your form until you provide the IBSA number(s).

Have you submitted all the biodiversity surveys that support this form to the IBSA portal, via <u>ibsasubmissions.dwer.wa.gov.au</u> ?	<ul><li>☑ Yes</li><li>☐ Not applicable</li></ul>
Provide an IBSA number (preferred) or a submission number(s)	IBSASUB-20221028- 4DB384E6

#### 7.2 Marine surveys

If you want to submit any marine surveys to support this form, you must follow the EPA's Instructions for the preparation of data packages for the Index of Marine Surveys for
