Department of Mines, Industry Regulation and Safety

# Application for new permit or referral to clear native vegetation

This is the form to submit a referral of proposed clearing or apply for a clearing permit under Part V of the *Environmental Protection Act 1986* (EP Act).

Before you submit this form, please check you have completed all the fields for the form type and fully prepared any required supporting documents (including maps etc.). We will return / decline any forms that are not correctly completed.

☑ Referral of proposed clearing (s.51DA of the EP Act)

☐ Application for an area permit (s.51E of the EP Act)

☐ Application for a purpose permit (s.51E of the EP Act)

To find out more about the stages of assessment for clearing permit forms, see the *Procedure: Native vegetation clearing permits*.

# Part 1 – Form type

Select your form type.

form, and unless stated

and 'applicant' also mean 'referral' and 'referrer'

Part 2 - Applicant details

respectively.

NOTE: Where appropriate in this

otherwise, the terms 'application'

rarez Appir	art 2 Applicant dotaile				
2.1 Applicant n	2.1 Applicant name				
For area permits:	☐ Applying as an individual – complete the following:				
If granted, the name(s) of (all)	Title	□ Mr □ Mrs □ Ms □ Other:			
landowner(s) will be listed as	Name(s)				
'permit holders' on the permit.	☐ Applying as a body corporate or other entity formed at law – complete the following:				
For purpose permits:	Name				
If granted, the	Australian Company Number (ACN)    Australian Company Number (ACN)    Applying as a government entity (e.g. government department, local government authority, or other statutory body)				
applicant(s) will go on the permit.					
F	Name	Department of Planning, Lands and Heritage			

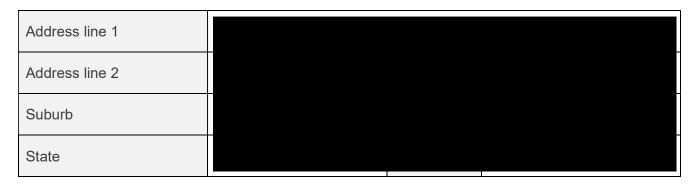

# 2.2 Applicant contact details

Provide the contact details for the above (primary contact).

Title	□ Mr ⊠ Mrs □ Ms □ Other:
First name	
Last name	
Position	
Company name	
Contact phone number (1)	
Email address	

# 2.2 Applicant contact postal details

Provide the postal address for the above individual, body corporate or local government authority (primary contact).

# 2.3 Applicant contact – registered business address

If applying as a company, incorporated body, local government authority or public authority, please also supply the registered business office address.

# 2.4 Electronic correspondence consent

Email address

Both the Department of Water and Environmental Regulation (DWER) and Department of Mines, Industry Regulation and Safety (DMIRS) prefer to send all correspondence via email. We request that you consent to receiving all correspondence relating to instruments and notices under Part V of the EP Act via email. Please indicate your consent in this section of the form.

	I consent that all written correspondence between myself (the applicant) and DWER/DMIRS (as applicable) about the subject of this form will be exclusively via email, using the email address provided above.			⊠ Yes	□ No
2.5 Contact details for enquiries  If different from the applicant's contact  DWER or DMIRS should liaise with (		act details, enter the con	tact details of a person	ı with whor	n
	Same as applicant's contact details	3		⊠ Yes	□No
	If 'No' – complete the following:				
Contact name					
Position (if applicable)					
Company name (if applicable)					
	Contact phone number (1)		Phone number (2)		
	Business or postal address line 1				
Business or postal address line 2					
Suburb					
State			Postcode		
				·	· · · · · · · · · · · · · · · · · · ·

# Part 3 – Land details

- You must accurately describe the location of the land where your clearing is proposed.
- If you have a large number of properties, please provide the relevant details for each property in a separately attached supporting document.

# 3.1 Property details

I have a large number of properties and have given the relevant details in an attached supporting document.	☐ Yes – skip to Part 4	⊠ No
---	------------------------	------

# If 'No' – complete the following:

Land description  Provide the following details, as applicable, for all properties:  - volume and folio number - lot or location number(s) - crown lease or reserve number - pastoral lease number - mining tenement number	<ul> <li>Lot 442 on DP 220996 (Volume LR3118 Folio 439)</li> </ul>		ume LR3118 Folio ume LR3118 Folio ume LR3132 Folio
Street address – Line 1	No street address		
Street address – Line 2			
Suburb	Wittenoom		
State	WA	Postcode	6751
Local government area(s)	Shire of Ashburton		
Land zoning	Residential		

# Part 4 – Relationship to landowner

Tell us which of the following options best describes you as the person completing and submitting this form. If you are filling out this form on behalf of the applicant, answer this question as though you are the applicant.

# Proof of ownership may include:

- a certificate of title (that is less than 6 months old)
- a pastoral or mining lease
- public authority that has care, control or management of the land
- other form of lease, land tenure or specific arrangement.

Relationship to landowner (select one of the following options)	Complete the following
⊠ I am the landowner	⊠ Attach proof of ownership
☐ I am lodging a form on behalf of the landowner (e.g. a consultant)	☐ Attach proof of ownership
☐ I am acting on the landowner's behalf and will be jointly responsible for the clearing permit (i.e. joint form)	☐ Attach proof of ownership ☐ Complete and attach an 'Acting on behalf and jointly responsible' letter
☐ I am likely to become the landowner	☐ Attach the Certificate of Title ☐ Attach evidence of the pending transfer of ownership and/or contract of sale ('offer and acceptance')
☐ I will undertake the clearing activities with the landowner's authority and will be the permit holder	☐ Attach proof of ownership ☐ Complete and attach an 'Authority to access and clear native vegetation' letter (if the applicant is not the landowner)
☐ A person with multiple land parcels	☐ Attach proof of ownership ☐ Complete and attach 'Authority to access and clear native vegetation' letter (if the applicant is not the landowner)

# Part 5 - Proposed clearing

#### 5.1 Maps and/or spatial data

Select which map type(s) you will attach with your form.

Note: We will decline / return forms (as applicable) if you do not provide sufficient information for this question.

☐ An ESRI shapefile with the following properties (preferred)

- · Geometry type: polygon shape
- Coordinate system: Geocentric Datum of Australia (GDA) 2020 (geographic latitude / longitude)
- Datum: GDA 2020

⊠ An aerial photograph or map with a north arrow, clearly marking the proposed clearing area

#### Note:

- An ESRI shapefile must use one of the following filename extensions: .shp, .shx, .dbf, and/or .prj
- You must provide an ESRI shapefile if the form requires an assessment under an *Environment Protection and Biodiversity* Conservation Act 1999 (Cth) (EPBC Act) accredited process. See Part 8 of this form for more information.

#### 5.2 Size

- If you propose to clear a patch(s) of vegetation, enter a hectare value for the total size of the area (mark number of trees as zero).
- If you propose to remove only individual trees from the area(s) (i.e. the shrubs, grasses, groundcover plants will remain intact), provide the number of trees (and mark total area as estimated hectares).
  - Note: If any shrubs, grasses, and/or groundcover plants MAY be damaged in the clearing process, add this to the total area.
- If you propose to clear an area of vegetation within a larger footprint, enter the hectare value for the total size of the area to be cleared (mark number of trees as zero) and the size of the footprint. For example, 5 hectares of clearing within a 10 hectare footprint. This option is only available for purpose permit applications.
- Enter values for BOTH number of trees and the size of the area if you are clearing individual trees in one area AND a patch of vegetation in a different area.
- Please note the following area conversions/calculations:

1 hectare =  $10,000 \text{ m}^2$  Area of circle = 3.14 x radius<sup>2</sup> 1 acre = 0.4 hectares /  $4,000 \text{ m}^2$  Area of a rectangle = length x width 1 tree = 0.01 hectares /  $100 \text{ m}^2$  Area of a triangle =  $\frac{1}{2}$  length x perpendicular height

Total area of clearing proposed (hectares)	6.5 hectares Reduced to 3.5 ha
Footprint of clearing (hectares) (purpose permit only)	N/A
Number of individual trees to be removed	0

Note: Calculate the area of a tree based on the area encompassed by the tree's drip line; that being the outermost circumference of the tree's canopy.

## 5.3 Purpose

Provide the reason for proposed clearing (e.g. road construction, grazing and pasture, hazard reduction, horticulture, timber harvesting etc.)	Demolition and burial of the former Wittenoom townsite required under the Wittenoom Closure Act 2022 and Contaminated Sites Act 2003.
	The area is currently a human health risk as it is a contaminated site, with asbestos fibres and tailings present in the townsite. The demolition of the above ground structures will see a reduction is visitation and therefore hazard reduction.
	Some of the minor clearing required on Lot 442 will be to install barricading to prevent unauthorised access to the site while it is an active work site as per the WHS Act 2020.
	The remainder of the clearing on Lots 439, 441 and 457 will be for the burial cell where all inert townsite demolition material including asbestos containing material (ACM) will be placed.
Specify what the final land use will be after clearing	No land use.
	The townsite has been abolished and the area will not be used or accessed.

## 5.4 Method

Proposed method of clearing (i.e. burning, cutting, draining, flooding, grazing, mechanical clearing/bulldozing or other – specify)	Mechanical clearing using a D9 bulldozer.
---	---

#### 5.5 Timeframe

Period within which you propose to do the clearing (e.g. 1/7/2022 to 30/8/2024)	

Note: The clearing referral process is not suitable for any clearing that is expected to take longer than two years.

# 5.6 Avoidance and mitigation

Explain how you have, or will, put avoidance and mitigation measures in place to eliminate, reduce, or otherwise mitigate the need for and scale of the proposed clearing of native vegetation.

Attach supporting documents to substantiate your explanation.

Your explanation should demonstrate you have planned the project so that the least clearing possible is to be undertaken. The following questions may help you frame your explanation:

- · Why did you select this location and amount of clearing?
- What alternatives to clearing e.g. engineering solutions did you consider?
- What changes, if any, did you make to the location or amount of clearing to reduce the impacts of the clearing?

Note: If you do not demonstrate adequate efforts to avoid and mitigate clearing, we will ask you to do so during the validation of this form.

Provide the avoidance and mitigation details

The area for the burial cell locations was selected as it is within the former Wittenoom townsite where the majority of the inert demolition material including the ACM is located and therefore in close proximity to the demolition works, reducing the length of time workers have to spend in this contaminated environment. Less transport through areas that are contaminated and over other present vegetation. This area has been cleared previously for former residential houses and therefore only minimal regrowth is present.

The fence line with the least amount vegetation will be selected and will only be removed if the barricading cannot be placed around the vegetation present.

## Part 6 - Offset

Do you want to submit a clearing offset proposal with your form? For more information on environmental offsets, refer to <a href="DWER's website">DWER's website</a> and <a href="Fact Sheet 11: Environmental offsets for native vegetation clearing permits">Permits</a> .	□ Yes ⊠ No
If 'Yes' – please complete and attach Appendix A of the <u>Clearing of native vegetation offsets procedure</u> guideline as a supporting document for your form.	☐ Appendix A attached
Part 7 – Surveys for assessments (IBSA and IMSA	A)
Do you want to submit marine or biodiversity surveys in	☐ Yes ☒ No – skip to Part 8

#### 7.1 Biodiversity surveys

support of your form?

If you want to submit any biodiversity surveys to support this form, you must follow the Environmental Protection Authority's (EPA) <u>Instructions for the preparation of data packages for the Index of Biodiversity Surveys for Assessments</u> (IBSA). If you do not meet the IBSA requirements, DWER/DMIRS (as applicable) may decline/return your form. For further information on IBSA, refer to <u>DWER</u>'s website.

Please provide the IBSA number(s) – or submission number(s) if the IBSA number has not yet been issued – in the space provided. Note that a submission number is not confirmation that a biodiversity survey has been accepted and is not the same as an IBSA number. IBSA numbers are only issued once a survey has been accepted. Once an IBSA number is issued, please

notify DWER / DMIRS (as applicable). Please note DWER / DMIRS will suspend the
assessment timeframes for your form until you provide the IBSA number(s).

Have you submitted all the biodiversity surveys that support this form to the IBSA portal, via <u>ibsasubmissions.dwer.wa.gov.au</u> ?	<ul><li>☐ Yes</li><li>☒ Not applicable</li></ul>
Provide an IBSA number (preferred) or a submission number(s)	

## 7.2 Marine surveys

If you want to submit any marine surveys to support this form, you must follow the EPA's <a href="Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments">Instructions for the preparation of data packages for the Index of Marine Surveys for Assessments</a> (IMSA). If you do not meet the IMSA requirements, DWER may decline / return your form. For more information on IMSA, refer to <a href="DWER's website">DWER's website</a>.

accordance with the EPA's Instructions for the preparation of data	☐ Yes ☑ Not applicable
--	---------------------------

# Part 8 - Assessment Bilateral Agreement

The native vegetation clearing processes under Part V of the EP Act have been accredited by the Commonwealth of Australia under the EPBC Act and so can be assessed under an assessment bilateral agreement.

To be assessed this way, the proposed clearing action must have been referred to the Commonwealth under the EPBC Act and deemed a 'controlled action' before you submit this form.

For further information, see <u>DWER's website guidance on the assessment bilateral agreement</u>.

Is your proposed clearing a cont	□ Yes	⊠ No – skip to Part 9			
If 'Yes' – complete the following:					
Please make sure you have entered all the mandatory details in the <u>Annex C7 form</u>		d			
List the controlling provisions identified in the notification of the controlled action decision					
Part 9 – Other approvals					
Which department are you subm	nitting this form to?				
If the clearing is for mineral and authorised under the <i>Mining Act</i> Petroleum Acts, and/or a State A 'Department of Mines, Industry F	Regulation  Departm	nent of Water and			
For all other clearing activities, select 'Department of Water and Environmental Regulation'.		Environmental Regulation			

# 9.1 Environmental impact assessment (Part IV of the EP Act)

Clearing may be referred to the EPA if it is considered to be part of a 'significant proposal', as defined by s.37B(1) of the EP Act, or will likely to be part of a larger development. An example is when the clearing is for a road to a future mine.

Section 37B(1) of the EP Act defines a 'significant proposal' as "a proposal likely, if implemented, to have a significant effect on the environment". If a decision-making authority (e.g. DWER or DMIRS) considers the proposal in this form is likely to constitute a 'significant proposal', under s.38(5) of the EP Act they must refer the proposal to the EPA or for assessment under Part IV, if such a referral has not already been made.

Has the proposed clearing or any	□ Yes		
related matter been referred to	er   Enter detaile:		
the EPA?			
If 'No' – do you intend to refer the	☐ Yes – intend f	to refe	er (proposal is a 'significant proposal')
proposal to the EPA?	☐ Yes – intend to refer (proposal will require a s.45C amendment to the current Ministerial Statement)		
	□ No – a current valid Ministerial Statement applies		
	Enter Ministerial Statement number:		
	No − not a significant proposal		
9.2 Other approval	s – pre-applicat	ion s	scoping (DWER forms only)
Have you had any pre-application/

		а	□ No – a valid registration applies
			Registration number:
Industry Regulation (	<u>Guide to Licensing</u>	<u>Į</u> .	No − not required

#### 9.4 Water licences and permits (Rights in Water and Irrigation Act 1914)

Ha	ave you applied or do you intend to apply	□ Yes		
•	a licence or amendment to a licence to take water (surface water or groundwater)	□ No – a current valid licence or permit applies		
		Licence of	•	
•	a licence or amendment to a licence to	permit number:		
	construct wells (including bores and soaks), or	□ No – an exemption applies		
•	a permit or amendment to a permit to interfere with the bed and banks of a watercourse?	Enter details:		
For further guidance on water licences and permits under the <i>Rights in Water and Irrigation Act 1914</i> , see DWER's <u>Procedure:</u> <u>Water licences and permits</u> .		Not applicable     Not		

#### Part 10 - Prescribed fee

# 10.1 Referral or application?

There are no prescribed fees for referrals.

Is this form a referral of proposed clearing or an application for a new permit?

□ Application – continue and complete Part 10

## 10.2 Calculating the application fees

You must pay the prescribed fee at the time you submit the application form.

Please calculate the prescribed fee using the online <u>clearing permit fee calculator tool</u>.

For further guidance, see DWER's online clearing fees frequently asked questions.

Calculated fee:	\$

#### 10.3 Payment method

Fees are payable to:

- DWER for all clearing purposes other than mineral and petroleum activities
   OR
- **DMIRS** for mineral and petroleum clearing activities under the *Mining Act 1978*, various Petroleum Acts, or State Agreement Acts.
