

## CLEARING REFERRAL DETERMINATION NOTICE

### Referral details

REF number:	REF 10153/1
Referral submitted by:	Department of Education
Purpose of proposed clearing:	Constructing a sports hall, water pumps and tanks and infill sections of fencing at the Kelmscott Senior High School
Location of proposed clearing:	Lot 300 on Deposited Plan 411255, Kelmscott
Size of proposed clearing:	0.046ha

### Referral determination:

The Department of Water and Environmental Regulation has considered this referral and determined under section 51DA(3) of the *Environmental Protection Act 1986* (the EP Act) that:

- a clearing permit is required for the proposed clearing of the area(s) cross-hatched orange on the attached map detailed in Schedule 1.

The reason for this determination is that the proposed clearing does not satisfy all of the criteria specified in s.51DA(4) of the EP Act. Specifically:

- there are known or likely significant environmental values identified within the referral area; and
- there are issues that would arise as a result of the proposed clearing that are likely to require conditions to manage or mitigate effects on the environment.

Yours sincerely,
