

CLEARING REFERRAL DETERMINATION NOTICE

Referral details

Referral number:	REF 10791/1 (APP-0025710).
Referral submitted by:	Lot 25 SCH Pty Ltd
Purpose of proposed clearing:	Construction of a hardstand
Location of proposed clearing:	Lot 25 on Plan 4556
Locality:	Hazelmere
Clearing size:	0.67 hectares

Referral determination

The Department of Water and Environmental Regulation has considered the above referral and determined under section 51DA(3) of the *Environmental Protection Act 1986* (the EP Act) that a clearing permit **is required** for the proposed clearing of the combined areas cross-hatched orange on the attached map detailed in Schedule 1 (the referral area).

The reason for this determination is that the proposed clearing does not satisfy all of the criteria specified in s.51DA(4) of the EP Act. Specifically:

- there are known or likely significant environmental values identified within the referral area; and
- there are impacts that would arise as a result of the proposed clearing that are likely to require conditions to manage or mitigate effects on the environment.
