Location of proposed clearing:	Lot 5030 on Plan 8815 (<i>Crown Reserve 44314</i>) Lot 4339 on Plan 6436 (<i>Crown Reserve 26354</i>) Unallocated Crown Land (PIN 12142496) Unallocated Crown Land (PIN 12142498) Unallocated Crown Land (PIN 12142499) Unallocated Crown Land (PIN 12143631)
Locality:	East Busselton
Size of proposed clearing:	0.98 hectares
Expiration date	30 January 2027

Referral determination

The Department of Water and Environmental Regulation has considered this referral and determined under section 51DA(3) of the *Environmental Protection Act 1986* (the EP Act) that:

a clearing permit **is not required** for the proposed clearing of the area(s) cross-hatched green on the attached map detailed in Schedule 1.

The reason for this determination is that the proposed clearing satisfies all of the criteria specified in section 51DA(4) of the EP Act. Specifically:

- the area proposed to be cleared (the area) is small relative to the total remaining native vegetation —
 - within the region in which the area is situated, and
 - of the ecological community of which the native vegetation proposed to be cleared forms part, and
- there are no known or likely significant environmental values identified within the area
- the state of scientific knowledge about native vegetation within the region in which the area is situated is adequate, and
- there are no issues that would arise as a result of the proposed clearing that are likely to require conditions to manage or mitigate effects on the environment.

Please note that this determination is valid only until the expiration date specified above. After this date, you will need to submit a new clearing referral or apply for a clearing permit before undertaking further clearing of native vegetation.

Yours sincerely,

Mathew Gannaway
A/SENIOR MANAGER
NATIVE VEGETATION REGULATION

*Officer delegated under section 20
of the Environmental Protection Act 1986*
