Proposed Clearing	
Total area of clearing proposed (hectares)	1
Footprint of clearing (hectares)	
Number of trees to be removed	0
Purpose for clearing	Recreation
Specify other	
Final land use after clearing	The area cleared will be used as a beach access path (BAP). It will be 4 meters wide and will run through the dune from the footpath to the beach. Note: The location of the BAP is still to be determined, though it will fall within the 0.36 ha proposed area, it will likely only cover 200 square meters or so and will forge a path through the dune to allow access to the beach.
Method for proposed clearing	Mechanical clearing/bulldozing
Specify other	
Proposed start date	14-04-2025
Proposed end date	18-04-2025
Avoidance details	No vegetation to be retained within the beach access path. Vegetation within the broader dunal area to be preserved and restored as per City of Rockingham Foreshore Management Plan.

Mitigation details	Regular scheduled maintenance (herbicide application, slashing) to be undertaken by full time environmental maintenance team. Ongoing revegetation of the dune area is to be undertaken in subsequent years as part of our general coastline restoration program.
